Election case No. 4 of 1923.

S. N. Halder

versus

S. N. Mallik.

REPORT.

The petitioner Mr. S. N. Halder, who is duly qualified to stand for election from the Calcutta South Non-Muhammadan constituency, was a candidate for election from the said constituency to the Bengal Legislative Council. Mr. Halder was duly proposed and seconded for nomination as a candidate by Messrs. B. Chakraverti and B. K. Lahiri and by another two sets of proposers and seconders, all of whom were qualified to propose and second the nomination.

On 8th October 1923 which was the last date for filing the nomination papers Mr. Halder delivered three sets of nomination papers to the Returning Officer Mr. Roxburgh and in his presence he signed the requisite declarations. Mr. Roxburgh signed the hour and date of the presentation of the papers, but the date of the declaration was not filled up.

On 11th October which was fixed for the scrutiny of the nomination papers Mr. Halder attended in person.

The only other candidate for election was Mr. S. N. Mallik, the Chairman of the Calcutta Corporation.

Mr. Halder objected to Mr. Mallik's nomination on the ground that he being an 'official' was ineligible for election.

Mr. Mallik on the other hand objected to Mr. Halder's nomination on the ground that no date had been put in the space provided for it in the declaration.

The Returning Officer overruled Mr. Halder's objection on the ground that the decision of Mr. Mallik's status did not come under Regulation XXI and was outside his province. He however accepted Mr. Mallik's objection and rejected Mr. Halder's nomination under Regulation XXI (1) (iii).

On 12th October the Returning Officer prepared and published a list of the valid nominations from which Mr. Halder's name was omitted.

On 2nd November he declared Mr. Mallik to be duly elected and a notification to that effect was published in the *Calcutta Gazette* on 7th November.

The present petition was filed on 29th November.

Mr. Halder in his petition has prayed for two declarations. The first is that his nomination paper was improperly rejected by the Returning Officer and that therefore Mr. Mallik's election was void. The second is that Mr. Mallik is an 'official' and was not qualified to stand for election and that therefore Mr. Halder has been duly elected.

We have had the advantage of hearing long and able arguments on both sides by Mr. Ray for the petitioner and by Sir Binode Mitter for the respondent, and also of taking the learned Advocate-General's opinion upon the case.

The facts we have stated above are not in controversy. We have therefore thought it unnecessary to frame issues and no evidence has been adduced on either side.

The points that we have to decide are two. The first is whether the omission of the date in the declaration part of the nomination paper is sufficient in itself to render the nomination a nullity and whether in consequence the Returning Officer was right in rejecting it under Rule XXI (1) (iii).

The second is whether Mr. Mallik as Chairman of the Calcutta Corporation is an 'official' within the meaning of section 134 of the Government of India Act and is therefore disqualified for election under the provisions of section 80B of the Act.

We proceed to consider the first question. Rule 11 of the Bengal Electoral Rules of 1923, Part IV, relates to the nomination of candidates for election and sub-section (3) runs as follows:—"On or before the date so appointed for the nomination of candidates each candidate shall either in person or by his proposer and seconder together between the hours of 11 o'clock in the forenoon and 3 o'clock in the afternoon deliver to the Returning Officer or such other person as may be authorised in this behalf by regulation, a nomination paper completed in the form prescribed in schedule 3 and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder whose names are registered on the electoral roll of the constituency." The point for our decision is whether the omission to fill in the date in the declaration portion signed by Mr. Halder is fatal to the validity of the nomination as a whole.

The learned Counsel for the petitioner contends that the nomination paper is in two separate parts, the first being the nomination proper while the second part is the declaration by the candidate that he agrees to the nomination. The space for the date is below this declaration and it is therefore urged that the mere filling in of the date is not essential to the completion of the nomination paper. A nomination does not come into effect before the date on which the nomination paper is delivered to the Returning Officer. The Returning Officer himself put in the date when the nomination paper was delivered to him at 11.34 A.M. on 8th October 1923, and the paper was signed by Mr. Halder in his presence on that date (Ext. 2).

The learned Counsel for the respondent on the other hand contends that the words contained in Rule 11 (3) are mandatory and not merely directory. He urges that where the law prescribes certain formalities, their omission cannot be excused. Where the word 'shall' is used it is *prima facie* mandatory. Similarly where there is a provision in the main Act, that too is *prima facie* mandatory. The Bengal Electoral Rules which have taken the place of the Ballot Act in England have the force of law because no rules or procedure have been laid down in the Act itself, and the Court is therefore bound to construe them strictly. He observes that where the statute provides for an act to be done by a public officer an omission on his part may be excused, but where the duty of performing that act falls upon a private individual he is bound to do that act and cannot be excused for omitting to do it. Rule 11 (3) has taken the place of the earlier Regulation XVII and the form now prescribed differs from the form prescribed in the regulation notably in the fact that in the regulation the candidate was not required to make a declaration.

The learned Counsel urges that the date of assenting to the nomination is of vital importance as up to that date there is no acceptance by the candidate and without that date being recorded the nomination of the candidate is incomplete. Supposing that the acceptance by the candidate was made when he was under the age of 25 or when he was an undischarged bankrupt, then the date of his acceptance becomes of great importance because the question of his eligibility will have to be determined with reference to that date.

We think that upon a true construction of Rule 11 (3) the nomination paper should be regarded as being divided into two distinct parts, one containing the nomination proper and the other the declaration of acceptance of the nomination by the candidate. We are fortified in this view by a consideration of Regulation XVII of the Bengal Electoral Regulations of 1920 which is in these terms:—(1) "The nomination shall be made by means of a nomination paper in form 1 annexed to this Regulation.....(2) every nomination paper shall be subscribed by two electors as proposer and seconder and shall be signed by the candidate assenting to the nomination. *Note*.—A nomination paper signed by a duly qualified attorney on behalf of a candidate shall for the purpose of this regulation be held to be signed by the candidate himself as assenting to his nomination."

The provision permitting an attorney to sign on behalf of a candidate has under Rule 11 (3) been abolished and the candidate himself or his proposer and seconder together, have now to deliver the nomination paper to the Returning Officer.

Further upon a comparison of form 1 prescribed by Regulation XVII with the form prescribed in schedule 3 of Rule 11, it will appear that the declaration now required from the candidate under the latter was not required under the former. The date too which appears in the latter found no place in the former. We therefore find it difficult to accept the learned Counsel's argument for the respondent that the date of the acceptance of the nomination is of vital importance because the same question as to the eligibility of the candidate, was as much in issue under the former regulation as it is under the present rules. We think that if it had been the intention of the Legislature to make the date of the acceptance of the nomination by the candidate an integral part of the nomination paper it would have made a special provision to that effect in the rules. The introduction

of the words "and duly dated" after the word "completed" would have been all that was necessary. In point of fact the rules are entirely silent about the date upon which this declaration is to be signed.

The conclusion therefore at which we arrive is that while the provisions in the rules relating to the preparation of the nomination proper are mandatory, they should not be so regarded so far as the filling up of the date of acceptance of the nomination is concerned. At the highest they are directory and there is abundant judicial authority for the proposition that where a provision is merely directory, a substantial compliance therewith is all that is required. In the case of *Sham Chand Basak versus The Chairman of the Dacca Municipality* (I. L. R. 47 Calcutta, 524) the learned Judges referred to a number of English cases wherein the validity of an election was in question. In the case of *Woodward versus Sarsons* (1875, L.R. 10 C. P. 733), Lord Coleridge C. J. made some comment on the effect of section 13 of the Ballot Act of 1872. That section provides that "no election shall be declared invalid by reason of a non-compliance with the rules contained in the first schedule to this Act if it appears to the tribunal having cognizance of the question that the election was conducted in accordance with the principles laid down in the body of this Act and that such non-compliance did not affect the result of the election." Lord Coleridge held that the section was inserted *ex abundanti cautela* and that the same rule would have applied by virtue of the common law, even if the section had not existed. The substance of the matter as observed in the case of *Sham Chand Basak* is that "the infringement of a rule does not necessarily invalidate the election as it would have done if the rule had been deemed mandatory in character."

In this country there is no Ballot Act or Common Law but in our judgment the principles underlying section 13 of the Ballot Act should be considered with reference to the Electoral Rules upon which we are called to adjudicate and if we may, with a slight modification, borrow the words used in the judgment we should say that the infringement of the rule requiring the date to be given does not necessarily invalidate the nomination as it would have done if the rule had been deemed mandatory in character.

In the present case we have no hesitation in finding that the provisions of Rule 11 which we regard as mandatory, namely, the presentation to the Returning Officer of a completed form by the candidate and his acceptance of the nomination have been complied with. The omission by the petitioner to record the date in the declaration though a technical irregularity as pointed out by the Returning Officer, is, in our opinion, no more than an unsubstantial departure from the law and we hold that the Returning Officer was in error in refusing to accept the nomination especially when it had been signed by the petitioner in his presence. We are therefore of opinion that the improper refusal of the petitioner's nomination paper by the Returning Officer has materially affected the result of the election and that the election of the returned candidate should be held to be void.

We now come to the second branch of this enquiry which is whether Mr. Mallik as Chairman of the Calcutta Corporation was an 'official' under the Government of India Act and was therefore ineligible for nomination or election. Section 80B of the Government of India Act lays down that "an official shall not be qualified for election as a member of a local Legislative Council" and section 134 says that "the expressions 'official' and 'non-official' where used in relation to any person mean respectively a person who is or is not in the civil or military service of the Crown in India." It is further provided that the holders of certain offices may be excluded by rules under the Act but that these must be specified in each case. Under the powers conferred by sections 134 and 129A of the Government of India Act a notification No. 614G., dated 9th September 1920, was issued and under it the rules called 'Non-official (Definition) Rules' were framed. Rule 2 is in these terms:—"The holder of any office in the civil or military service of the Crown, if the office is one which does not involve both of the following incidents, namely, that the incumbent—

- (a) is a whole-time servant of Government and
- (b) is remunerated either by salary or fees,

shall not be treated as an official for any of the purposes of the Government of India Act."

It is therefore contended on behalf of the petitioner that Mr. Mallik as Chairman of the Calcutta Corporation is an 'official' as he is a whole-time servant of Government and is remunerated by salary which is fixed by Government. The learned Counsel has referred to a number of sections in the Calcutta Municipal Act which show that the Chairman is appointed by Government and may be removed by Government and that Government exercises control over him in certain respects. He urges that the question by whom he is paid his salary is immaterial. It is contended that he is in the civil service of the Crown in India and is therefore debarred from election to the Council. Reference is made to section 14 of the Indian Penal Code where the words "servant of the Queen" denote "all officers or servants continued appointed, or employed in India by or under the authority of the Statutes 21 and 22 Victoria, Chapter 106or by or under the authority of the Government of India or any Government" and to section 21 where "a public servant" is defined. Reference is further made to the definition contained in section 2 (17) (A) of the Civil Procedure Code where a "public officer" is said to include "every officer in the service or pay of the Government or remunerated by fees or commission for the purpose of any public duty". This definition has been judicially held to include the Administrator General, the Official Trustee and the Official Assignee.

Learned Counsel for the respondent on the other hand refers to the rules made under section 96B of the Government of India Act which are now known as "The Fundamental Rules".

Rule 2 explains that a Government servant is one whose pay is debitable to Civil Estimates in India, while Rule 9 (7) defines *Foreign Service* as service in which the Government servant receives his substantive pay with the sanction of the Government from any source other than the general revenues of India. *General Revenues* are defined in Rule 9 (8) while *Local Funds* which include Corporation funds are defined in Rule 9 (14). The Chairman of the Calcutta Corporation is, under section 114 (1) of the Calcutta Municipal Act, paid out of municipal funds, and he therefore does not come within the definition of the rules contained in the notification No. 6144., dated 9th September 1920.

We consider that the source from which a Government servant draws his salary is one of the tests for determining whether he is a servant of the Crown or not, and where, as in the present case, the Chairman of the Corporation receives his salary from the municipal funds we cannot think that he is a Government servant within the meaning of the notification. This, however, is only one test. A further test is by whom he is liable to be dismissed. Under section 96B of the Government of India Act every person in the Civil Service of the Crown in India holds office during His Majesty's pleasure and may not be dismissed by any authority subordinate to that by which he was appointed. The Chairman of the Corporation is appointed by Government and under section 11 he may be removed from his office by Government at its discretion, but the section goes on to say that he *shall* be removed from his office if his removal is recommended by a resolution which has been passed at a special meeting and in favour of which not less than two-thirds of the Commissioners present at the meeting have voted. When this test is applied it is evident that the Chairman is not in the Civil Service of the Crown in India and is, therefore, not an 'official' who is *ipso facto* debarred from election. We accordingly decide the second question against the petitioner.

The result, therefore, is that we hold that the returned candidate Mr. Mallik has not been duly elected owing to the improper refusal of the petitioner's nomination paper by the Returning Officer and that the election is, therefore, void. On the question of costs we recommend that the parties should bear their own costs and that the fees of the Advocate-General should be paid by them in equal shares.

NOTICE UNDER THE BENGAL ELECTORAL RULES.

In the matter of Babu Premhari Barma			... <i>Petitioner</i>

2. Srijut Tanka Nath Choudhuri }

To

1. Babu Jogindra Chandra Chakravarti Pleader, Dinajpur } <i>Respondents.</i>
2. Srijut Tanka Nath Choudhuri, Maldwar Lodge, Dinajpur }

Please take notice that abovementioned petition will be tried by the Commissioners on the 25th day of February 1924, at 11 o'clock, in the District Judge's Court-room at Dinajpur.

Given under my hand and the seal of the Court of the District Judge of Dinajpur, this 25th day of January 1924.

E. MILSOM, *President.*

Election petition under rule 32 of the Bengal Electoral Rules and Regulations, 1923.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

Babu Premhari Barma <i>Petitioner</i>
---------------------	-----	-----	-----------------------

versus

1. Babu Jogindra Chandra Chakravarti, Pleader, Dinajpur } <i>Respondents.</i>
2. Srijut Tanka Nath Choudhuri, Maldwar Lodge, Dinajpur }

The humble petition of Premhari Barma
above mentioned

MOST RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner is a pleader practising in the District Court of Dinajpur, while the respondent No. 1 Babu Jogindra Chandra Chakravarti, is another pleader and President of the Dinajpur Bar, and respondent No. 2. Srijut Tanka Nath Choudhuri is a zamindar of the district.

2. That during the last Bengal Council election, your Excellency's petitioner as well as the other two gentlemen stood as candidates from the Dinajpur non-Muhammadan constituency, the polls for which took place on 20th and 23rd of November 1923.

3. That the total number of electors for the said constituency aggregate over twenty-two thousand, out of which over thirteen thousand belong to the Kshatriya community, from which your petitioner comes as the first and the only pleader in the district.

4. That most of the votes of your petitioner's said community were assured for your petitioner, but owing to some very serious irregularities and gross violations of the Electoral Rules and Regulations, and malpractices, as indicated below, most of the votes for your petitioner could not be recorded, and many of his voters were turned away or broke off, while others were made to vote for respondent No. 1, who was known as the "Swarayya candidate," and who was ultimately declared the "returned candidate" on 28th November 1923.

5. That it may be specifically mentioned here that the Presiding Officers of almost all the different centres in the Thakurgaon subdivision, which was the stronghold of your petitioner, arbitrarily excluded all the polling agents of your petitioner and those of respondent No. 2 from the polling stations in the said subdivision, while the several agents of the respondent No. 1 were freely admitted in those centres, at some of which, again, the polling officers, instead of the presiding officers, made the cross marks for the illiterate voters, while others were made or misled to put the cross marks at the wrong place.

6. That at the above arbitrary action of the presiding officers, which, your petitioner submits, might be the result of a trick or manipulation in some quarter in favour of respondent No. 1, for whom there was apparently a combination at the local Bar, and who was being supported by the Swarayya party, myriads of voters, assembled to vote for your petitioner and the other rival candidate, went away out of sheer disgust and disappointment evidently false ideas created and circulated, while others, who could or did enter the polling stations, were easily made to vote for respondent No. 1—practically the only candidate thus left in the field.

7. That the above and other illegal acts done, and various other false and misleading statements, appeals, and advertisements circulated against your Excellency's petitioner and the other rival candidate and various threats used against those who voted or wanted to vote for them, with a view to capture votes for respondent No. 1, amounting to "corrupt practice," vitiated the whole election from the beginning to the end.

In these circumstances, your Excellency's petitioner most respectfully prays that your Excellency may be pleased to entertain this humble petition, and appoint the Court of Commissioners to try it, and upon their report, declare the election of the said returned candidate void, and your Excellency's petitioner duly elected instead, or direct a fresh election to take place, and award costs to this petitioner, or pass such other or further order or orders as to your Excellency may seem fit and proper.

And your Excellency's petitioner, as in duty bound, shall ever pray.

VERIFICATION.

I, Premhari Barma, petitioner abovemamed, do hereby declare that the matters and facts set out in paragraphs 1, 2, 3 and the first and the last clauses of paragraph 4 are true to my knowledge, while those in paragraphs 5, 6 and 7, and the intermediate clauses in paragraph 4 are true to the best of my information, which I believe to be true. I sign this verification, sitting at Vidyasagar College Hostel, No. 17, Cornwallis Street, Calcutta, this the 15th day of December 1923.

Secretary to the Government of India.

The 19th January 1924.

No. F.-868—22.—The following rules relating to premature retirement on proportionate pension, which were made on the 15th January 1924, by the Secretary of State in Council, in virtue of the powers conferred on him by section 96-B (2) and (3) of the Government of India Act, are published for general information.

2. The rules are in the main a reproduction in the form of Statutory rules of existing orders. Apart from amplifications and clarifications, the only changes of substance made in those orders are the following :—

- (i) It has been made clear that the rules apply to members of the services specified, however and wherever they were appointed, but that previous service in a provincial or subordinate service cannot be counted for proportionate pension by officers promoted from such a service to an all-India service. (Second Schedule, paragraph 1.)
- (ii) Passage gratuity is made admissible to officers who retired as the result of an application submitted while they were on leave out of India, if their leave commenced before the date of the issue of these rules. After that date, passage-gratuity will—as was originally intended—be admissible only to an officer whose application is submitted while he is on duty in India. (Rule 3 (2).)

- (iii) Provision has been made for the refund by instalments of passage-gratuity paid to officers who are subsequently permitted to return to duty. (Rule 11 (8).)
- (iv) Conditions have been prescribed under which acceptance of further employment under the Crown may involve suspension or reduction of proportionate pension. (Rule 9.)
- (v) The arrangements admissible in respect of family pensions of officers of the Indian Army in civil employ have been prescribed. (Rule 13.)

PREMATURE RETIREMENT ON PROPORTIONATE PENSION.

Rules under section 96-B (2) and (3), Government of India Act.

- 1.—(1) These rules may be called the Premature Retirement Rules.
- (2) They shall be deemed to have come into force in respect of officers serving elsewhere than in Burma on the 8th November 1921, and in respect of officers serving in Burma on the 2nd January 1923.
2. Any officer whose active service as a member of one of the services specified in the First Schedule commenced before the 1st January 1920, and who is not permanently employed directly under the Governor General in Council, may be permitted by the Secretary of State in Council to retire under these rules :
 Provided that no officer of the Indian Army in civil employ who has not been placed on the supernumerary list, and no officer of the Indian Medical Service who has completed less than 17 years' total service, shall be eligible to retire under these rules unless the competent military authorities are unable or unwilling to absorb him in military employment.
- 3.—(1) Every application for such permission shall be addressed in the first instance to the Local Government under which the officer is employed, and shall be accompanied by the following declaration, which shall be signed by the applicant :—
 "In view of the changes in the conditions of my service occasioned by the Government of India Act, 1919, I desire to retire on the terms set forth in the rules relating to premature retirement."
 (2) An application under this rule may be submitted by an officer while he is on leave out of India, and in that case, unless the Local Government considers his return to duty necessary before his application can be considered, the rules shall apply to him in the same manner as if his application had been submitted while on duty :
 Provided that an officer who has made an application under this rule while he is on leave out of India and whose application is sanctioned by the Secretary of State in Council before his leave expires shall not, unless his leave commenced before the *19th January 1924*, be eligible for the gratuity described in rule 11, except to the extent admissible under sub-rule (6) of that rule.
4. On receipt of an application the Local Government shall forward it with their recommendations to the Governor General in Council, who shall transmit it with his recommendations to the Secretary of State in Council for orders.
5. An officer who has been permitted by the Secretary of State in Council to retire under these rules, or whose application has been forwarded by the Local Government to the Governor General in Council with a recommendation that his retirement be sanctioned, shall, unless the Local Government sees reason to the contrary, be permitted to avail himself, in anticipation of his retirement, of the full amount of leave which is due to him and which may be granted to him at one time (otherwise than on medical certificate) under the regulations for the time being in force and applicable to him :
 Provided that if the Local Government considers that leave in anticipation of retirement should not be granted, or that less than the full amount of leave available under regulations for the time being in force should be granted, the proposal to withhold or reduce the leave applied for shall be submitted with the reasons therefor for the orders of the Secretary of State in Council.
- 6.—(1) The Local Government shall have discretion to fix the date on which leave granted under Rule 5 shall commence :
 Provided that an officer who has been granted by the Secretary of State in Council permission to retire under these rules shall not be detained in India beyond the date on which he desires to leave unless his detention cannot be avoided without prejudice to the public interest.
 (2) If the Local Government considers that suitable arrangements cannot be made for the relief of any officer at the date on which he desires to proceed on leave preparatory to retirement under these rules, it may, when forwarding his application to the Governor General in Council, recommend that the Secretary of State in Council should postpone the grant of permission and in that case shall specify the period during which such postponement should extend.
7. An officer who has submitted an application for permission to retire under these rules, and has been granted leave under Rule 5, shall not be at liberty to cancel his application and to return to duty without the consent of the Local Government under which he was employed.

8.—(1) An officer who has submitted an application for permission to retire under these rules may be permitted to take up other employment during the currency of his leave preparatory to retirement.

(2) Such permission may be granted by the Governor General in Council if the proposed employment lies in India, and by the Secretary of State in Council if the proposed employment lies elsewhere than in India :

Provided that an officer who has been granted permission to take up employment under this rule shall be precluded, save with the specific consent of the Secretary of State in Council, from withdrawing his request for permission to retire and from returning to duty in India.

(3) The Secretary of State in Council and the Governor-General in Council, as the case may be, hereby reserve to themselves the right to withhold permission to take up employment under this rule in cases where the employment appears to them to be such as could not with propriety be held by a person who is still in the service of the Crown in India ; or, alternatively, to grant the desired permission in any such case subject to such conditions or restrictions as they may think necessary.

9.—(1) The right of any officer to receive or retain a pension under the provisions of these rules is subject to the right of the Secretary of State in Council—

(a) to reduce or withhold any pension, if the past service of the applicant is not approved, or if the pensioner after retirement is convicted of serious crime or is guilty of grave misconduct ; and

(b) in cases where an officer obtains, prior to, or within two years from, the date of his retirement under these rules, other employment under the Crown, to suspend payment, wholly or in part, while the officer continues to be employed under the Crown, of the proportionate pension admissible under these rules.

(2) In cases where a proportionate pension is suspended wholly or in part under clause (b) of the preceding sub-rule, the services of the officer shall be transferred to the authority under which he is to be employed, on the understanding that on the termination of his employment under the Crown he shall have the option of receiving either (i) a pension in respect of his total service calculated under the rules made by the Treasury under section 7 (1), Superannuation Act, 1909, or (ii) a proportionate pension under these rules in respect of his Indian service together with such pension or pensionary award (if any) as he may earn under the rules of the authority re-employing him, in respect of his services under that authority :

Provided that if the department employing the officer does not consent to a pension calculated under the said Treasury Rules, or if the said Treasury Rules are inapplicable, the services of the officer shall be transferred on the understanding stated in the second alternative in the preceding paragraph.

(3) For the purposes of this rule, the expression "employment under the Crown" shall be deemed to include employment under the Governments of Crown Colonies, Protectorates, and territories mandated to the British Government, but does not include employment under the Government of a self-governing Dominion or a State in India, or under a Local Authority.

(4) A proportionate pension shall not be liable to suspension either wholly or in part under sub-rule (1) (b) of this rule unless the proportionate pension, when combined with the initial pay of the officer in his new appointment, would exceed the initial pay which he might have received under Rule 51 of the Fundamental Rules if his new employment had been on deputation from India.

10. Subject to the provisions of Rule 9, an officer who is granted by the Secretary of State in Council permission to retire under these rules shall be entitled, if he has completed less than five years' total service, to a gratuity equal to one month's pay (at the rate drawn by the applicant while last on duty before his retirement), multiplied by the number of completed months of total service at the officer's credit and divided by 12, and converted at the rate of 1s. 9d. per rupee ; and, if he has completed five years' total service to a pension of the amount shown in the Second Schedule.

11.—(1) In addition to the pension or gratuity referred to in Rule 10, any officer who has been permitted to retire under these rules (other than an officer who is entitled to the pension specified in the Second Schedule as the maximum pension admissible under the rules for the service to which he belongs, and where more than one method of calculating the pension is prescribed, for the method of calculation of the pension actually adopted) and who proceeds on retirement or on leave preparatory to retirement to some part of the British Empire intending to settle there permanently, shall, subject to the provisions of Rule 3 (2), be entitled to receive a gratuity equal to the cost of first-class fares and passages from the last place of his employment in India to his destination for himself, and for his wife and children if they were in India at the time of his proceeding on leave preparatory to retirement.

(2) For purposes of payment of this gratuity to officers proceeding to or via the United Kingdom, first class fares and passages, in the case of officers last employed in India, excluding Burma, shall be first-class steamer or railway fares to Bombay plus cost of first-class passage at B. rates by the P. and O. Steam Navigation Company to London (all sea route) ; and in the case of officers last employed in Burma, first-class railway

or steamer fares to Rangoon plus cost of first-class passage by the Bibby Line to London (all sea route); and, in both cases, railway fares from London to destination. These rates are payable irrespective of the line or class by which an officer or his family travels.

(3) Payment of the gratuity (excluding that portion representing railway fares from London, which shall be paid by the High Commissioner) shall be made by the Local Government concerned before the officer leaves India.

(b) A Local Government may at its discretion sanction the payment of a gratuity calculated as in sub-rules (1) and (2) of this rule but excluding the fares and passages of the officer himself, to the families of officers who are obliged by climatic or analogous reasons to leave later than the officer himself, or in advance of the officer but subsequent to the submission of his application to retire.

(5) An officer who applies in India for permission to retire and who is permitted to leave India in anticipation of the sanction of the Secretary of State in Council is eligible for the gratuity. In such cases, if the officer proceeds to the United Kingdom, the Local Government shall authorise the High Commissioner to make payment.

(6) Officers who apply to retire while on leave in England and whose families are in India at the time when their retirement was sanctioned by the Secretary of State in Council, shall receive a portion of the gratuity equal to the cost of first-class railway fares and passages for their families when the latter leave India.

(7) In no case shall a gratuity or any portion thereof be payable until the Secretary of State in Council has sanctioned the officer's retirement under these rules.

(8) The gratuity paid to an officer under this rule shall, in the event of his being permitted to return to duty in India, be refunded. Such refunds may be made by deductions of 36 equal monthly instalments from the officer's pay-bill, commencing with the first pay-bill drawn after return.

12.—(1) A member of the Indian Civil Service who retires under these rules may adopt at his option any one of the three following methods of retaining for his wife and children benefits admissible under the Indian Civil Service Family Pension Regulations, namely :—

(a) He may cease to make any contributions and payments under the regulations and shall then retain only the right to a proportion of the contingent benefits under the regulations for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 25, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.

(b) He may continue up to his 51st birthday to make contributions under the regulations at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the regulations, according to his class on the date of his retirement, for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative subscriptions will be payable under the ordinary regulations for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until the age of 51.

(c) He may continue up to his 51st birthday to make contributions and payments under the regulations at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the regulations as if he had remained in the service until death or retirement with an ordinary pension.

(2) The Secretary of State in Council shall make good to the Indian Civil Service Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule.

13.—(1) An officer of the Indian Army or of the Indian Medical Service who retires, under these rules may select any one of the three following options with regard to his subscriptions under the Indian Military Service Family Pension Regulations or to the Indian Military Widows' and Orphans' Fund :—

(a) He may continue to subscribe at the half rate of subscription under article 28 of the Indian Military Service Family Pension Regulations or Rule 32 of the Indian Military Widows' and Orphans' Fund; or if a married subscriber under the Indian Military Service Family Pension Regulations, he may withdraw, receiving the refund authorised by article 28. If he continues to subscribe he will retain the same rights to contingent benefits from the funds as if he had retired under the ordinary rules.

(b) He may cease to make any payments under the regulations except in so far as is provided by the last sentence of this clause and shall then retain the right to continuance of benefits at rates admissible under the regulations to the widow and children of an officer of the class to which he belonged at the date of retirement for his wife and children existing at that date and for any children subsequently born to that wife. Under this alternative any donation payable under the ordinary rules for any child born after retirement must, however, be paid by the officer if he desires to retain any right to contingent benefits for any such child.

(c) He may continue up to his 55th birthday to make payments under the Regulations at the full rates applicable to the class which he would have attained had he remained in the service until that date, and thereafter at half rates according to the class in which he is then subscribing. Any donation becoming due after age 55 will be payable in full as in the case of ordinary retirements. His wife and children will in this case be eligible for the full benefits appropriate to the class in which he is subscribing at the date of death.

(2) The Secretary of State in Council shall make good to the Indian Military Service Family Pension Scheme or the Indian Military Widows' and Orphans' Fund, as the case may be, any loss which may be estimated to be thrown upon them by the operation of this rule.

(3) The family of a military officer or of an officer of the Indian Medical Service who retires under these Rules shall retain their contingent rights to pensions under the Royal Warrant if the officer had on retirement completed 20 years' service. If such an officer is permitted to retire under these Rules after completing less than 20 years' service, the Secretary of State in Council shall, on the death of the officer, grant, subject to conditions identical with those laid down in the Royal Warrant (other than the condition requiring an officer to have completed 20 years' service in order to entitle his widow or children to pensions)—

to his widow, a yearly pension of 70% divided by 20 and multiplied by a figure corresponding to the number of years' total service completed by the officer at the date of his retirement; and

to each child, a pension of 16% divided by 20 and multiplied by a figure as aforesaid or, in the case of a motherless child, a pension of 25% divided by 20 and multiplied by a figure as aforesaid.

14. An officer awarded a proportionate pension may be permitted to commute a portion of his pension, not exceeding one-third of the whole unless in the opinion of the sanctioning authority (the local Government under which the officer was last employed for an officer who draws his pension directly or indirectly from Indian Treasuries, and the High Commissioner in all other cases) there are exceptional reasons for refusing sanction to the application in whole or in part. If the sanctioning authority considers that such reasons exist, the case shall be referred for the decision of the Secretary of State in Council.

15. An officer in Europe desirous of commuting shall make application in writing to the High Commissioner for India, stating his desire so to commute, and furnishing information as to his age and the reasons on which he bases his request. Permission to commute in sterling will not ordinarily be granted by the High Commissioner to an officer residing only temporarily out of India. Commutation in his case will ordinarily be dealt with by the authorities in India.

16. If the High Commissioner for India approves the commutation, the officer shall be so informed and his application shall be referred to the Medical Board at the India office.

17. The Board shall require the officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he shall be required to submit himself for personal examination by the Board at the Indian office.

18. An officer residing in a Dominion or Colony (other than those whose accounts are adjusted direct with Indian Treasuries) and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe, except that he shall apply to the High Commissioner for India through the official from whom he draws his pension. If the application is approved the officer shall be informed accordingly, and a special civil medical board will be assembled under the orders of the local Colonial Government.

The Medical Board shall report in the following form :—

" We have carefully examined _____ and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added :—" but as he is suffering his age for purposes of commutation should be taken to be years."

19. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable :—

Age next Birthday.	Number of Years' Purchase.	Age next Birthday.	Number of Years' Purchase.	Age next Birthday.	Number of Years' Purchase.

NOTE 1.—These rates are subject to modification by the Secretary of State in Council from time to time.

NOTE 2.—In order to ensure payment at the rate shown for any specified age, it is essential that the application to commute should reach the High Commissioner's Office at least one month before the date on which the applicant will attain that age.

20. When commutation has been sanctioned by the High Commissioner the applicant shall be informed accordingly, and shall have the option of withdrawing his application within one week after receiving notice.

21. If the applicant does not withdraw his application within that period, the decision shall be considered final, the commutation of pension shall become absolute, and payment will be made forthwith, payment of the commuted portion of the pension thereupon ceasing.

22. The capitalised sum shall be payable in India if the commutation is effected there; in all other cases it shall be payable in England. When commutation of a sterling pension is effected in India by officers residing temporarily in that country the commutation shall be on the basis of the current rate of exchange, the rate adopted being the rate of exchange for telegraphic transfers from Calcutta on London on the 20th of the month preceding that in which the capitalised sum is paid.

23. The commutation of the proportionate pension of an officer, who draws his pension directly or indirectly from Indian Treasuries shall be governed by the rules contained in the Third Schedule.

2. Pensions expressed in rupees in this schedule shall be converted at the minimum rate of 1s. 9d. per rupee, subject to the conditions stated in Article 936 of the Civil Service Regulations, or in any rule which may be substituted therefor.

(e) To members of the Women's Branch of the Indian Educational Service, Rs. $\frac{N}{25} \times 5,000$ subject to a maximum of Rs. 5,000 a year.

4. Any officer to whom the provisions of Articles 403, 404, and 404A of the Civil Service Regulations apply and who is permitted to retire under these rules shall be permitted to deduct from the divisor 26 and 22 in the fraction specified in clauses (d) and (e), respectively, of paragraph 3 of this schedule a number equal to the number of years which he would be entitled to deduct from his age if he were retiring on superannuation pension.

THIRD SCHEDULE (See Rule 23).

1.—(1) The rules contained in this Schedule apply only to pensioners drawing pensions directly or indirectly from Indian Treasuries.

(2) Pensioners residing in Colonies having an account-current with the Accountant General, Central Revenues, who draw their pensions from the local Treasuries, the amounts being subsequently adjusted in the books of the Accountant-General, Central Revenues, shall be treated for the purpose of these rules as drawing their pension indirectly from Indian Treasuries.

2. Subject to the conditions stated in these rules, a Local Government may sanction the commutation for a lump payment of a portion not exceeding one-third of the proportionate pension which has been or is about to be granted to any officer serving in its jurisdiction.

3. The incidence of the commutation payment shall in all cases follow that of the pension, and the commuted amount shall be made payable at the Treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension transfers himself thereafter to another province, a note shall be made on the Pension Payment Order as to the amount of pension which has been commuted.

4. Application for commutation shall be made in Form A appended to these rules.

5.—(a) If on consideration of the facts stated in the application the Local Government decides to allow commutation, the applicant shall be required to produce a certificate as to his expectation of life, from a medical officer of standing not lower than that of a Civil Surgeon, District Medical Officer or Presidency Surgeon. The Local Government may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

(b) The certifying Surgeon or Board shall subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and shall report in the following form :—

$\frac{I}{We}$ have carefully examined.....and $\frac{am}{are}$ of opinion that he $\frac{is}{not}$ in good bodily health and $\frac{has}{has not}$ the prospect of an average duration of life.

$\frac{I}{We}$ therefore, $\frac{do}{do not}$ recommend compliance with his application to be allowed to capitalise a portion of his pension.

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added :—

“ but as he is suffering from.....his age, for purposes of commutation, should be taken to be.....years.”

(c) The applicant shall himself pay the medical officer's fee for examination except when a second medical opinion is required for the applicant is directed to appear before a Medical Board.

6. The lump sum payable on commutation shall be the amount certified by the Audit Officer to be admissible according to the table of present values appended to this Schedule. This amount may be intimated, at the discretion of the Local Government, to the applicant for definite acceptance or rejection, within specified period before final sanction to commutation issues.

7. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which shall ordinarily be one month later than the date of the order; and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

8. A commutation once applied for, sanctioned and given effect to, shall not be rescinded, that is to say, the portion of a pension commuted shall not be restored on refund of its capitalised value.

9. If a pensioner whose pension has been commuted dies on or after the date from which the commutation is to take effect under Rule 8, but before he receives the commutation value, this value shall be paid to his heirs.

10. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund, and who commutes a portion of his pension before or after such re-employment, the amount which the pensioner is entitled to draw under the rules in Chapter XXI of the Civil Service Regulations shall be the amount to which he would have been entitled under those rules had there been no commutation, less the amount commuted.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 315L., dated the 26th January, 1924.—The following Bill was introduced in the Bengal Legislative Council on the 24th January, 1924, and is hereby published for general information, together with Statement of Objects and Reasons annexed thereto :—

THE CALCUTTA RENT (AMENDMENT) BILL, 1924.

A

BILL

further to amend the Calcutta Rent Act, 1920.

WHEREAS it is expedient further to amend the Calcutta Rent Act, 1920, in the manner hereinafter provided ;

And whereas the previous sanction of the Governor General under sub-section (3) of section 80A of the Government of India Act, has been obtained to the passing of this Act ;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Rent (Amendment) Act, 1924.

Ben. Act
of 1920.

5 & 6 Geo.
V, c. 61 ; 6 &
7 Geo. V, c.
37 ; 9 & 10
Geo. V, c. 101.

Amendment of
section 1 of Ben.
Act III of 1920.

2. In sub-section (4) of section 1 of the Calcutta Rent Act, 1920 (hereinafter referred to as the said Act) as amended by the Calcutta Rent (Amendment) Act, 1923, for the figures "1921" the figures "1927" shall be substituted.

Amendment of
section 2 of Ben.
Act III of 1920.

3. In sub-clause (i) of clause (f) of section 2 of the said Act, for the words "ten per cent." the words "fifteen per cent." shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

As the condition of tenants in Calcutta continues unsatisfactory owing to the limited housing accommodation of the city; and following the precedent in the further continuance of the Rent Act in London, the Calcutta Rent Bill gives an extension to the existing Rent Act up to the year 1927, allowing adequate time for the building of additional premises, some of which are still in the course of construction, to house the increasing population of the city. Recognising the rights of landlords to some increase in the returns for their investments in house property in the city, a proportion of fifteen *per cent.* increase is allowed to the previous proportion of ten *per cent.* in the laying down of standard rent. The extension of the time provided for in this Bill will give sufficient opportunity for the formulation of definite action which may be taken on the resolutions of the Committee appointed to inquire into the housing conditions of Calcutta, which were recently published for information.

Election case No. 3 of 1923.

Maharaja Sir Manindra Chandra Nandy, K.O.I.E.

versus

Hon'ble Mr. Pravash Chandra Mitter, C.I.E.

REPORT.

This is an election petition under Rule 32 of the Bengal Electoral Rules and Regulations of 1923 presented by Maharaja Sir Manindra Chandra Nandy of Kassimbazar.

The facts as set out in his petition are that he was a member of the Council of State and on 7th October 1923 resigned his seat on the Council by a telegram and a letter addressed to His Excellency the Viceroy and Governor-General of India.

The telegram was received in Simla at 11-15 A.M. on 7th October and His Excellency's orders accepting his resignation were passed on the 10th.

The date fixed by Government for the presentation of the nomination papers of candidates for election to the Bengal Legislative Council was 8th October, and on that date the Maharaja delivered three nomination forms to Mr. Lindsay, the Commissioner of the Presidency Division, who was the Returning Officer for the Presidency Division Landholders' Constituency.

On 9th October the Maharaja sent another telegram to the Viceroy for communication of the acceptance of his resignation to the Returning Officer.

On 10th October his resignation was formally accepted by His Excellency and a notification being No. 225 of that date was published in the *Gazette of India* of 13th October.

On 11th October, the date fixed for the scrutiny of the nomination papers by the Returning Officer, an objection to the Maharaja's nomination was raised on behalf of the respondent Mr. Pravash Chandra Mitter that the Maharaja was not eligible for election on the date of filing the nomination papers, 8th October 1923, as his resignation had not been accepted by the Governor-General and he was still a member of the Council of State. The Returning Officer thereupon made the following endorsement upon the nomination paper—

"I must refuse the nomination of this candidate the Maharaja of Kassimbazar. Under section 93 of the Government of India Act the seat in the Council of State becomes vacant on the acceptance of the resignation of the member. The Maharaja wired his resignation on 7th instant and also sent a letter on that day. The only evidence of the acceptance of the resignation is a telegram from Simla, from the Secretary, Legislative Department, dated 10th instant. If this evidence is accepted, I must hold that the resignation takes effect from the 10th instant, and that on the 8th instant when the nomination papers were filed, the Maharaja was still a member of the Council of State. Accordingly at the time of his nomination, he was not eligible for election [cf. rule 5 (1) (c)] and so the provisions of rule 11 (1) were not complied with. The nomination is therefore refused under Regulation XXI (f) and (44)."

As there was no other candidate, the Returning Officer proceeded to declare Mr. Mitter duly elected and his name was published in the *Calcutta Gazette* of 28th November 1923.

The facts as we have summarised them above are not in dispute and we have therefore found it unnecessary to frame any issues.

The main point for our determination is whether the question of the eligibility of the Maharaja for election is to be decided with reference to the date of the presentation of his nomination paper, 8th October, or to the date of scrutiny by the Returning Officer, 11th October.

Mr. Chaudhuri who has appeared on behalf of the Maharaja contends that his resignation of his office in the Council of State had been tendered on 7th October and was accepted by the Governor-General on 10th. Therefore at the time of the scrutiny on 11th the statutory bar contained in Rule 5 (1) (c) of the Electoral Rules of 1923 had been removed. The learned Council has referred to the regulations framed under Rule 15 of the rules with particular reference to Regulations XX and XXI. Regulation XX provides for the scrutiny of nominations in the presence of the parties or their agents while Regulation XXI provides for the examination of the nomination papers by the Returning Officer who "shall decide all objections which may be made to any nomination and may either on such objection or on his own motion, after such summary enquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds :—

- (i) that the candidate is ineligible for election under rule 5 or rule 6, or
- (ii) that there has been any failure to comply with any of the provisions of rule 11 or rule 12."

Learned Counsel says that what the Returning Officer has to see in regard to Rule 5 is whether the candidate is eligible for election. He has not to see whether he is eligible for nomination. The date of scrutiny is the date with reference to which the eligibility of the candidate for election is to be determined. Further under Rule 5 a person shall not be eligible for election as a member of the Council if he labours under certain disqualifications one of which is that he is a member of the Council or of any other legislative body constituted under the Act and has made oath or affirmation as such member. The Maharaja had admittedly made the oath as a member but it is argued that on the date of the scrutiny he had ceased to be a member of the Council of State and therefore, though he might possibly be said to be ineligible on the date on which the nomination paper was presented, the acceptance of his resignation on 10th October, the day before the scrutiny, removed the disqualification. By a parity of reasoning a person qualified on the date of nomination might be found to be disqualified on the date of scrutiny.

Learned Counsel further contends that in any case the mere tender of the resignation was in itself sufficient to vacate the seat as there is no rule under the Government of India Act under which the Governor-General is empowered to refuse a resignation. A member of an elected body stood on a footing different from a public officer who was required to observe certain formalities such as making over charge of his office.

Sir Benode Mitter who has appeared on behalf of the respondent contends that the mere fact of the resignation having been tendered does not of itself vacate the seat. Section 93 of the Government of India Act says that "a nominated or elected member of either chamber of the Indian Legislature may resign his office to the Governor-General . . . and on the acceptance of the resignation the office shall become vacant." The same provision is made in section 64 of the Government of India Act where the resignation must be "duly accepted". The power to accept resignation implies also the power to refuse it. It would follow therefore that a member whose resignation had not been accepted continues to be a member until its due acceptance by the Governor-General. The Maharaja thus continued to be a member of the Council of State till the acceptance of his resignation on the 10th October.

Learned Counsel further contends that the eligibility of a candidate depends on whether he was, as a fact, eligible on the date of the nomination. Election is a continuing process in which the nomination is the first step. The nomination is the foundation of a candidate's right to go to the poll and is an integral part of the election. Scrutiny is for the purpose of seeing that what was required to be done had been done. Rule 11 (1) says :—"Any person may be nominated as a candidate for election in any constituency for which he is eligible for election under these rules." Rule 11 (3) provides that a candidate must assent to the nomination and must at that particular point of time have the capacity to accept the nomination and under Rule 11 (5) he must also have the capacity of nominating election agents to act for him. The Maharaja, it is urged, had not the requisite capacity and was therefore ineligible at the time of the nomination. It is further argued that the date of the scrutiny of the nomination papers as laid down in Regulations XX and XXI is not the governing factor in considering the eligibility of the candidate. He must be eligible at the time of the nomination and if he has not the necessary qualifications then, he cannot acquire them between the date of the nomination and the date of the scrutiny.

We are of opinion that under the provisions of Rule 11 the date with reference to which the question of the eligibility of a candidate for election is to be determined is

the date fixed by Government for the nomination and if on that date a candidate is not eligible, his nomination paper must be refused. The object of the scrutiny by the Returning Officer is to see whether the nomination was valid on the date on which it was made. The nomination is an integral part of the election and it cannot be supposed that a person who is ineligible on the date of the nomination can, in the interval between the nomination and the scrutiny, acquire new rights or that the acquisition of such rights would be sufficient to do away with his pre-existing disqualification.

Various disqualifications which will render a candidate ineligible for election are given in Rule 5 (1). Rule 5 (1) (c) declares a person ineligible for election if he is a member of the Council or of any other legislative body constituted under the Act and has made oath or affirmation as such member. In the present case it is admitted that the Maharaja had made oath as a member of the Council of State. It is also conceded that his resignation was not accepted until 10th October though the date for the presentation of the nomination paper was fixed for 8th October. It is therefore plain that on 8th October the Maharaja was still a member of the Council of State and was therefore ineligible under Rule 11(1). The argument that the mere tender of his resignation automatically terminates his office does not seem to us to be well founded. If it had been so, the words used in sections 93 and 64 of the Government of India Act which require acceptance by the Governor-General of the resignation as a condition precedent to the vacating of the office would be mere surplusage.

We are of opinion therefore that the nomination paper of the Maharaja has been properly rejected by the Returning Officer and that Mr. Mitter, the returned candidate, has been duly elected.

We estimate the total amount of costs payable for the hearing at 40 gold mohurs and we recommend that that sum be paid by the Maharaja to Mr. Mitter.

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soora¹ at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—*Saltees.*—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed : Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

In the matter of Khan Bahadur Abdus Salam *Petitioner*

Maulvi Ruffuddin Ahmed ... *Respondent.*

To all concerned.

Please take notice that the above-mentioned petition will be heard by the Commissioners on the 21st February 1924, at 11-30 o'clock, in the Court room of the District Judge, at Alipore, district 24-Parganas.

Given under my hand and the seal of the Court of the District Judge.

G. N. ROY, *President.*

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of a petition under section 31, Part VII, Bengal Electoral Rules and Regulations, 1923,

and

In the matter of Khan Bahadur Abdus Salam ... *Petitioner*
versus
Maulvi Ruffuddin Ahmed of Jessore town ... *Respondent No. 1.*
and
The Returning Officer (District Magistrate), of Jessore *Respondent No. 2.*

The humble petition of Khan Bahadur Abdus Salam, of 27, Elliot Lane, in the town of Calcutta,

MOST RESPECTFULLY SHEWETH—

(1) That your petitioner and Maulvi Ruffuddin Ahmed, respondent No. 1 above-named, were two candidates for the North Jessore Muhammadan constituency during the last general election for electing members to the Bengal Legislative Council.

(2) That the ballot papers containing the votes of different electors of the above-named constituency were counted on the 30th November 1923 at Jessore by the Returning Officer of Jessore in the presence of the petitioner and the other candidate.

(3) That 76 ballot papers in which votes were recorded in favour of the petitioner were improperly rejected or excluded from the count by the Returning Officer, as some presiding or polling officers palpably through mistake had marked them with the official secret seal, said to be indicative of the Legislative Assembly, instead of with the official secret seal indicative of the Bengal Legislative Council. Such rejection or exclusion from count, according to petitioner's belief, is not warranted by a liberal interpretation of the meaning or spirit of Electoral Rule 47, clauses (a) to (c), nor justified by considerations of justice or equity.

(4) That the petitioner was not a candidate at all for election to the Legislative Assembly, but was a candidate for the Bengal Legislative Council only. The 76 ballot papers issued were for recording votes on the 19th or 22nd November last for election to the Bengal Legislative Council, and the names of the petitioner and respondent No. 1 were printed in the said ballot papers as candidates. Further, according to petitioner's information, the ballot papers issued for the Bengal Legislative Council are different in colour from those issued for the Legislative Assembly.

(5) That according to petitioner's information, no election of Muhammadan candidate for the Legislative Assembly from the North Jessore Muhammadan constituency took place on the dates (19th or 22nd November) in which the aforesaid 76 votes were recorded in petitioner's favour for the Bengal Legislative Council, and further, according to petitioner's information, no polling of votes at all took place on any date in respect of any Muhammadan candidate for the Legislative Assembly from the North Jessore Muhammadan constituency at the last general election, as the successful Muhammadan candidate for the Legislative Assembly from the Burdwan and Presidency Divisions was declared elected without contest at the scrutiny of nomination papers on a prior date.

(6) That according to petitioner's information, the voters who came to the polling stations on the said date (19th or 22nd November) and recorded votes in favour of the petitioner on the 76 ballot papers, were electors for the Bengal Legislative Council, and voted for election to the said Council, as can be ascertained by reference to the said ballot papers, their counterfoils, and electoral rolls kept and numbered by presiding or polling officers under the electoral rules.

(7)¹ That in view of the above circumstances, it would appear obvious that the official secret seal said to be indicative of the Legislative Assembly instead of the secret seal indicative of the Bengal Legislative Council was put on the said 76 ballot papers palpably through mistake or carelessness of some presiding or polling officers.

(8) That under the circumstances the Returning Officer improperly rejected or excluded those 76 ballot papers from count, and counted the remaining votes, and declared the respondent No. 1 duly elected on the basis of the irregular counting as mentioned above.

(9) That in case the said 76 ballot papers were included in the count, the votes recorded in favour of the petitioner, according to petitioner's information, would be more than those recorded in favour of respondent No. 1, Maulvi Rafiuddin Ahmed, and the petitioner would be entitled under section 14 (clause 7) to a declaration that he was duly elected.

(10) That the deposit of Rs. 1,000 is herewith tendered in Government currency note.

(11) That as the case relates to inspection of ballot papers and counterfoils and election rolls kept by polling or presiding officers, which according to petitioner's information are now in the custody of the Secretary, Bengal Legislative Council, and will rest mainly on the report to be taken from the Returning Officer, it would be convenient and less expensive to the petitioner, if the enquiry is held at Alipore, especially as the respondent No. 1 would be in Calcutta shortly to attend the Bengal Legislative Council sessions.

Wherefore petitioner prays—

(1) That all the ballot boxes of the North Jessore Muhammadan constituency for the Bengal Legislative Council should be sent for from the Secretary for the Bengal Legislative Council with their contents, in charge of a responsible officer.

(2) That the report of the Returning Officer, Jessore, in respect of the above 76 ballot papers should be called for, together with any other correspondence that might have passed between him and the Government on the subject.

(3) That the 76 ballot papers improperly rejected or excluded from count by the Returning Officer should be inspected by the Commissioners together with their counterfoils and electoral rolls and be now regarded as good votes recorded in favour of the petitioner, and there should be a recount of votes recorded for both the candidates including the 76 ballot papers improperly rejected or excluded from count, in which event the petitioner would have 38 more votes than the respondent No. 1.

(4) That the election of Maulvi Rafuddin Ahmed, respondent No. 1, should, under the circumstances, be declared by the Commissioners void and set aside under section 44, clause (c) and the petitioner should under section 34 be declared by the Commissioners to be duly elected to the Bengal Legislative Council.

And your petitioner, as in duty bound, shall ever pray.

(Sd.) ABDUS SALAM.

CALCUTTA, the 14th January 1924.

ENCLOSURE.—Copy of Return under Regulation XLIX received from Returning Officer, Jessore.

VERIFICATION.

The facts mentioned in paragraphs 1, 2 and 10 of the petition are true to my knowledge, and the facts mentioned in paragraphs 3, 4, 5, 6, 7, 8, 9 and 11 are true to my information and belief.

HIS EXCELLENCY THE GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules
and

In the matter of the election of a member of the Bengal Legislative Council from the 24-Parganas Municipal (Muhammadan) constituency of the said Council
and

In the matter of Nawab Mirza Shujaat Ali Beg Khan Bahadur (of 8-1, Chowringhee Lane, Calcutta)	...	<i>Petitioner</i>

versus

(1) Moulvi Mahboobul Huq (of Prince Anwar Shah Road, Tollygunj)	} <i>Respondents.</i>
(2) J. H. Lindsay, Esq., I.C.S., District Magistrate, 24-Parganas, Returning Officer of the above constituency	

The humble petition of Nawab Mirza Shujaat Ali Beg Khan Bahadur, formerly of 36, Theatre Road, at present of 8-1, Chowringhee Lane, Calcutta,

MOST RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner was a candidate for election to the Bengal Legislative Council from the 24-Parganas Municipal (Muhammadan) constituency, of which the Magistrate of 24-Parganas, Respondent No. 2 abovenamed, was the Returning Officer and your petitioner claims to have had a right to be returned at the said election.

2. That your Excellency's petitioner was duly nominated as a candidate, and on scrutiny his nomination was found to be in order.

3. That your Excellency's petitioner thereafter contested at the polls on the appointed date, the Respondent No. 1 abovenamed, Moulvi Mahboobul Huq, being the only other candidate.

4. That after the close of the poll the Returning Officer appointed the 1st December 1923, 8 A.M., for the scrutiny and counting of votes at his office in the Magistrate's Chamber in the Alipore Criminal Court, and on receipt of notice to that effect your Excellency's petitioner duly attended the said scrutiny and counting.

5. That your petitioner's said rival, Respondent No. 1 abovenamed, along with a representative of his, also attended the said scrutiny and counting of votes.

6. That at the scrutiny, on an examination of the ballot papers taken out from the ballot boxes opened by the Returning Officer, a number of ballot papers of a non-Muhammadan constituency were discovered, and those were all rejected by the Returning Officer.

7. That thereafter after completing the counting of votes, as he then supposed, the Returning Officer declared the said Respondent No. 1, Maulvi Mahboobul Huq, to be elected as having obtained the largest number of votes.

8. That your Excellency's petitioner then left the place, but after a short interval received a message from the Returning Officer that through mistake one ballot box had been left unopened at the counting and its contents not counted, and your petitioner's presence was therefore again required at once by the Returning Officer at his Chamber to enable him to complete the counting with the ballot papers of the said unopened box.

9. That your petitioner accordingly went back at once to the office of the Returning Officer, and the contents of the said unopened ballot box which was of the Baduria Municipality were counted in his presence as well as in the presence of the said representative of Respondent No. 1.

10. That the result of the said counting showed a majority of votes in favour of your Excellency's petitioner and not of his opponent, as had appeared on the previous count.

11. That the Returning Officer did not, however, thereupon declare your petitioner as duly elected, as your petitioner submits he was bound to do and should have done, the previous declaration in favour of the other candidate which was made on an admittedly incomplete counting not being a valid declaration at all.

12. That your petitioner understands that the Returning Officer reported the whole matter to Government for instructions, without making any formal report as to the result of the election under rule 14 (9) of the Bengal Electoral Rules.

13. That your petitioner submits that your petitioner obtained the largest number of votes and was the person duly elected and should have been declared and returned as such.

14. That your petitioner finds that the name of the Respondent No. 1 has been published in the *Calcutta Gazette* of the 26th December 1923, as that of the elected candidate, although your petitioner had obtained the largest number of votes and was hence duly elected by majority of votes.

15. That your petitioner submits that the result of the election has been materially affected by the said action of the Returning Officer and your petitioner has been seriously prejudiced.

16. That your petitioner therefore begs to file this election petition under Part VII of the Bengal Electoral Rules and begs to deposit herewith the sum of Rs. 1,000 as security for costs as required by Rule 35.

Your Excellency's petitioner prays in these circumstances that it be determined that the said Respondent No. 1 Moulvi Mahboobul Huq was not duly elected and his election and return be set aside and it be declared that your petitioner was duly elected and ought to have been returned and he be so returned, and your petitioner further prays for the costs of this application.

And your petitioner as in duty bound shall ever pray.

NAWAB MIRZA SHUJAAT ALI BEG KHAN BAHADUR,

Petitioner.

Dated the 3rd January 1924.

VERIFICATION.

I, NAWAB MIRZA SHUJAAT ALI BEG KHAN BAHADUR, the petitioner abovenamed, do hereby declare and verify that the statements contained in the foregoing paragraphs of this petition are true to my knowledge. Signed this verification at No. 8-1, Chowringhee Lane, Calcutta, on 3rd day of January 1924.

A candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

Selected candidates will also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(i) *Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *Except in the case of persons continuing to receive Scholarship allowances of equal or greater amounts from the Government of India an allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.*

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively:—December 24th after his selection, March 25th, June 25th and after signature of Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the seventh on the six following quarter days and the eighth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved institution.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1924, with a view to a possible reduction with effect from the instalment payable in December 1925.

(iii) *A 1st Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India during the November following their Final Examination.*

(iv) *Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all monies he may have received from the Secretary of State for India in the event of:—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(v) *All candidates obtaining certificates will be also required to enter into covenants by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. RESOLUTION.

In the letter of the 25th June 1923, which is annexed to this Resolution, the Government of India consulted local Governments and High Courts upon certain aspects of the administration of civil justice in India and the steps which should be taken to remedy them. The Government of India suggested that a Committee should be appointed to consider the whole question, and the replies received, which are also annexed to this Resolution, indicate a general consensus of opinion in favour of this suggestion.

2. The aspects in question are the delays in the disposal of civil suits, appeals and execution proceedings, and the difficulties experienced by litigants in obtaining adequate satisfaction for the decrees awarded by the Courts in their favour. The Government of India suggested that the course of litigation was still subject to such delays as tend to

cause some lack of confidence in the administration of justice in India, and must inevitably create an obstacle to the commercial and industrial development of India. They consider that this provisional opinion is fully endorsed in the correspondence now published. Certain provisions of the substantive and adjective law of the land which contribute to the existing unsatisfactory position are discussed by the authorities who have given their opinions in the annexed correspondence. The Government of India recognise that the position may be due in part to circumstances prevailing in India which cannot be wholly remedied by modifications of the law. They believe, however, that there can be no doubt of the serious nature of the problem, and that it is incumbent on the executive Government to endeavour to find a remedy for the existing state of affairs.

3. The Governor-General in Council has accordingly decided to appoint a committee:—

To enquire into the operation and effects of the substantive and adjective law, whether enacted or otherwise, followed by the Courts in India in the disposal of civil suits, appeals, applications for revision and other civil litigation (including the execution of decrees and orders), with a view to ascertaining and reporting whether any and what changes and improvements should be made so as to provide for the more speedy, economical and satisfactory despatch of the business transacted in the Courts and for the more speedy, economical and satisfactory execution of the processes issued by the Courts.

The Committee will not enquire into the strength of the judicial establishments maintained in each province.

4. The Hon'ble Mr. Justice George Claus Rankin, Barrister-at-Law, Puisne Judge of the High Court of Judicature at Fort William in Bengal, has consented to serve as Chairman of the Committee.

The following have agreed to serve as members:—

The Hon'ble Mr. Justice Louis Stuart, C.I.E., I.C.S., Puisne Judge of the High Court of Judicature at Allahabad.

Dr. Francis Xavier DeSouza, I.C.S., Barrister-at-Law, District and Sessions Judge in the Bombay Presidency.

Diwan Bahadur Sir Tirumalai Desika Achariyar Avargal, Kt., Vakil, Trichinopoly.

Mr. C. V. Krishnaswami Ayyar, Subordinate Judge in the Madras Presidency, will be the Secretary of the Committee.

5. The Committee will assemble at Calcutta on the 4th February 1924, and will visit such other places in India as may be arranged by the Chairman. In each province visited the Chairman will have power to co-opt as members of the Committee such practising lawyers as may be prepared to serve on the Committee whilst it is conducting its enquiries in that province, and such other officers as the local Government may depute for the purpose. The Chairman will also have power to co-opt as members of the Committee such practising lawyers or officers, as he may consider desirable, when the Committee is considering its report.

6. The Committee will conduct its enquiries in public but any part of its proceedings may be conducted *in camera* if the Chairman considers such a course desirable in the public interest. Persons who desire to be called as witnesses should apply in writing to the Secretary to the Civil Justice Committee, Camp, giving their full names and addresses together with a brief memorandum of the points in regard to which they desire to give evidence.

7. The Committee will report to the Government of India.

ORDER.—Ordered that a copy of the above Resolution and of its annexures should be published in the Supplement to the *Gazette of India* and communicated to all local Governments and Administrations and the High Court of Calcutta for information. Also that a copy be forwarded to the Secretary of the Committee for information.

Joint Secretary to the Government of India.

To—All Local Governments.

SUBJECT:—*Delay in the disposal of suits and appeals.*

I am directed to address you in regard to certain aspects of the administration of Civil Justice which have lately engaged the renewed attention of the Government of

India, namely, the delay in the disposal of suits and appeals and the unsatisfactory results obtained in the process of the execution of decrees. The representations which the Government of India have received on this subject do not suggest that efforts have been lacking to expedite the course of civil justice, nor that, if a comparison were made with the figures of the duration of suits in previous periods, it would necessarily indicate a deterioration of the position. They nevertheless suggest that the course of litigation is still, in spite of all efforts made to expedite it, subject to such delays as tend to cause some lack of confidence in our administration of justice, and must inevitably create an obstacle to the commercial and industrial development of India. This latter consideration indeed is one which adds great importance to the matter.

2. The main figures regarding the duration both of regular suits and appeals in the High Courts and subordinate courts throughout India are given in the attached statement. They are not in all cases complete and do not offer an accurate basis of comparison between the courts of different provinces. Nor indeed has the statement been compiled with the object of instituting any such comparison; for it need hardly be said that the circumstances of provinces differ so widely both as regards the strength of their judicial establishments, the nature of the litigation, and the character of the legal practitioners on whose capacity the despatch of civil litigation must largely depend, that any attempt to institute comparisons would be as infructuous as it is undesirable. But it is not open to questions that the figures demonstrate that in many cases there is very serious delay in the disposal of suits; nor can it be said that such delay is confined to the operation of the courts in their appellate jurisdiction. As regards the execution of decrees it has been found impossible to prepare any statement in a compendious form which will show the results attained. It is clear, however, that there are substantial facts to support the common criticism that litigants are unable to gain adequate satisfaction for the decrees passed in their favour. Thus taking the figures reported by provinces in 1921 (and these again are selected purely for purpose of illustration and not for comparison) it will be found that the Bengal mufassil courts returned execution proceedings as infructuous in no less than 245,344 cases, the percentages of totally infructuous cases in some districts being as high as 71 and 63 per cent. In the same year the mufassil courts of Madras (except village courts) obtained satisfaction in full in only 16·56 per cent. of the application for execution, and satisfaction in part in 7·19 per cent. while the number of wholly infructuous applications was 239,421. The courts subordinate to the Allahabad High Court dealt with 141,639 applications for execution of decrees, and of these 57,711 were totally infructuous; those subordinate to the Lahore High Court dealt with 174,566 applications of which 83,902 were returned as totally infructuous; out of 139,742 applications before the courts in the districts of the Central Provinces and Berar 66,286 were returned as infructuous.

3. It will of course be understood that while referring to representations made on this subject, and in detailing figures which would seem to go far to justify them, the Government of India do not intend thereby to cast any slur, or even suggest any criticism on the judicial officers engaged in the administration of civil justice or on the High Courts under whose control they discharge their duties. Indeed, such provisional conclusions as the Government of India have been able to form on the subject, seem to point to the fact that if the present state of administration, both in regard to the disposal of suits and the execution of decrees, offers field for criticism, the reason is to be found in factors of general application which for the most part are beyond the control of the civil judiciary. It would perhaps serve little purpose to refer in detail here to previous correspondence (which dates from as far back as 1873) between the Government of India and the local Governments on the various aspects of this question. In the course of this correspondence, attention has at different times been directed to general or particular modifications in the Civil Law or the procedure of the Courts calculated to expedite the course of litigation whether in the Indian courts themselves or in the course of appeals to the Privy Council. Substantial improvements have from time to time been effected in both respects, and at the same time local Governments themselves have faced the necessity for making considerable increases in their judicial establishment both in the High and subordinate courts. The Government of India feel therefore that if any improvement is to be now effected, it can only be as the result of a review of the whole question in its widest aspects. They are aware that the peculiar circumstances of India make it exceptionally difficult to secure expedition in many types of civil litigation. In some provinces the disposal of suits relating to land involve a lengthy consideration of the bearing of customary laws which have not up to the present been codified or even crystallised in a definite or unified form. In other provinces the state of the local law, as for instance that relating to impartible estates, is itself responsible for the great delay which characterizes this class of cases. Throughout India the fact that the courts have to depend on the services of an inferior and sometimes unreliable ministerial agency leads to great delays in the service of notice and the execution of decrees. A social system which involves in some cases the necessity of considering the claims of members of joint families and in others those of numerous collaterals and reversioners tends in itself to complicate litigation by introducing as parties to suits a far larger number of litigants than would be usual in other countries. In many of the mufassil courts the capacity and experience of practitioners is not such as to ensure either that precision in the drawing of pleadings or economy in the examination of parties and witnesses which is essential to the despatch of business. While, however, these factors must inevitably present

obstacles to the expedition of civil litigation in India, the Government of India believe that a thorough investigation of other factors arising primarily in the procedure dictated by the law or followed by the Courts, would yield important results. It has been for instance suggested that the law of limitation is susceptible of further improvement particularly in respect of the opportunities which it furnishes for prolonging execution proceedings, that the allowing of appeals and revisional applications against interlocutory orders is generally productive only of loss of time, that a definite enactment is required against champerty, that rules are required for the registration of addresses in order to avoid delay in the serving of notices, that the procedure for substitution of heirs of deceased parties requires reconsideration, and that the practice in regard to the issue of orders staying execution, of allowing applications for transfer and of making and subsequently setting aside *ex parte* orders and decrees should be modified with a view to curtailing the facilities available for deliberately delaying the course of justice. Among minor matters again it is suggested that much delay could be avoided by a careful revision of the system of translating and printing the records in appeal cases. At present much unnecessary work is done under both heads.

4. The Government of India recognise that the administration of civil justice is now a Provincial subject, but the question under reference is one of wide and general importance on which uniform action is desirable. The immediate proposal which they have in view is the appointment of a committee to consider the whole question; and they would desire if possible to associate with this enquiry a Judge from England having experience of the steps taken in England in recent years to expedite the course of civil litigation. It is in regard to the advisability of appointing such a committee, and the scope of its enquiry if appointed that I am directed to request an expression of opinion of the ^{Madras} Government. The Government of India wish to make it clear that this enquiry would not deal with considerations connected with the strength of the judicial establishment, for they have no desire that measures should be suggested which would involve an increase of expenditure on local Governments. They look primarily to such modifications of the law and procedure as would in themselves lessen the burden now placed on that establishment, while allowing of the greater expedition of civil litigation; and would, without placing fresh charges on the local Governments, afford some remedy for a state of affairs which seems to appear to call for remedy at the hands of Government.

No. 2641, dated the 2nd November 1923.

From—M. R. RY. DIWAN BAHADUR R. RAMACHANDRA RAO AVL., O.S.I., Secretary to the Government of Madras, Law (General) Department.

To—The Secretary to the Government of India, Home Department.

Mr. Gwynne's letter No. F.-159-1922-Judl., dated the 25th June 1923—Delay in the disposal of suits and appeals.

In continuation of this Government's telegram dated the 13th September 1923 on the above subject I am directed to forward copies of the opinions of the Honourable the Judges of the High Court of Judicature, Madras. His Excellency the Governor in Council has already expressed himself in favour of the appointment of a Committee. He welcomes the association with it of a really eminent Judge from England who may be an expert well versed in methods adopted in England in recent years to expedite the course of civil litigation.

2. As regards the scope of its enquiry, His Excellency the Governor in Council generally agrees with the lines indicated in paragraph 3 of the letter under reply. Though he is unable to agree with every one of the step referred to in the above paragraph as some of the evils indicated there are more rampant in Bengal and the United Provinces than in the Madras Presidency, he accepts as expedient most of the possible improvements contemplated there. One of the most obvious methods of speeding up the administration of justice is by a further increase, though it may be temporary, in the judicial establishment and a speedy recognition of the need for a thorough legal grounding in the case of persons administering justice. But these matters are obviously beyond the scope of enquiry of the proposed Committee. I am directed to suggest that an examination may be made of the laws of procedure and limitation for the purpose firstly, of insistence on the succinct raising of clear-cut issues, secondly of the encouragement of expedients like the administration of interrogatories, the obtaining of admissions of fact and a freer use of the rights of discovery which will tend ultimately to economy in the matter of the examination of witnesses, thirdly of the scrutiny of the whole system of execution of decrees and the rights of appeal and revision in respect of matters arising in execution under provisions similar to section 47 of the Code of Civil Procedure and generally speaking of a review of the position regarding second appeals and petitions by way of revision and the stay of proceedings or execution pending such second appeals or petitions. In particular the Government considers that the scope of the rights of second appeal and revision should be carefully examined with a view to curtailment in comparatively insignificant or interlocutory matters.

3. I am directed to add that inasmuch as the Committee is constituted for all India this Government trusts that no part of the expenses thereof shall be charged to the Government of Madras.

MINUTES.

THE HONOURABLE MR. JUSTICE SPENCER :—The only thing that strikes me is the Government of India's observations about infructuous applications for execution. I think I pointed out that many applications for execution are put in merely for the purpose of keeping decrees alive. From the fact that so many applications are infructuous it does not follow that many decree-holders never get any satisfaction for the decrees passed in their favour.

THE HONOURABLE MR. JUSTICE COUTTS TROTTER :—If anything can be done by all means, but I am not hopeful. Two large causes of delay are the dilatory habits of the litigants themselves, and the inability of the subordinate judiciary to harden their hearts and refuse adjournments. They have been adjured and circularised about it time and again, but the bar is too strong for them. I don't see how a commission can deal with these things. The others are the shortage of Courts and the great latitude of appeal and revision. The local Governments all say that they have no money for the former object; and to cut down appeals, though, I think myself it would be salutary, would evoke an outcry.

THE HONOURABLE MR. JUSTICE PHILLIPS :—I doubt whether a commission will be able to effect any improvement. Many causes of the delay are known to us, but the trouble remains, for those causes cannot be removed in a day. If we had complete co-operation between the Court, the Bar and the litigants work would progress speedily, but so long as human nature (more especially human nature in this country) remains the same, progress will be very slow. The Oriental is, by nature, dilatory, and this reacts on judicial work as on everything else.

A great deal might be done by a drastic alteration or curtailment of rights of appeal and revision, and possibly recommendations to that effect from a strong and independent Commission would be accepted more willingly than if the recommendations were made by the judiciary or a hated bureaucracy.

I don't think shortage of Courts is one of the main reasons for delay, for I have always found that the starting of a new Court in a new locality at once increased the number of institutions in that locality.

THE HONOURABLE MR. JUSTICE KOMARASWAMI SASTRI :—So far as Madras is concerned I think the rules on the Original Side and Small Cause Court make ample provision for quick disposals. The Original Side rules specially provide for commercial suits. I do not think there is any complaint from any of the Chambers of Commerce or the Merchants.

The trouble arises in execution and delays are due mostly to the law governing Hindus and Muhammadans. So long as the law of the Hindu joint family, the law as to benami transactions exist, it is difficult to see how execution of decrees cannot be delayed when the decree-holder wants to proceed against family properties. The very large area unconnected by railways within it, renders service difficult, and the ease with which a person can go from one Presidency to another adds to the difficulties.

I doubt if a Commission will be of any use. Conditions are different in each Presidency. I also doubt if a Judge from England will be of much use, as it is impossible for him to acquire any knowledge of local conditions.

I don't think any very great change in the law which would prevent delays can be effected under existing conditions. We may, in the desire to help the decree-holder, go to the other extreme and affect prejudicially the interests of the other members of his family who have independent rights.

THE HONOURABLE MR. JUSTICE KRISHNAN :—I agree that some effort must be made to reduce the inordinate delay that now takes place in the disposal of cases. A strong Committee of experienced Judges and others in this country presided over by an English Judge will, I think, be able to do something towards it. I am more hopeful than Counts Trotter J. in the matter. I am in favour of such a Committee being appointed.

THE HONOURABLE MR. JUSTICE RAMESAM :—To a certain extent, I agree with the remarks of Trotter and Phillips J.J. So long as Indian human nature remains what it is, all attempts will be futile. Time only can work the necessary change. The alternative is between delay on the one hand and hard-heartedness (with injustice) on the other. I will tolerate the former and go on.

THE HONOURABLE MR. JUSTICE ODGERS :—I agree with the observations of Counts Trotter J. I cannot see what good a Commission with an English Judge at the head of it is going to do. The Judge will be quite new to conditions here, and that device whereby a suit can practically be reopened and retried—Execution—with all its manifold delays will be totally unfamiliar to him. There is much in Ramesam J.'s remarks though Subordinate Courts could do a great deal by allowing fewer adjournments.

THE HONOURABLE MR. JUSTICE DEVADOSS :—A strong committee comprised of Members familiar with the conditions in India presided over by an experienced Judge from England is sure to make valuable suggestions for simplifying the procedure in civil cases. A good deal of time is wasted owing to the cumbrous procedure now governing civil actions. One main cause of delay is the habit of procrastination so common in India. The value of time is not appreciated by the common people. Another cause of delay is due to anxiety to show disposals. All easy suits are disposed of, and tough and intricate cases are adjourned from time to time, and the litigants get the idea that their cases won't be heard, and they are reluctant to spend money on processes. If clients are fairly certain that their cases would be heard on the days to which they are posted, they would do their best to be ready. The adjournment sheets of every court show how many time cases were adjourned because the Court had no time. I do not agree with Counts Trotter J. that adjournments should be refused in all cases. Such a procedure would make Judges mere machines and it is best to have tardy justice than speedy injustice. The procedure in execution should be simplified. As observed by the late Sir V. Bashyam Aiyangar a plaintiff's troubles arise only after he obtains a decree in his favour. Courts do not pay sufficient attention to execution proceedings. They are anxious to dispose of cases and they dismiss execution applications for very insufficient reasons. A great deal of saving of time can be effected by simplifying the procedure in execution. Instead of lamenting over the delay and folding one's hands and saying 'it is kismet' it is worth while trying to see whether matters could not be improved. I am in favour of a Commission of experienced persons familiar with the conditions in this country going into this matter fully.

THE HONOURABLE MR. JUSTICE VENKATASUBBA RAO :—The delay in the disposal of suits and appeals is quite often inordinate and does little credit to the administration of justice. The Government of India, however, are very clear on the point that measures should not be suggested which would involve increase of expenditure; in other words, the Government of India exclude altogether considerations connected with the increase of Courts or judges. In the circumstances I am not very hopeful that useful suggestions will be forthcoming which will lead to the desired result. I am, however, not against the appointment of a Committee. The question of association with the enquiry of a Judge from England is given some prominence, and this, in my opinion, detracts from the value of the proposed Committee. By all means let there be one or more of such Judges on the Committee; their help and advice may be valuable. But the deliberations must be guided by a Judge of Indian experience, preferably by an Indian Judge who is conversant with the habits of the people, their modes of thought and so forth. In the letter of the Government of India some modifications of law and procedure are indicated; some, if not, many of the modifications suggested may not commend themselves to all alike. But it would be premature to discuss them now as the Committee

that is proposed will have to consider these and other suggestions and the opinions from the several parts of the country will be invited by it. I, therefore, offer no remarks on any particular modifications indicated in the Government of India's letter.

THE HONOURABLE MR. JUSTICE WALLACE :—I dare say that a practical Commission which can devote its whole time to investigating causes of delay and remedies will be useful. We are not called upon at present to consider or suggest remedies. Whatever conclusion the Commission comes to at least the administration will be able to say that the matter has not been neglected. I would support its appointment.

THE HONOURABLE MR. JUSTICE WALLER :—I agree that one cannot eliminate human nature. But improvements in law and procedure are necessary and feasible and they are not likely to be introduced, unless they are supported by the authority of a strong and representative Commission. I think that such a Commission should be appointed.

THE HONOURABLE THE CHIEF JUSTICE :—I am strongly in favour of the proposed commission. Delay occurs at different stages owing to different causes. First in the interlocutory stages of a suit and secondly after a case is ready for trial that is waiting for a hearing. This is a most serious matter in the mufassal but not serious in the Original Side in Madras. The reason is mainly to be found in that in Madras Judges sit continuously trying cases and if necessary help is available by putting on another Judge to assist, while in the mufassal there seems to be constant interruptions for sessions work and for appellate work. What is required is continuous sittings and a regular list of cases which will definitely be taken in their order when reached. Thirdly delay in appeal from one inferior court to another caused partly for the same reasons but mainly because the Judges have more to do than they can cope with. I believe some system of relief judges without additional courts or staff would prove an effective and in expensive remedy. Fourthly delays on the appellate side of the High Court partly in printing and translation but mainly because there are not sufficient judges. It may be possible materially to reduce the appellate work by abolishing civil revisions and some criminal revision which are anachronism and by permitting small cases to be heard by one Judge. Lastly in execution—Here the delay is very serious and I doubt if a remedy can be found and the main cause is that practically all executions have to take the form of bringing landed property to sale as it is seldom that available personal property can be found. The inhabitants of India do not possess available assets such as furniture, shares and books debts, and then the land is so much covered by mortgage, is so often joint property, and so often held benami by some one other than the true owners, that delay is certain and seems almost inevitable.

All these are subjects for examination by a strong commission but I venture to doubt whether any English Judge would be a suitable member of the commission. I know of none who would not have to spend some time learning the ways of this country nor can I bring to mind one who meets the other requirements suggested. Perhaps a Master of the Supreme Court could be of assistance either as a witness or as a member of the commission.

To—The Secretary to the Government of India, Home Department.

SUBJECT :—*Delay in disposal of suits and appeals.*

With reference to your letter No. F-159-1922-Judl., dated the 25th June 1923, on the subject noted above, I am directed to forward herewith copies of minutes recorded by the Honourable the Chief Justice and Judges of the High Court, Bombay, and also of the Court of the Judicial Commissioner of Sind, and to state that the Governor in Council agrees that the enquiry proposed by the Government of India is desirable and indeed necessary. I am to draw attention to the form of reference to the proposed Committee suggested by Fawcett J. and to say that it seems *prima facie* suitable.

Minute recorded by B. C. Kennedy, Esquire, I.C.S., Judicial Commissioner of Sind.

With reference to the questions referred by Government of India, my opinion is as follows :—

I have considerable doubts whether it will be possible to accelerate the course of justice in civil matters in India. The admitted unreasonable delay and expense is due to a variety of causes most of which are not capable of being removed.

One of the principal causes is the character of the people and especially their preference for postponing decisions rather than accelerating them. It is very difficult for the Courts to surmount this tendency. It would be possible for the Courts to do so only if they act in a manner which will be considered by the people to be harsh and to amount to denial of justice. In any case, the spasmodic attempts on the part of the Judges in the

mofussil to compel the litigants to conduct their cases promptly are checked either in revision or appeal by superior Courts and it is not likely that this tendency will diminish in the near future.

Another reason for the delay is our method of procedure and the system of administering justice in India. At present the contest is one between parties only and the tribunal is merely an arbiter in the struggle. As long as this is so and as long as the litigants are inclined to delays, it is not likely that acceleration in the disposal of the work will be obtained. And I presume it is not intended to revolutionize the system of administering justice.

After, however, making allowance for these circumstances, there is certainly a residuum of unnecessary delays due to defects in procedure. It might well be the case if the Commission is appointed, it might find some method to do away with these. In my opinion, it will be of little use to import a jurist whose experience is limited to England, because as I have said, it is extremely necessary that the local circumstances and the character of the people should be taken into consideration if the administration of justice is not to work harshly. Under our system as at present constituted the wealthy and influential man has already considerable advantages over the poor and friendless and any reform of the procedure must not further handicap those who are accustomed to look to Government for protection. It will be well therefore if the presiding member of this Commission was a person who is well versed in Indian conditions and in English procedure and such a person will probably be more easily found amongst the rank of English Barristers who have practised in the mofussil and in High Courts in India or from Barrister Judges of the High Courts, in either case such Barristers having practised at Home.

It is I take it not proposed to do anything more at this stage than to suggest a few considerations as to points in law the amendment of which might lead to acceleration of disposal. I therefore confine myself merely to such points.

One of the important questions is as regards legal representatives. If it is possible by some way to devise legislation by which onus could be thrown on the legal representative of the deceased party himself to come forward to request the Court to put him on the record, and if it be laid down that if the legal representative were aware of the proceedings and did not so come forward, he would nevertheless be bound by any decrees or order in the suit, a very great cause of delays will be eliminated.

The same applies in the case of minors, as also the members of the joint Hindu family and undivided co-shares in a Muhammadan estate. It need hardly be said that a very careful drafting of any legislation on these lines would be necessary to prevent injustice. But there is no doubt, in my mind, that much can be done to accelerate matters by such legislation.

As regards the question of Champerty, I am not convinced that it will be advisable to prevent this altogether because at present it is only by champertous bargains that poor men have any opportunity for getting their rights. It might well however be considered to what extent champertous bargains should be checked.

It might also be considered whether it will not be possible to extend the principle of Order 37, Civil Procedure Code, to cases other than those under the Negotiable Instruments Act.

Although I am reluctant to cut down the right of appeal (for certainly it does exercise a desirable check over the subordinate judiciary) yet it must be remembered that only about 7 per cent. of the appeals filed are successful. It cannot therefore be denied that there is great excess in appealing and it might be worth considering whether this tendency to appeal should not be checked either by requiring a certificate of a Judge before the appeal is allowed to be filed, or by inflicting a penalty in the case of frivolous appeals in the form of penal costs on the unsuccessful party, and by requiring a deposit in full of the decretal amount or equivalent thereof before the appeal was allowed.

It is for consideration whether there might not be compulsory registration of names of partners.

The question of execution is extremely difficult and I am not at present prepared to make any recommendation likely to lead to diminution of time now taken in reaping fruits of decree.

2nd August 1923.

Minute recorded by G. D. Madgavkar, Esq., I.C.S., Additional Judicial Commissioner of Sind.

Government might before appointing a committee invite suggestions from selected bodies and individuals such as Chambers of Commerce, Merchants' Associations, Bar

Associations, Traders' Associations, Zamindars' Associations, Raiyats' Associations, if any, so as to define where the delays are at present most felt; and the aggrieved bodies might, as far as possible, suggest remedies. In many matters such as those outlined by the Government of India, *e.g.*, limitation, the right of appeal, etc., the question is one of pure expediency and the legislature has to face a choice of evils; and the interests concerned might first define their position in the matter.

Apart from this, I agree generally with the minute of the Judicial Commissioner.

G. D. MADGAVKAR.

2nd August 1923.

Minute recorded by A. H. S. Aston, Esq., Bar. at-Law, Additional Judicial Commissioner of Sind.

With reference to the letter No. F.-159—1922-Judl. of the Government of India, dated the 25th June 1923, I am of opinion that the appointment of a Committee to consider the question of the delay in the disposal of suits and appeals is desirable.

2. With regard to the scope of its enquiry I would not restrict its enquiry to civil suits and appeals for much delay frequently occurs in the disposal of criminal cases also in this country and the proposed Committee would be able, I think, without additional labour, to make practical suggestions for the removal of the delay in the disposal of criminal cases, as well as of civil suits and appeals.

3. With regard to the personnel, it seems to me essential that there should be on the Committee not only a Judge from England, having experience of the steps taken in England in recent years to expedite the course of Civil litigation, but also Judges, who have had personal experience of the manner in which suits and appeals are disposed of both in England and in this country. I would include on the Committee two business men nominated respectively by the European and Indian Chambers of Commerce and if the terms of reference are to cover an enquiry into the delays in Criminal cases, I would include on the Committee, if possible, a retired Stipendiary Magistrate from London. I would not include Barristers or Pleaders, but rather leave it to the Committee to examine them in the course of the enquiry.

4. With regard to the question of practical suggestions, I think much could be done to reduce the Law's delays in this country.

A great cause of delay in the disposal of civil suits is the difficulty experienced in ascertaining the names of partners in firms carrying on business, the names of members of joint families, and the names and addresses of legal representatives of deceased persons. If this difficulty were obviated by a system of registration a great cause of delay would be overcome. Then I think that in addition to the curtailment of the right of appeal and revision, definite powers should be conferred, enabling Courts to deal with cases, where the parties protract suits in an unreasonable manner. The inherent powers of the Court to check the abuse of its own process are insufficient. Legislation is I think needed in the direction of giving Courts summary powers where suits are unreasonably protected by the parties or at any rate in the direction of allowing the Courts to fix a reasonable time for the conclusion of the examination or cross-examination of a witness.

Provision should be made, in my opinion, for the taxation of costs in criminal cases and I am in favour of amending the Court Fees Act with a view to the introduction of a sliding scale of Court-fees based on the actual time taken by each party in the disposal of suits. This would provide an automatic check rendering it pecuniarily advantageous to a party not to lengthen suits and proceedings unduly.

(Sd.) A. H. S. ASTON.

10th August 1923.

Minute recorded by Rupchand Bilaram, Esq., B.A., LL.B., Additional Judicial Commissioner of Sind.

I agree generally with the views of the Judicial Commissioner, and I may further add as follows:—

Disposal of civil suits can be expedited to some extent by framing rules under section 128, C. P. C., clauses (a) and (f).

There is often great delay in serving summons outside the jurisdiction of the Court, and simple suits remain undisposed of for a number of months, for want of service on the defendant.

Suits for rent and for ejectment and suits for recovery of debts or liquidated demands arising out of contract could with certain limitations be tried summarily by Subordinate Judges, and by Judges having Small Cause Court jurisdiction.

Steps should be taken to consolidate the Law of Arbitration at an early date.

In 1907 the Select Committee made the following remarks in their statement of objects and reasons on the Bill to amend the Civil Procedure Code :—

"We have determined therefore to leave the arbitration clauses much as they are in the present code, but we have placed them in a schedule in the hope that at no distant date they may be transposed into a comprehensive Arbitration Act."

This hope has not been realised during the last 16 years.

The provisions of the Indian Arbitration Act (which was rushed through) are in themselves very faulty.

Where the provisions of the Indian Arbitration Act apply it is not open to the parties to file a reference in Court before the award is made, and to benefit by the advantages attendant on the filing of the reference in Court (such as avoiding unnecessary litigation and costs in proving the validity of the reference after the award has been made or being compelled to prove the validity of such a reference in the Court where the award proceedings have been transferred, for enforcing the award). Under the latest ruling of the Privy Council reported in 50 Calcutta p. 1, it is open to a party objecting to an award on the ground of want of jurisdiction, to institute a regular suit to set aside the award. The result of this ruling is increase of litigation and delay in the recovery of the amount awarded. If A at Karachi obtains an award against B at a small village in the Punjab and gets the award proceedings transferred to Lahore for execution, it is open to B to file a suit at such village for setting aside the award alleging that the arbitrator had no jurisdiction to decide the disputes and by the issue of commission to Karachi, cause unnecessary delay and annoyance to A in the recovery of his just claim; and to obtain a trial of the point in issue not where the claimant would wish it, but where the debtor wishes it.

In Indian Law Reporter 45 Bombay, 245, 265 and in several other decisions including the decisions of our Court the desirability of consolidating the provisions of the Civil Procedure Code and the Arbitration Act at an early date has been pointed out.

I agree with the note made by Mr. Madgavkar, Additional Judicial Commissioner, that before a Committee is appointed opinions and suggestions from responsible bodies like the different Chambers of Commerce and Bar Associations should be invited. I think the presiding member of the Commission should be an experienced Judge and preferably a Judge who has practised as a lawyer, in the mofussil and in High Courts in India.

Minute recorded by the Honourable Mr. Justice Fawcett on Delay in the disposal of suits and appeals.

I think a Committee of the kind suggested might make many useful proposals for amendments in the present law, which favours dilatory tactics and gives an opening for dishonest concealment of property by judgment-debtors.

(Sd.) C. FAWCETT.

31st July 1923.

In amplification of my minute of 31st July last, I have the following remarks to offer.

First as to the utility or otherwise of the proposed Committee. It is said that the causes of delay are beyond the power of any Committee to remedy, and that they are inherent in the human material with which we have to deal. I do not deny that the human element, and other circumstances surrounding litigation in this country, do (as the Government of India remark) "make it exceptionally difficult to secure expedition in many types of litigation," and (I would add) also present serious obstacles to the due execution of decrees, the other matter dealt with in the Government of India letter. But is it true that no improvement can be effected by alterations of the existing procedure regulating civil litigation and the execution of decrees such as are contemplated by the Government of India? Surely it is true that (as stated in their letter) "substantial improvements have from time to time been effected" by "modifications in the Civil Law or the procedure of the Courts calculated to expedite the course of litigation." I do not say such improvements have gone very far towards reducing the delay in the disposal of suits and appeals, but they have for instance limited the right of appeal which was previously much more extensive, and so tended to reduce such delay in many cases. But, if they have not gone very far, is that sufficient ground for saying that it is useless to consider whether any further improvements can be effected? That is an *ultra* pessimistic view which will not I hope be adopted by the Judges of this

Court. On the contrary I think we should welcome this proposal, which holds out a prospect of due consideration of the difficulties of the situation and of such suggestions as may be offered for their amelioration.

2. As regards the scope of the Committee's enquiry, if appointed, I would suggest that the precedent of the Judicature Commission appointed in England in 1867 might be followed, with, of course, suitable modification. This is the Commission whose report led to the enactment of the Judicature Acts, which did so much to remove the delays and obstructions in the administration of justice owing to the two systems of judicature previously in force: and it is a precedent of good omen to follow. The reference to the proposed Committee will of course have to be in wider terms, but the phraseology there employed can probably be largely followed. I have not the full terms of the Reference to that Royal Commission before me, but following the summary given in Vol. 12 of the Encyclopædia of the laws of England, at page 48, I suggest the following reference to the Committee, as a draft to work on:—

To inquire into the operation and effect of the procedure enacted by law or otherwise followed by the Courts in India in the disposal of suits, appeals, applications for revision and other civil litigation (including the execution of decrees and orders), with a view to ascertaining and reporting whether any and what changes and improvements could be made so as to provide for the more speedy, economical, and satisfactory despatch of the judicial business (including execution proceedings) transacted in such Courts and for the more speedy, economical and satisfactory execution of processes issued by such Courts.

N.B.—Words italicised follow the wording of the Summary I have referred to above.

3. As illustrations I would outline some suggestions which might come within the scope of the proposed inquiry in addition to those mentioned in paragraph 3 of the Government of India letter:—

(1) Provisions aimed at securing a better and more general compliance with the ordinary rule in England that when once a trial has commenced it should continue *de die in diem* until completed;

(2) simplifying or clarifying the rules as to joinder of parties, *e.g.*, by enacting that the Manager of a joint Hindu family may sufficiently represent the family in regard to monetary transactions of the family, and providing for representation of parties having similar interests by one of such parties, after notice to the others;

(3) making compulsory the filing of affidavit or documents in all contested suits;

(4) extending the powers of Court to order security for costs, *e.g.*, in a case where the Court is satisfied that a defendant is vexatiously or unnecessarily attempting to prolong the litigation;

(5) empowering the Court in a similar case or in a case where it is of opinion that the defence is put in for the purpose only of gaining time, to require the defendant to deposit in Court, or give security for, the amount claimed;

(6) extending the cases and Courts in which the summary procedure of Order 37 Civil Procedure Code, can be employed.

(7) requiring as a condition of the exercise of the right of appeal that the appellant, if a money decree has been passed against him, pays into Court, or furnishes security for, the whole of the amount decreed against him unless the appellate Court otherwise directs.

5th August 1923.

Minute recorded by the Honourable the Chief Justice on Delay in the disposal of suits and appeals.

I am thankful to Fawcett J. for having amplified his minute.

I am in general agreement with him.

I think we should welcome any effort directed to reduce the delay that occurs in civil litigation at present.

While I admit the difficulty of achieving this result, I see no good reason to despair; nor do I think that it is not possible to adapt the procedure more to the genius and condition of the people without impairing the efficiency of the present system.

In addition to the specific suggestions made, we may refer generally to the points—(or to some of them)—mentioned in section 128 of Code of Civil Procedure as tending more or less to reduce the delay. For instance there should be no objection to try the procedure by way of originating summons in the District towns.

I would also suggest the desirability of having a small local committee for this Presidency to go into this question in detail and to prepare the ground for the work of the proposed committee, if the Government of India decide to appoint one.

Minute recorded by the Honourable Mr. Justice Marten on Delay in the disposal of suits and appeals.

I agree with Fawcett J. that we should welcome the appointment of a committee, and that the terms of reference should follow those of the English Judicature Commission of 1867 with suitable modifications.

I also agree with the O. J. as to the desirability of a small preliminary local committee.

As regards subjects, delay in execution is most important, and I draw attention to the minute in 1900 of the then O. J. on the greater delay in mofussil executions as compared with the High Court. I should also like to bring forward suggestions to cut down pleadings, and to simplify service of process, etc. Fawcett's J. happy reference to the Judicature Commission reminds one that the Judicature Act abolished the old Chancery Bill of Complaint, and substituted the modern writ and statement of claim. Our present plaint is in effect the obsolete Bill of Complaint. May we not abolish it in our High Court? We could also suggest proper originating summonses (without plaints), and ditto Motions, and also extend the summary suits procedure? I would also suggest service by Solicitors instead of Sheriff; the elimination of admission of plaints; and the shortening of formal Decrees and orders, and the provision of lodgment and payment schedules for dealing with funds to be paid into or out of Court, and also for fewer *ex parte* orders and injunctions.

SUBJECT:—*Delay in the disposal of suits and appeals.*

I am directed to refer to Mr. Gwynne's letter No. F.-159-1922 Judicial, dated the 25th June 1923, on the above subject. The Government of India propose to appoint a Committee to consider the question of delay in the disposal of suits and the execution of decrees and ask for the views of this Government as to the advisability of appointing such a Committee and the scope of its enquiry if appointed.

2. In reply, I am to say that the Governor in Council cordially welcomes the proposal of the Government of India and fully agrees in the view that the course of litigation, in spite of every effort to expedite it, is still subject to such serious delays as to cause some lack of confidence in the administration of justice and to create an obstacle to the commercial and industrial development of India. This, however, has rightly been held not to cast any reflection against the judicial officers engaged in the administration of civil justice or the High Courts under whose control they discharge their duties.

The proposals of the Government of India refer only to the administration of civil justice. His Excellency in Council thinks that the question of delays with regard to the administration of criminal justice might also be taken into consideration, and would therefore suggest that the terms of reference of the Committee should be wide enough to enable it to go into the question as to the nature of amendments required in the entire system of administration of justice *civil as well as criminal* with a view to make it more expeditious, less costly and better calculated to command the confidence of the people by making it more suitable to their customs, habits and outlook in life.

No. 1367-J., dated the 31st August 1923.

From—L. S. WHITE, Esq., I.C.S., M.L.C., Deputy Secretary to the Government of the United Provinces, Judicial (Civil) Department,

To—The Secretary to the Government of India, Home Department.

I am directed to refer to your letter No. F-159-1922-Judl., dated the 25th-28th June 1923, on the subject of delay in the disposal of suits and appeals and the proposal to appoint a committee to inquire into the question.

2. The High Court and Judicial Commissioner have been consulted^a and I am directed to enclose for the information of the Government of India copies of the letters which have been received from them. The Governor in Council welcomes the proposal to appoint a committee. The mischief is undoubtedly serious and if in some measure a remedy can be found, the gain is well worth the effort.

3. As regards the scope of the enquiry the Governor in Council agrees with the view expressed by Mr. Justice Daniels that the committee should be given as free a hand as possible in making its recommendations and does not consider it advisable to attempt to limit its terms of reference too closely. The subjects enumerated at the end of paragraph 3 of the Home Department letter should certainly form the subject of enquiry by the committee, but it is suggested that the committee should be empowered to inquire into any other matters which may be suspected of contributing to delay. In this connection I am to draw attention to the views expressed by Mr. Dalal, who thinks that judicial officers themselves are in some measure responsible for delay, mainly on account of the absence of any special training.

No. 2554-180 of 1923, dated the 30th July 1923.

From—The Registrar, High Court of Judicature at Allahabad,

To—The Deputy Secretary to the Government of the United Provinces, Judicial (Civil) Department.

With reference to your letter No. 850-VII—233, dated the 11th July 1923, I am directed to forward the following opinions of the Hon'ble Judges of this Court in the matter of delay in the disposal of suits and appeals:—

DANIELS, J.—I think we should agree as to the advisability of a Committee, and that it should be given as free a hand as possible in making recommendations. Its scope should include the matters mentioned at top of page 3 of the G. G. O. and any others on which it considered that the present practice could be improved.

RYVES, LINDSAY, WALSH, JJ. and the HON'BLE ACTING CHIEF JUSTICE agree with the opinion recorded by Daniel, J.

KANHAIYA LAL, J.—The question of the Law's delays as applied to the disposal of Civil and Rent or Revenue suits, appeals, and execution proceedings, is largely connected with the habits of procrastination of the litigating parties, the personnel and constitution of the courts, the strength of the staff, the number of working days available, excluding the vacation and holidays, and at times to the tactics, or want of capacity or inexperience of the legal practitioners engaged. A commission to examine the causes of delay and advise as to the modifications needed in the existing laws and procedure, including any fresh legislation required, and to suggest any modifications in the constitution of the courts, whether created by acts of Parliament, Letters Patent, or otherwise, would therefore be welcome. The disposal of criminal and rent or revenue suits might be included.

Letter No. 1988-XIV—502, dated the 27th July 1923.

From—B. J. DALAL, ESQ., I.C.S., Judicial Commissioner of Oudh,

To—The Deputy Secretary to the Government of the United Provinces, Judicial (Civil) Department.

With reference to your letter No. 850-VII—233, dated the 11th July 1923, I have the honour to say that my opinion is asked :—

- (1) as to the advisability of appointing a Committee to suggest means to remedy the delay in the disposal of suits and appeals and the unsatisfactory results obtained in the process of the execution of decrees, and
- (2) the scope of the inquiry of such a Committee, if appointed.

In my opinion such an inquiry as is proposed will be very useful. Even if it does nothing more, it will be able to collect information from the different provinces and pick out suitable rules for universal application. India is no doubt vast and the conditions of different provinces are wholly unlike. At the same time, I have always felt that we work too much in separate and independent compartments, and one province, if properly informed, may learn much of use from another province. All through my service I have taken considerable interest in the rules of Court and was specially selected in 1910 to revise the rules of the High Court at Allahabad both those relating to the subordinates Courts and those of the High Court itself. I have, however, no knowledge of difficulties arising in other provinces and the methods by which they may have been met. Such a knowledge may possibly elucidate several difficulties of the legal administration of this province and suggest means which have not struck us of speedy method of procedure.

The letter of the Government of India has explored in considerable detail directions in which inquiry should be led. In my opinion two points have been missed out (1) the mentality of the Indian and (2) the education of the Indian Judicial Officers. Dilatoriness does not strike us as it would others. Recently I spoke on the subject to a learned colleague of mine, an Indian like myself, and his opinion was that there was no dilatoriness and that the work was being killed in Courts by hurry. The writing of long and elaborate judgments viewing a question from every point of view, whether it be necessary in that particular litigation or not and the quoting of authorities for every opinion, however well established, is an old tradition of Indian Law Courts and does not date from the commencement of the British Courts. In a recent case I had before me judgments, delivered by the Nawabi Courts in Oudh prior to the occupation, covered 10 to 15 foolscap printed pages in the printed record. Unless you convince Indian Judicial Officers that their ways and methods are dilatory I do not expect any quickening up of litigation.

I think that inquiry should be made as to the possibility of training Judicial Officers. They get no training of any sort or kind and every one goes his own way. One remembers how as a civilian officer in the first year of service the Collector and District Magistrate used to take the new arrival in hand and point out the way he should work. I have always felt that European officers and Indian officers of my service had a considerable advantage by such training over officers of the provincial service. Nobody takes in hand a Munsif when he first joins service. It must be remembered that when he joins he has had little, if any, practice and that judicial officers are not selected in India as in England out of practitioners who have made their names. At the Bar there is no system of a senior permitting juniors to work with him. The principle of practice adopted at the Bar has been, in my opinion, every one not only for himself but against every one else. This crude and untrained officer has no method of work, and in the nature of things he starts with the handicap of ignorance as compared to his Munsarim and Reader as regards routine of Courts. It is very rarely that he picks up courage to shake himself free and dominate those officials. A Munsif who has previously served in the ministerial department of a Judge's office always shows his superiority in the method of work. It has, however, been ordered now that no one, even though he may possess the necessary qualifications, can be appointed a Munsif from the ministerial staff. In my opinion this order is highly prejudicial to the efficiency of the service. If the Committee take up this matter for consideration, some means may be devised for the training of newly joined officers. I have been a District Judge now for 24 years and there are only three Judges' posts which I have missed out under the Allahabad High Court. My long experience in all these many districts has confirmed me in my opinion that delay in judicial work is mainly due to want of method among the Indian judicial officers. In this connection I append extracts from what I said in the Annual Report of the Allahabad District Court for the year 1920 and in a speech which I delivered at the Provincial Judicial Conference this year.

The Committee will do very useful service if it considered and made recommendations regarding the printing of law reports. I believe that Mr. Justice Coutts Trotter when he first came to the Madras High Court took up the matter and expressed his distress as any same lawyer would at the multiplicity of these reports. The High Courts themselves refer to every report printed without any authority, so the Subordinate Courts cannot be expected to take a different line. The reporting of

every word of a Judge, of wisdom or otherwise, has become a nuisance in my opinion. I quite expect to read soon in one of the reports the expletives of a Judge as he put his foot unsuspectingly in a tub of hot water. This mass of reporting puts a terrible strain on Courts of law. A Judge even of the highest Court is after all human and is not at his best at every moment of his duty. Every Court has to essay the task of reconciling different opinions of different Judges and even in the smallest matter the judgment lengthens out. This vast publicity leads to emulation among Judges to lay down principles of law where no such necessity arises in a particular case. There is Act XVIII of 1875 which definitely lays down in section 3 that no Court shall be bound to hear cited or shall receive or treat as an authority binding on it the report of any case decided by any of the High Courts other than a report published under the authority of any Local Government. As I have noted above High Courts pay no attention to this salutary provision of law and the Committee may be able to recommend the passing of some definite orders to prohibit unauthorised law reporting. The test of my complaint is easily made. One has to compare the judgments of the Honourable Privy Council which takes note only of its own previous judgments and on rare occasion of those reported in Indian Law Reports with those of the Indian High Courts. Such a comparison will reveal how their Lordships of the Privy Council in 2 or 3 pages or even in a few lines bowl over or affirm most lengthy pronouncements of the Indian High Courts.

I hope it is understood that facts are not so bad as one would imagine from the statement appended to the letter of the Government of India. A statement of the average duration of cases is often deceptive. The decision of a few very old cases makes the average duration mount up though the majority of cases may have been decided in reasonable time. It is the case of the "dram of evil" which all the noble substance often doubt to his own scandal." For instance if 10 cases have taken 6 months each to decide and one case has taken 5 years the average will be shown as 11 months though 10 out of 11 cases were decided within a reasonable time. There is delay and avoidable delay no doubt but a statement of average duration makes things look darker than they are.*

Extract from the Annual Report for the year 1920.

**** The institutions in the Court of Small Causes Allahabad and in the Courts of the two Subordinate Judges have fallen, yet the pending file in both the Courts of the Subordinate Judges is higher. I consider this to be due to an entire want of system in the trial of cases. As a rule I take up a few original suits of the Court of the Subordinate Judge for trial in order to see how work is carried on in that Court. Since I came here I had unfortunately not been able to do so till this month, when I discovered that the procedure prior to actual trial was extremely unsatisfactory. Issues were already framed in the suit which I took up on the date fixed for its hearing, and I discovered that another suit intimately connected with it and relating to the same property and in which also issues had been drawn up was fixed for hearing on another date. On the documents tendered by parties there was no note as to whether they were admitted or not by the opposite party. A suit is not properly gripped before the oral evidence commences. I have often told Subordinate Judges that fifteen minutes spent by them at the time of framing issues would save them five days later on in the proceedings. I have pointed out the defects to the Local Subordinate Judge who is newly appointed and I am in hopes that his outturn of work will be larger this year than that of his predecessors last year.

B. J. DALAL, I.C.S.,
Judicial Commissioner of Oudh.

Extract of speech made by B. J. Dalal, Esq., I.C.S., Judicial Commissioner of Oudh, to the Provincial Judicial Service in April 1923.

**** Avoid the fault of dilatoriness otherwise there is a danger of civil justice being brought into ridicule and disrepute. It is not so much the duration of a case that harasses the public as the constant postponements. Within the small sphere of a Judge's jurisdiction I have been able to quicken up work by prevailing on my fellow workers to study their own delay statements. The idea is that these statements are made for superior Courts and some judicial officers leave it to their Munsarims to sign them. As my great exemplar Sir George Knox used to say they are really devised to help the Courts to which they relate. Such a statement should be always before a judicial officer to remind him of the cases which have been delayed most and where the witnesses have come oftenest to Court without being heard. By fixing dates of hearing yourself and an intelligent provision in doing so much of the present complaint can be removed**** I do not suggest that we work short hours or are lazy but my belief is that we can do better by system and method. In Oudh, taluqdari cases ruin the business of many Courts but even taking them out, some of the suits are prolonged far longer than they should. Possibly the parties are not blameless and use devices to prolong litigation. In consultation we may be able to discover them and prevent them prevailing as they do at present. Our hard work is

universally recognised. Still I for one am not satisfied that we have done all we can to quicken up proceedings**** I shall repeat a few suggestions based on experience :—

- (1) Have the delay statements always with you,
- (2) Fix dates of hearing yourself,
- (3) Try and fix only as much work as you can do in one day,
- (4) Take pleaders into your confidence and consult them freely as to the time required for examination of witnesses of arguments,
- (5) Pass interim orders yourself and do not leave them to the Office : the certifying of sufficiency or otherwise of service is frequently left to the Office contrary to statute,
- (6) Grip the facts and do not permit any one to travel away from them,
- (7) Do not leave details of procedure to the end of the trial such as the admission of documents and so forth.

In answer to Mr. Gwynne's letter No. F.-159-1922-Judl., dated the 25th June 1923, on the above subject, I am directed to say that owing to the vacation of the High Court the Governor in Council regrets that it will not be possible to give a considered reply till the beginning of November next. But subject to a possible change of view on receipt of the opinion of the High Court he is provisionally of opinion that a Committee might suitably be appointed as suggested in Mr. Gwynne's letter and that the scope of the enquiry might be as indicated in paragraph 3 of that letter.

In continuation of my letter No. 3795 S. Judl., dated the 22nd September 1923, on the above subject, I am directed to say that the Governor in Council has now received the opinion of the Hon'ble Judges of the High Court of Judicature at Lahore and agrees with them that a Committee might suitably be appointed to consider the whole question. SUBJECT :—*Delay in the disposal of suits and appeals.*

I am directed to refer to your letter No. F.-159-1922-Judl., dated the 25th-28th June 1923, inviting the opinion of this Government on the advisability of appointing a Committee to consider the steps to be taken to expedite the cause of civil litigation and the scope of its enquiry if appointed.

2. In reply I am to say that the Governor in Council welcomes the proposed appointment of a Committee with an experienced Judge from England as one of its members to consider the whole question. The Hon'ble Judges of the High Court of Judicature at Rangoon were consulted in the matter and a copy of their reply containing a note by the Hon'ble the Chief Justice is enclosed for the information of the Government of India. I am to say that the Governor in Council agrees generally with the views expressed by the Hon'ble the Chief Justice.

SUBJECT :—*Delay in the disposal of suits and appeals.*

In reply to Mr. Nanavati's letter No. 167-W.-23, dated the 19th July 1923, I am directed to submit herewith a copy of the Hon'ble the Chief Justice's note, dated the 27th August 1923.

The Hon'ble the Chief Justice's note, dated the 27th August 1923.

As to the wisdom of appointing such a Committee the Hon'ble Judges are nearly equally divided in opinion. While no doubt it may be urged that the causes of delay and the failure to execute decrees are fairly well known and that a Committee would involve very large expenditure the matter does not rest there. Details of procedure might be dealt with by the Local Legislatures and closer supervision may be left to the High Courts concerned. Much can be done to speed up the disposal at all stages of suits. So far this province is concerned the figures given for 1921 show that Burma is considerably in advance of the other Provinces and later figures show a continued improvement in durations. But no one can deny that much still remains to be done. It is not, however, in respect of such matters that the Committee is proposed and the matter to be considered is not one of detail but of substantial changes in the general law applicable to all parts of the Indian Empire. The very grave issues involved need to be tackled in a comprehensive and thorough manner and feeble attempts to improve matters by small changes here and there are to be deprecated. In my opinion if any substantial improvement is to be made and retained it can only be by a complete and searching overhaul of our laws and procedure in the direction of simplifying the trial of suits and in the direction of limiting the time in which the aid of the Courts at all stages may be invoked. To do this means to deal with laws that apply to all parts of the Indian Empire alike and before this can be done the effects must be weighed from the point of view of each and every one of the Provinces. This could not be done effectively by calling for opinions and extracting from them the lines along which advance might be possible. It can only be done with any hope of a thorough and complete examination of the problems involved by a Committee such as is proposed. I do not consider that the expense should be weighed. There is no doubt of the risk to the industrial and commercial development of India and there is the encouragement afforded to a naturally litigious people to their grave detriment. It leads to injustice and places the poor at the mercy of the rich. In my opinion a Committee is clearly called for.

As to the scope of the enquiry it should I think be directed to the simplification of our procedure law for the hearing of suits and the execution of decrees. It may not be possible to do much in respect of the former but the latter matter needs drastic simplification. If suits are filed against persons who have no visible property it is hardly a matter for surprise that a large proportion of decrees obtained are infructuous. In Burma however a large number of judgment-debtors are natives of India who merely disappear into their own country and cannot be traced or made to pay without a greater amount of expense and trouble than the decree-holders are prepared to face. The enquiry might consider what can be done to ensure prompt help from Courts in India in such circumstances.

Our Law is very generous in the matter of appeals and this is perhaps necessary owing to the poor quality of the general run of subordinate Courts, but there are many appeals of various kinds allowed from interlocutory orders and preliminary decrees which result in great delays and which are often filed merely to cause delay and expense.

The question of the period of limitation allowed also needs consideration. There is no necessity for long periods and even if they cannot be reduced the energetic litigant might be rewarded for promptness by charging him a lower Court fee if he takes action without delay.

The question of Codification of Personal Laws is one needing very full consideration. There is no doubt that much time is spent in litigation involving questions of a personal law that would be saved if that law was codified. In most cases the parties are entirely ignorant of the provisions of their personal law and in Burma at any rate that law is in

a large measure judge-made law. The subject is highly controversial and attempts to codify have generally been opposed and have finally been given up. A full consideration of the subject by this Committee would collect all that could be urged on one side or the other and might enable this very beneficial reform to be accomplished.

The question of limiting the number of legal practitioners of the lower grades at any rate might be considered. That they are a source of litigation is undoubted and they do not assist the Courts but are in a large measure responsible for the length of durations.

In my opinion the appointment of such a Committee would have every prospect of obtaining very valuable results.

SUBJECT :—*Delay in the disposal of suits and of appeals.*

I am directed to refer to Mr. Gwynne's letter No. F.-159-1922, dated the 25th June 1923, on the above subject, and to say that the Governor in Council has consulted the Hon'ble Judges of the Patna High Court. Four out of the six Judges who have expressed an opinion, as well as the majority of the District Judges, are in favour of the appointment of a committee to consider the whole question, as contemplated in paragraph 4 of the letter referred to above. Copies of the opinions of the Hon'ble Judges are enclosed for the information of the Government of India, and I am to invite special reference to the views expressed by the Hon'ble Chief Justice and Mr. Justice Mullick.

2. The Governor in Council is strongly in favour of the proposed enquiry by a committee, and of associating in it a Judge of English experience who would carry weight. In the opinion of His Excellency in Council it should be an expert enquiry, and it would be fatal to give it a political bias. The scope of the enquiry should be to investigate the causes of delay in the disposal of suits and appeals by the Indian Courts, and to suggest such amendments of the law as may be considered necessary and practicable for the speedier disposal of civil litigation.

3. The notes of the Hon'ble Chief Justice and Mr. Justice Mullick discuss various important aspects of the problem. There is, however, one other point, which in the opinion of the Governor in Council is relevant, viz., the degree of latitude that is too often allowed to the bar in protracting proceedings. In the courts of original jurisdiction the cross examination of witnesses is not infrequently carried to undue length. Some presiding officers, either from an adequate appreciation of the rules of evidence, or from a misplaced desire to give the parties every opportunity to present their case, or sometimes, it may be, from an incapacity to exercise a proper control over the conduct of the proceedings, permit much irrelevant evidence to appear on the record. Not only is the trial of the suit protracted thereby, but the necessity of perusing a mass of evidence with a view to the exclusion of much that is irrelevant leads to a waste of time in the appellate court. The tendency to permit undue length of argument, from which the Governor in Council is constrained to observe even the highest courts in India are not altogether free, may be indicated as another possible cause of the delay in the despatch of civil justice. This question is a somewhat difficult and delicate one, dependent as it is both on the temperament of the presiding officer and on the fact that brevity and conciseness in argument have not been cultivated in the Indian courts to the extent that they have been in the courts of Great Britain. But the Governor in Council cannot but feel that much improvement might be effected in this direction if the High Courts, by precept and example and by upholding officers in subordinate courts who may endeavour to check undue prolixity at the bar, indicated their determination to deal with this aspect of the problem.

OPINION.

The Government of India want our suggestions to "such modifications of the law and procedure as would in themselves lessen the burden now placed on that (existing) establishment, while allowing of the greater expedition of civil litigation; and would, without placing fresh charges on the local Governments, afford some remedy at the hands of Government," for "they have no desire that measures should be suggested which would involve an increase of expenditure on local Governments."

This was exactly the standpoint from which I scrutinized the working of the subordinate Courts in the province during my inspection thereof to

which I brought to bear my personal experience while at the Bar and as a member of the public. In my minutes of inspection I recorded the following:—

- “The duration of cases from the date of institution to the date of disposal has been much reduced from what used to be in the former days and there is a chance of further reduction by improving the system of the trial of suits and execution proceedings, without any increase in the number of officers. It must be noted here that the officers have been devoting their full time and attention to the work,”

and I embodied in the minutes my suggestion for the improvement of the system after having consulted the various Judicial Officers, the Members of the Bar and the litigant public. A consideration of these suggestions was kept pending till the General Rules and Circular Orders of the Patna High Court were published which has since been done but they do not go far enough: *vide* sections 27 to 29 of the Civil Procedure Code and the rules grouped under Order V and Order XXIX, rule 2 and Order XXX, rule 3. For detailed suggestions I would refer to Collection No. XLIX, file No. 13 of 1921. Further experience has confirmed my belief in the suggestions made by me and I would refer to them here briefly.

I have perused the report of the Assistant Registrar of the High Court upon the system of service of processes of the Courts, such as summonses, notices, etc., which accords with my views.

It is now admitted on all hands that the service of processes or notices by means of identifiers supplied by the parties has proved to be most unsatisfactory and has led to serious frauds and forgeries. The cases where processes are received and receipts given are hardly 2 per cent. The system is responsible for this low percentage of *bond fide* service, and the Courts have ceased to have any confidence in such service, and they are now resorting to service by post which also is not satisfactory.

The identifiers supplied by the parties are often as much ignorant of the person or property to be served on as the serving peon himself and therefore the parties make terms with the peon. The affidavits filed by the identifiers are often false, and it is notorious that big estates have professional identifiers who never go to the spot but simply swear affidavits. It often transpires that the persons said to have been served were dead at the time of service.

This unsatisfactory method of service gives rise to a number of miscellaneous proceedings and even suits for setting aside decrees, executions, sales, etc., which not only cause harassment to the parties but also immense loss of time of the Courts.

A good and reliable service will give timely information to the parties and to the Courts of the death of a party and then substitution would be readily made.

It is therefore necessary to have local agencies for the service of Court processes. The Dafadars, Chankidars and Panches or the village administration which is now brought into being (Act III of 1892, sections 5, 6, and 7) may be usefully utilized for this purpose. The Local Government may make necessary rules under section 96 (2) (k) of the Act. I do not believe in honorary work of this kind. The parties at present spend a good deal on service of processes and they will not grudge paying fees along with the processes filed by them, for remunerating the village Officers for serving processes. They will be paid through the Courts concerned. The scale of fees may be fixed in consultation with the Local Government.

The affidavit of the serving peon will then be accepted as sufficient proof of the service until it is challenged. The General Rules and Circular Orders will have to be amended accordingly. The local Officers will certainly know the person and the property required to be served and there will be no danger of wrong service. They will also report the fact of the death of a party on the back of process and also the name of his heir. The parties concerned will be informed of this fact through their pleaders and they will then take necessary steps for substitution. Very often a party living at a distant place does not know the name of the heir of the deceased and he depends on local agencies for such information which he will now readily get, and he will thus be saved the necessity of applying several times for time to make enquiries.

The serving peon will now necessarily have to go to the village and will have the service verified by the local agency on the process and therefore there will not be any more fraudulent return of service, without going to the locality. There will then also be certainty of service upon minors and pardahnashin ladies.

The village officers are under the control of Government and can be dealt with in cases of misconduct. Therefore there is a good check, whereas the identifiers of the parties are under no such check.

The advantages of the system suggested would be:—

- (1) The substitutions in place of deceased parties will readily take place and the abatement of cases for want of substitution will be stopped as well as the subsequent elaborate proceedings to set aside abatements which take up so much time of the original as well as the appellate Courts.
- (2) The genuine and prompt service of processes would put a stop to institution of suits and proceedings for setting aside *ex-parte* decrees and execution proceedings.

- (3) The notices under Order XXI, rules 22 and 66 having been served properly, there would be no longer proceedings to set aside execution sales.
- (4) The judgment-debtors now feeling that they would not be able to falsely dispute the service of processes will see that the sale proclamations are properly served and bidders attend the sales so that their properties might fetch proper value.
- (5) The lower percentage of successful execution will then rise and the executions will then be not infructuous as they are now, and the decree-holders will be able to reap the benefit of their decrees except in genuine cases of poverty of the judgment-debtor.

In my minutes of inspection I have shown the enormously large percentage of infructuous execution and, as pointed out in the Government of India's letter under consideration, this naturally causes lack of confidence in the administration of justice and, as I said in my minutes, "It is incumbent upon a Court to see that its decree is respected and is properly executed."

Another suggestion which will tend to improve the execution of decrees is the strict compliance with rules 2 to 4 of Order XXI, rule 66 of interrogating and examining judgment-debtors in order to find out information regarding their properties and means to pay up the decretal amount. This is done very seldom. These rules were newly added in the Code of 1898, but they are very rarely taken advantage of by the parties or the Courts, and recently I tried them and found them to serve the purpose for which they were intended and the executions were expeditious and successful.

In my estimate one-third of the time of the subordinate courts will be saved if the aforesaid suggestions are adopted. There will also be a saving of time of the lower appellate Courts and of the High Court which is now occupied in disposing of appeals and motions arising out of matters referred to above.

The time thus saved can be utilized in the proportionate reduction of duration of litigation in the Courts, as observed by me in my minutes of inspection. Then there will also be much confidence reposed in the administration of justice.

The strict observance of rule 2, Order XII will also save time. This rule is with respect to calling upon the adversary to admit the documents filed by the opposite party, particularly the undisputed documents, and it empowers the Courts to impose cost of proving such documents upon the party which unnecessarily refuses to admit such documents regardless of the result of the suit. The rule is not generally observed, with the result that the opponent generally puts the party seeking to use the documents to unnecessary trouble and expense in proving the documents by witnesses. Apart from the harassment to the party concerned it causes unnecessary waste of time of the court which can be saved for reducing the duration of cases. The same remark applies to the provisions regarding interrogatories.

Another important matter relates to commissions to examine witnesses. The commissioner has no power to disallow questions, and has generally no control over time. This causes enormous waste of time of the Courts in going through the unnecessary and irrelevant evidence when the depositions taken down by the commissioner are put in evidence. Something can be done in this direction also.

In many matters the service of processes may be effected upon pleaders after the appearance of parties, and this will also save time. The service upon pleaders should by rules be made binding upon the parties.

The preparation of cause lists, the mode of fixing dates for hearing and notification of those dates on the Notice Board which have recently been introduced in the subordinate courts, have caused enormous saving of time and has reduced the corruption in the ministerial offices of the Subordinate Courts. The suggestions that I have made will also be wholesome in this direction.

Regard being had to the peculiar customs and the social system of the country and want of trained legal advisers referred to in the Government of India's letter under reply, I could only think of the above suggestions which would reduce the durations of cases and inspire confidence in the administration of justice, without entailing any additional cost, and I do not think there is any room for improving the law of Limitation or for curtailing the right of appeals and revisional applications for reducing the duration of cases.

The above suggestions will obviate the necessity of the registration of addresses suggested in the Government of India's letter for the purpose of service of notices inasmuch as the local agencies for service suggested above will know the addresses; but there is no harm in having this additional precaution.

I do not think any committee is needed for enquiry into the matter. I am therefore not in favour of such committee far less of associating a Judge from England into the enquiry, inasmuch as the conditions of this country are very much dissimilar to those of England.

Opinion of the Hon'ble Judges.

HON'BLE THE CHIEF JUSTICE.—One of the main causes of delay in the disposition of Civil suits is undoubtedly due to the joint family system prevailing amongst Hindus under which every member of the joint family holds an interest in the joint property. The majority of cases which arise in this province, and probably in other parts of India where the Mitakshara Law prevails, involve claims to property of this nature. This necessitates the introduction of a multiplicity of parties to the suit many of whom are minors and must be sued through guardians who have to be appointed for the purpose. Apart altogether from the initial difficulty of effecting service on so many parties, mortality during the pendency of the suit makes necessary the substitution of the legal representatives of deceased parties. It is not uncommon to find over a hundred defendants impleaded in suits of this nature. There are seldom less than a dozen. Further it frequently happens that the plaintiffs suing parties in another village receive no intimation of the death of one or other of the defendants and the suit abates before substitution can be made. In such cases it becomes necessary to apply to set aside the abatement before substitution can be made and generally disputes arise which have to be determined as to whether the circumstances warrant the Court in setting aside the abatement. Notice has to be served upon the surviving parties and time is spent in disposing of such applications before the suit or appeal can proceed. Again in all mortgage suits, which are numerous, in respect to joint family property, as new members are born into the family, it becomes necessary to add them as parties. Their birth is frequently unknown to the opposite side and questions often arise during the appellate stage as to whether decrees obtained in the absence of parties interested in the equity of redemption are not entirely infructuous. An instance of this class of defect arose before me recently in the case of *Hari Prashad Singh v. Surendra Mohan Singh* (I. L. R. 1 Patna 506 at page 519). This is merely an instance of many similar cases. I think these questions required careful consideration. No doubt it is a fundamental rule of all civilized system of jurisprudence that those who are not bound by the decree. At the same time I think the rules of representation might be advantageously modified in this country. I should be inclined to introduce a rule that in all suits relating to claims to joint family property the managing member of the family should, ordinarily, be entitled to sue or be liable to be sued in a representative capacity. It sometimes happens, however, especially in cases where alienations of family property by the managing member are questioned, that other members principally minors, have adverse interests. In such cases some procedure would have to be provided to permit them to apply to the Court to be made parties, but I should not allow more than one such party to represent the interests of a class. I merely suggest this as a possible remedy for an existing evil but I think much of the delay and much of the time occupied by the Court might be avoided by devising rules with proper safeguards along the lines indicated.

Another cause of delay, but one which I am afraid it is difficult to deal with by legislation, arises from the slipshod manner in which the preparation and conduct of the case in its initial stages is carried out by the legal practitioners in the mufassil. It is the exception rather than the rule to find pleadings skilfully drafted. Much irrelevant matter is usually introduced, and not infrequently important averments of pleas are either omitted or introduced in an ambiguous form. What would be the work of a Solicitor in England is here carried out by pleaders whose training and qualifications for this work leaves much to be desired. It often happens that important points of law are not taken until the case comes on appeal to the High Court. If the point requires evidence to support it, it is generally found that the evidence upon the point which had not been emphasised is either lacking or of a very unsatisfactory and chance nature and the case is either decided on the ground of onus of proof or has to be remanded to the lower Court for findings on fresh issues. It is not easy to see how the defects and delays arising from this cause can be effectually dealt with by amending the procedure. The root of the evil is deeper.

Another frequent cause of delay is the fact that the pleader in most cases has the greatest difficulty in obtaining funds from his client to pay the necessary court fees and expenses incidental to a trial or appeal. The court fees payable under the Court Fees Act at the commencement of a trial or appeal are for the most part *ad valorem* fees proportionate to the value of the subject matter of the suit or appeal which must be valued for the purpose of jurisdiction and payment of court fees in the plaint or memorandum of appeal. As it is unusual to file appeals until the last day of the limitation period, and as the fees paid are frequently deficient, applications for extension of time to pay the deficit occupy a disproportionate amount of the Court's time. Even the talbana of a few rupees in most cases payable for issuing notices is almost invariably left unpaid at the appointed time. The case has then to come before the Court for orders and apart altogether from the additional time occupied by the Court in disposing of such applications the case itself is delayed in the hearing. The pleader will not pay such fees and debit his client as a solicitor would in England and the client will not part with his money until it is extracted from him by repeated applications. Although considerable latitude is allowed many cases are struck off for default of prosecution owing to non-payment of fees. Applications are then made for restitution usually on the ground that the client was ill or did not receive his pleader's letter requesting payment of fees or on some other plausible excuse. The Court has power to extend the time for performing

such acts but if the rules were made more stringent in this respect I believe that much time would be saved. It would also be a salutary rule to enforce payment of talbana for service of notice on defendants or respondents at the time when the plaint or memorandum of appeal is filed. The sums necessary for this purpose are in most cases small and no injustice would be done if the deposit of these sums was required when the suit or appeal is instituted.

Another source of delay arises from the system of serving notice of process. All notices which have to be served personally are served by the court peons. In many cases either through inability to find the person to be served, or by reason of the necessary formalities not having been complied with by the peon, the service cannot be made or is defective. The peon as a rule does not personally know the party to be served. An identifier has to be provided by the party serving and must be ready to attend on the peon when he proceeds to effect service. If he does not turn up at the appointed time the notice is returned unserved and the process has to be gone through again and a fresh fee deposited. Such cases are, in my opinion, far too frequent. Personal service is often very difficult to effect in this country and defendants naturally attempt to avoid it. I find that the views of Judges whom I have consulted as to the remedy for this matter are divergent as to the best means of obtaining an effective and speedy service. Many of them consider that if some form of substituted service in lieu of personal service were generally permitted the remedy would be worse than the disease. There are undoubtedly cases where the venality of the peon, a low salaried official, is taken advantage of to make a false return and no service is effected at all. The defendant remains in ignorance and the suit is decreed *ex parte*. Invariably in such cases the suit is reopened either under Order 9, rule 13 or by a fresh suit to set aside the decree. The present rules for effecting service are contained in Order 5 of the Civil Procedure Code. Rules 10 to 20 of that Order require consideration. Under those rules each defendant must be served, and, where it is practicable, service must be made personally on the defendant or his agent empowered to accept service. By rule 15 where a defendant cannot be found service may be made on any adult member of his family residing with him. This is frequently done where the defendant can be found but does not happen to be on the spot. By rule 17 service may be effected by fixing a copy of the summons on the door of the house of the defendant provided the serving officer cannot find him after using due and reasonable diligence for that purpose. Frequently this mode of service is adopted where no diligence is used at all. Rule 20 provides for substituted service by order of the Court where the defendant is purposely avoiding service but this mode of procedure is seldom resorted to. That which is provided under rule 17 is more frequently adopted in such cases. These somewhat elastic rules based largely upon the English procedure give rise to frequent disputes as to the validity of the service. Where service is denied the serving peon is usually called as a witness. If he has acted under rule 17 he frequently fails when called as a witness to establish that he made any real attempt to effect personal service. The decree is set aside and the case begins all over again. On the other hand I am confident that in many cases where the defendant has been effectively served he purposely fails to appear and, after an *ex parte* decree is passed against him, applies to set it aside under Order 9, rule 13 of the Code hoping to be able to prove some defect or irregularity in the service. Even he has no defence he puts off the evil day for a time and hopes to exhaust his opponent's resources. Applications under this rule are much too frequent, in my opinion, and point to a serious defect in the system of procedure. I think it should be possible to devise some means of substituted service which might be permitted in all cases as an alternative to personal service and I think that this might be done in a manner which would practically insure that the person to be served in fact received notice if living in the village where the service was effected. It might possibly be done through the headman of the village in cases arising in the mufassil and by posting a copy of the notice in a conspicuous place, a book being kept for recording such service. Or again it might be effected by service at the residence of the party and by attaching a copy to the door or other conspicuous part of the house but whatever the process adopted I think it should be uniform and rigid allowing the minimum of opportunity for contesting its validity. I am well aware that there may be objections to this form of procedure but if some uniform method of service were adopted which would give the defendant every opportunity of obtaining notice I think it would soon become effective and avoid much controversy and delay.

Another matter which I cannot help thinking in many cases lengthens and adds to the expenses of the trial is the system prevailing of issuing commissions to examine witnesses when they might without much inconvenience attend the trial. Order 16, rule 19 exempts witnesses residing outside the local limits of the trial Court's jurisdiction and 200 miles or more from the court house from personal attendance at Court even where there is railway communication. I consider that the limit might be extended.

Another matter cognate to the question under consideration arises from the procedure adopted in many cases by Munsiffs and Subordinate Judges in the trial of suits. It has been the practice after the pleadings are closed to fix a future day, say, a couple of months hence, for the attendance of the parties with their witnesses for trial, irrespective altogether of the state of the file of the Court and whether there is any chance of the trial coming on on the day fixed. As a rule when the day arrives there is no chance of hearing the case in question and it is adjourned again for another day some weeks or months later. Frequently the parties and their pleaders relying upon the probability of

the case not being taken have not got their witnesses present and adjournments are again granted. It not infrequently happens that one or other of the parties takes advantage of this system, collects his witnesses knowing that the other side will not be ready and oppose any adjournment. Many cases are disposed of in such circumstances in the absence of the witnesses on one side or the other. In the Court over which I preside we have done our best to avoid this defect in the system by issuing instructions to the subordinate Courts not to fix a day for the hearing of the suit without consulting the list of pending cases and endeavouring to fix a day upon which it will not be necessary to adjourn the case to a later date. Considerable improvement has been effected in this manner but I think that the rules in this respect require reconsideration. I have no statistics, but from my experience I believe I should be well within the mark in stating that at least half the cases which come before the High Court on appeal are determined partly or entirely on question of practice and procedure. Such a state of affairs is regrettable and calls for enquiry.

Obtaining satisfaction of decrees by execution no doubt gives rise to considerable difficulty in this country. In the majority of cases in the mufassil the mode of execution is by attachment and sale of immoveable property and this frequently gives rise to conflicting claims between persons interested, or claiming to be interested, in the property attached. Charges of fraud in publishing or conducting the sale and applications to set aside the sale on that ground under Order 21, rule 90 are extremely frequent. I am afraid many frauds are perpetrated but charges of this nature are also constantly made without justification. Legislation can hardly be expected to cure either the fraud or the habit of making false charges. The benami system in vogue in India assists fraudulent debtors in disposing of their property when litigation is pending in order to avoid execution, but protection is already given against fraudulent alienations in order to defeat creditors by section 53 of the Transfer of Property Act of 1882 and, where the property is the subject of the suit, by the rule relating to transfer *pendente lite*. Many applications for execution are infructuous because they are merely instituted to save limitation and give a fresh starting point of 3 years under Article 182 of the Limitation Act. This frequently happens where a decreeholder can find no property of the judgment-debtor against which he can enforce execution, but wishes to keep alive his right. There may therefore be several applications within the 12 years allowed by section 48 of the Civil Procedure Code which are never intended to be proceeded with. The returns showing the percentage of infructuous applications do not therefore accurately represent the percentage of suits in which execution of decrees has entirely failed. There may be several applications for execution of a decree within the limitation period of 12 years some of which give no result and some of which result in part satisfaction although in the end the decree is entirely satisfied. The difficulty of obtaining satisfaction in execution is, I imagine, largely due to the difficulty of finding property against which to execute. The vast majority of the population appear to have a constitutional disinclination to liquidate their debts until compelled by legal process to do so. Their moveable property is as a rule small and in so far as it consists of money is easily concealed. Accordingly it is the immoveable property which is most frequently the subject of execution. I have some doubt whether legislation in the circumstances can do much to avoid the existing defects and delays. Possibly some delay might be avoided by demanding security for the decretal amount from the judgment-debtor in cases where objection to execution or to the sale of property attached in execution is taken. A rigid rule to this effect might work injustice in cases where the judgment-debtor is unable to provide security but in the case of persons of means it might have a salutary effect.

I consider that a Commission if appointed to deliberate and report upon the causes of delay existing might do some good. I should advise that it should contain at least one member who had an intimate knowledge of village life in India and of the work of disposal of cases in the subordinate Courts.

I am convinced that as a general rule the Munsifs and Subordinate Judges as well as the District Judges in this province work at high pressure and that no time is wasted by them in the disposal of cases. The area of this province excluding the Feudatory States and Political States not directly under British rule is 83,181 square miles, slightly less than that of England, Scotland and Wales combined. The population is almost as great and it has a passion for a litigation. The number of judicial officers is considerably less and a large number of the title suits tried are long and intricate. Economic conditions make it impracticable at present to increase the number of Courts and Judges and delay in the disposal of cases in such circumstances is inevitable. Moreover the social conditions existing in India are entirely different from those in England at the present day. In England cases are prepared for trial by skilled lawyers, witnesses are more easily induced to give evidence, means of communications are easier, clients are more readily accessible and money is plentiful. In India mortgages, conveyances and other legal documents prepared in the mufassil are drafted generally by ignorant scribes. The preparation of cases before trial is totally inadequate. All pardanashin ladies and most other persons of any rank or station are usually exempted from personal attendance and are examined out of Court. The country is split up into a number of small holdings which constitute in most cases the only tangible property of the people and money is scarce. The vast majority of the people are illiterate. Expedition and efficiency are to them matters of small moment. Their land

is in many cases to them their only means of livelihood and they take all means in their power to put off the day when they will be obliged to part with it. They are not altogether scrupulous in the methods employed for this purpose and as long as these conditions exist it would be impossible to expect the same expedition as exists in western countries.

15th August 1923.

THE HON'BLE SIR J. A. BUCKNILL:—The proposal seems a good one. The position is bad and complex. India seems a land full of litigation and lawyers. I don't think a Judge from England would help much.

6th August 1923.

THE HON'BLE MR. R. L. ROSS:—I am against the appointment of a Committee. The present state of things is primarily the result of Indian social conditions the, strength, absolute and relative, of bench and bar and the fact that it is a foreign system of law that is being administered.

The letter from the Government does not indicate the nature of the representations which have led to questions of delay in litigation being raised nor whether these related chiefly to commercial causes or indicated a general complaint. More figures may give a wrong impression; while any increase in the stringency of the law might produce a real grievance. If the suggestions contained in the last part of paragraph 3 of the letter indicate the matters which would engage the Committee I can see no material result as probable.

The practical considerations such as improvement in the service of processes which is probably more important than anything else in this connection; strengthening, if necessary, the judicial staff; restraining cross-examinations within the limits of relevancy and arguments within the bounds of common sense and similar points in the conduct of litigation are all within the competence of the local Governments and High Courts and should, in my opinion, be left to them.

9th August 1923.

THE HON'BLE MR. H. FOSTER:—I am of opinion that the proposal is a good one and that the scope of the enquiry of the proposed Committee should be on the broad lines indicated in the letter of the Government of India. I presume that there is no case now to discuss the causes of delay or the appropriate remedies therefor.

7th August 1923.

THE HON'BLE MR. T. S. MACPHERSON:—In my opinion the serious delays in the disposal of suits, appeals and execution proceedings should be enquired into, if only that Government may know what the causes are, and so place the blame if any precisely in the right place, as is at present often not the case.

The appointment to the committee of a Judge from England might or might not be useful, so divergent are the factors which count in England and in India. But the proposed committee should most certainly contain Judges of the High Courts who have long experience of running the English Department of the Court.

Though the investigations by the committee may lead to changes in the adjective law which will prevent individual cases from being prolonged almost interminably, I do not as at present advised look for much improvement in the average duration of cases. One reason for this is that it is not intended to look for any solution which may involve the expense of increasing the number of judicial officers. As Registrar of the Court I came to the conclusion that a considerable if not a great decrease in the average duration of cases would have been possible if the cadre were larger especially at certain seasons of the year. It is another matter, however, whether this greater expedition would be worth the extra cost. It may be taken as established that more work cannot be extracted from the present staff who are already overworked.

As to executions I have come to the conclusion after consideration of the matter for several years that there is no real cause for alarm at the number shown as disposed of in any one year as infructuous. (It is true that some cases are struck off with undue strictness by overworked and harassed Munsifs but they form a very small proportion). The real criterion would be the proportion of the decrees put in execution which eventually prove infructuous as compared with the total number put in execution. There are no definite materials on which to form an opinion; but my impression is that the proportion is small so that eventually the successful litigant does get his money; and I certainly do not think that except perhaps in rent decrees there is any good reason in this country for decreasing the period of limitation for application for execution.

If an investigation is to be made, the Committee should not sit as a body until a single officer preferably a High Court Judge has for some months been on special duty to secure statistics on many points not dealt with in the ordinary statistics submitted to and by the High Court and otherwise to prepare the way. It will also require some time for the Subordinate Courts to prepare and furnish those statistics.

It should also be remembered that in some parts of the country, for instance, in backward tracts like Chota Nagpur and Sambalpur expedition in the disposal of cases is more essential than in the more settled areas. In the latter more small money suits are now disposed of by the Small Cause procedure which is rapid enough, and for certain months in the year the Munsifs devote their time largely to rent suits which are practically all filed on or about a single date and, in many cases are uncontested. This absorption in rent suits no doubt increased the duration of title suits but that is an avoidable unless expense which is not contemplated, is to be incurred.

It must also be remembered that ordinarily the Bar is by no means desirous of expedition either in the preparation or in the hearing of a big suit.

But as several District Judges remark the delays are mainly due to the system itself in relation to the conditions of India and its peoples. At first sight therefore it does not appear feasible (further expenditure being ruled out) to expedite matters appreciably except in minor details without also incurring the result "The more hurry the less speed." Still an investigation provided always it is a close one conducted by real experts should in the first place result in removing causes of delay in such minor matters and indicating how, when financial conditions improve, judicial work may be accelerated by increase of staff, and in the second place be beneficial to the State in various other ways.

The 8th August 1933.

THE HON'BLE SIR B. K. MULLICK.—I think it is impossible to deal with this matter exhaustively at the stage, but the following observations may perhaps assist the Government of India in deciding whether a committee such as is proposed should be appointed.

2. The following table gives the figures for the last five years of the duration of trials in the Courts of Subordinate Judges and Munsifs in Bihar and Orissa.

Statement showing the average duration of suits in Bihar and Orissa during the years 1918 to 1922.

Year.	CONTESTED.		UNCONTESTED.		
	Sessions Judge's days.	Munsifs' days.	District Judges' days.	Sessions Judges' days.	Munsifs' days.
1918	424	237	215	310	189
1919	444	222	207	295	121
1920	391	214	206	259	124
1921	417	222	254	268	129
1922	385	207	189	263	111

3. It will be seen that although there has been gradual improvement the duration of cases is still high. One obvious remedy is to increase the number of judicial officers very largely at once, but so far as the causes of delay are peculiar to Indian conditions it will be as well to remember that time alone will effect any real improvement. Legislation and the provision of more adequate ministerial staff may do something, but it is idle to expect that the standard of modern England can ever be attained here till material and economic conditions improve. The principal causes which operate to maintain the difference between the two countries may be summarised as follows :—

- (a) The habits of procrastination inherent in the people.
- (b) The joint family system and the resultant joint tenancies.
- (c) The great distances to be travelled by litigants.
- (d) Insufficient communications.
- (e) The incompetence of the bar, the absence of solicitors and of skilled draftsmen.
- (f) The necessity of examining on commission pardanashin women, important landowners and witnesses residing beyond a certain distance from the Court.
- (g) The incompetence and frequent dishonesty of the ministerial staff.
- (h) The fact that this province is a country of peasant proprietors with small holdings who are compelled by necessity to fight for every inch of their land which is their only means of subsistence.

To this must be added the general observation that the laws of procedure and evidence are foreign to the people and lend themselves to chicanery and subtleties which were never anticipated by their framers and that litigation is sometimes a gamble, sometimes a safety valve, and sometimes an engine for oppressing a weaker opponent. But the present system of judicial procedure was introduced after mature consideration and is too late in the day now to think of anything more in conformity with the habits of the people; and if the experience of the States under the rule of Indian Chiefs is any guide then things are far worse there in British India. In every such State there is I believe a steady movement towards the introduction of the elaborate procedure of the Indian Courts.

4. But although the field for reform is limited I think that the Committee may be usefully employed in inquiring into the actual work of the various Courts with the object of making suggestions for the quicker disposal of business and I propose to deal shortly with the state of business in each of these Courts.

In this province, the lowest in rank is the Court of the Munsif which is solely a Court of original jurisdiction. Some Munsifs are vested with S. C. O. powers and it may be safely said that they discharge these powers satisfactorily and without much delay. In the ordinary course cases under Rs. 100 in value are decided within three months. Title suits and money suits, if contested, generally take about six months, and some reform in respect of these is indicated. Rent suits where they are tried by Revenue Officers are decided with much greater expedition than in the Civil Courts.

Munsifs who have special jurisdiction, that is to say, for the trial of suits between Rs. 1,000 and Rs. 4,000 are naturally slower, but it does appear to be a fact that they dispose of these cases quicker than a Subordinate Judge.

It is often said that the difficulty of serving processes is the cause of the delay in the trial of contested money and title suits, but in my opinion, this evil is much exaggerated and the process serving department on the whole works well having regard to the material with which that department is staffed. The salaries of the process servers are small and the temptations great, and it is surprising that the results are not worse than they really are.

5. In these circumstances, the following remedies for expediting trials in the Courts of the Munsifs appear to me to be worthy of consideration :—

- (i) The transfer of rent suits to the Revenue Courts and of the process department to a Revenue Officer. The Revenue Officer being a touring officer will be in position to supervise the service of processes more efficiently.
- (ii) The substitution of a summary procedure for the trial of title suits under Rs. 1,000 in value. In a country where the sanctity of oaths and affirmations is by no means so highly rated as in England oral evidence loses much of its force; and although the number of witnesses called is always excessive and the right of cross-examination is always abused the average Munsif decides a case not so much upon oral as upon the documentary evidence adduced. The substitution of the summary procedure for suits under Rs. 1,000 in value would not be a serious hardship.
- (iii) Greater attention to the rules for discovery and inspection of documents. These rules are very little understood by mufassal practitioners and contact with men trained to the practice of the original side of High Courts alone can help to spread the necessary knowledge to mufassal Courts.

6. The next class of Courts which require consideration are the Courts of the Subordinate Judges. In these Courts the average contested suit is not disposed of under one year. In my opinion the delay cannot be remedied without a substantial increase in the staff, for the Subordinate Judge in this province is habitually overworked and rarely lives to enjoy his pension for any substantial period of time after retirement. But as in the case of Munsifs the introduction of a summary procedure for the trial of some of the suits would give some relief. The Committee might perhaps consider whether suits up to the value of Rs. 5,000 cannot be summarily tried.

7. But both in the Courts of the Munsifs and the Subordinate Judges there is one general consideration which has always to be kept in mind. A large number of orders appear on the order sheets of the Courts which bewilder and amaze one who is strange to the procedure, and they are apt to leave the impression that the Court is lenient to the point of weakness and that adjournments are to be had for the mere asking. That is really not the case. The fact is that the Courts are overworked and adjournments are given not because it is necessary to the parties to get them but because the Court cannot take up the case and because any excuse is good enough for the order sheet. As soon as it is known that the Court will take up the case all frivolous objections are dropped and an old case is quickly got ready for trial. This is noticed time after time when an additional officer is posted to clear off arrears and there is then very little difficulty in making cases ready for hearing.

I would suggest that the services of a stenographer or clerk who could relieve the Judge of the duty of recording evidence should be entertained in all suits above the value of Rs. 1,000. This will probably add considerably to the cost of judicial administration but there can be no doubt that it will result in avoiding adjournments for want of time and will enable the Court to give greater attention to what the witness is saying.

8. In courts of appeal subordinate to the High Court there is little delay but there will clearly be greater expedition if the introduction of summary procedure in the Courts of the Munsifs and Subordinate Judges is accomplished by a corresponding curtailment of the right of appeal. I would allow no appeal in cases to which that procedure applies without the sanction of the trial Court.

9. As to the High Court the principal reason for waste of time is that, owing to the incompetence of the mufassal practitioners the cases are never properly presented till they come to that tribunal. The practice of taking advice on evidence is unknown and a question is never pushed home in cross-examination with the express purpose of leaving it open to Counsel in the High Court to resort to inconclusive and inconsistent theories. The practice of what is called building up a case in the trial Court for winning it not in the trial court but in the appeal court is also widely prevalent, and for this it is difficult to suggest a remedy. The remedy if there be any lies with the trial Court and something might also be possibly done towards costs depend on the length of the trial. While costs and fees in the High Court are certainly not low, I think litigation is disproportionately cheap in mufassal Courts. It is no uncommon thing now-a-days to see a Subordinate or District Judge continuously occupied with one civil suit for more than six months at a stretch.

10. In this High Court there are no original commercial cases but it is possible that in High Courts which have an original side some reform may be needed. Whether the establishment of a City Civil Court is indicated in a place like Calcutta for instance is a matter which the Committee would be well fitted to investigate.

11. As regards business in the High Court one other remedy suggests itself to me, namely, the curtailment of the right of appeal against the decision of a single Judge of the Court in cases under Rs. 1,000. This is a reform which is long over-due and at the present time the state of work in the High Court is such that it is not fair to allow litigants whose suits are of small value to monopolise a disproportionate share of the time of the Court. In a suit under Rs. 1,000 in value three appeals seem to be wholly unnecessary.

12. As an illustration of the average progress of a suit from its institution till its disposal by the High Court I give the instance of a suit for the recovery of Rs. 600 odd for goods bought by a commission agent on behalf of the defendant. The suit was instituted in the Court of the Munsif of Patna on the 13th of September 1918. As the defendant resided in Sylhet his appearance could not be procured till the 12th of February 1919. He took two unnecessary adjournments to file his written statement which he finally filed on the 14th March 1919. Issues were framed on the 28th of March. After no less than ten adjournments the trial began on the 1st of August 1919, and was concluded on the 4th of August 1919, judgment being delivered on the 14th of August. The order sheet of this case of which a copy is appended exhibits a typical instance of the manner in which adjournments are really given because the Court has not time to take up the case. From the Munsif there was an appeal to the District Judge who registered the appeal on the 19th of September 1919 but he could not take it up till the 20th April 1920 on account of other work. He heard arguments that day and delivered judgment on the 28th April 1920. Next a second appeal was preferred in the High Court on the 14th August 1920, but owing to pressure of other work the appeal could not be disposed of till 3rd July 1922. As the case was heard by a Judge sitting alone a Letters Patent Appeal was next preferred on the 28th July 1922 and was disposed of on the 10th of August 1923 by a Division Bench. The litigation therefore for this small sum of money took from 13th of September 1918 till the 10th of August 1923. In my opinion the curtailment of the right of appeal in this class of case is urgently indicated.

13. Execution cases. The delay in this branch of work is at first sight the great blot in our mufassal administration of civil justice, but in a country where the number of money suits is comparatively small and where land is the principal subject for litigation it is really not of much consequence. The large number of infructuous applications indicates that decree-holders do not prosecute their cases vigorously and as has been already observed no amount of legislation will overcome their habits of indolence and procrastination. In every execution case at least four sets of notices have to be served and it is impossible to bring a holding or an estate to sale under four months. Owing also to the illiteracy and the meagre pay of our process serving establishment the process server carries no weight. Every service of process is attacked and almost every sale is impeached on the ground of irregularity. Where there is a local newspaper a publication of sale notices in it often has a very salutary effect, but in the mufassal these are few in number and their circulation is poor.

In my opinion the only effective remedy against the prolongation of execution proceedings is the shortening of the period of limitation. Twelve years is far too long for the life of a decree and I would limit the period of limitation for the execution of decrees for moveable property to six years and for immoveable property to three years.

14. It appears, therefore, to me that upon the information at present available a committee such as that proposed by the Government of India might be of considerable assistance in investigating the causes of delay in the various provinces and in suggesting legislation for the reduction of the duration of trials. Whether materials should first be collected before the Committee is appointed is a question of detail as also is the question whether it would be better to send a Judge from India to England to study the judicial system there rather than bring a Judge out from England to this country. That

experience of a different system will be valuable cannot be denied; and if it is found more convenient to bring out a Judge from England I have no doubt with the assistance of one or more qualified and experienced Judicial Officers and legal practitioners from this country he will be able to make effective suggestions for speeding up the judicial machinery.

No. $\frac{561}{750-V}$, dated Nagpur, the 5th September 1923.

From—D. J. N. LEE, Esq., I.C.S., Under-Secretary to Government, Central Provinces, Judicial Department,

To—The Secretary to the Government of India, Home Department, Simla.

SUBJECT:—*Appointment of a Committee to consider the question of expediting disposal of suits and appeals in civil cases.*

With reference to Mr. Gwynne's letter No. F.-159-1922, dated the $\frac{25th}{26th}$ June 1923, asking for the views of this Government on the above subject, I am directed to say that the Governor in Council is of opinion that the question of shortening the duration of civil litigation in India is so important and at the same time so complicated that the appointment of the proposed Committee for its consideration is highly desirable. He is entirely in favour of the proposal of the Government of India.

Letter No. J.-727-5433-G. J., dated Shillong, the 23rd October 1923.

From—A. W. BOTHAM, Esq., C.I.E., I.C.S., Chief Secretary to the Government of Assam, General and Judicial Department,

To—The Secretary to the Government of India, Home Department.

SUBJECT:—*Delay in the disposal of suits and appeals.*

I am directed to refer to Mr. Gwynne's letter No. F. 159-1922-Judicial, dated the 25th June 1923, and to say that His Excellency the Governor in Council agrees with the unanimous opinion of those whom he has consulted that the appointment of the proposed Committee to enquire into the delay in the disposal of suits and appeals and the unsatisfactory results obtained in the process of the execution of decrees would be valuable.

2. As to the scope of the enquiry, His Excellency the Governor in Council agrees that the enquiry should be concerned both with the delay in disposal of suits and the unsatisfactory results of execution proceedings; and considers that the Committee should deal rather with the possibility of enabling the existing staff to deal more expeditiously with the work than with the question of strengthening the present staff.

No. 873-G., dated Calcutta, the 19th January 1924.

From—J. D. V. HODGE, Esq., I.C.S., Registrar of the High Court of Judicature at Fort William in Bengal, Appellate Side,

To—The Secretary to the Government of India, Home Department.

SUBJECT:—*Delay in the disposal of suits and appeals.*

I am directed to refer to Mr. Tonkinson's letter No. F.-152-22-Judl., dated the 17th November 1923, and, in reply, to communicate, for the information of the Government of India, the following observations of the Court on the above subject.

2. The Government of India's Circular letter of the 25th June 1923, addressed to Local Governments, reached the Court in the latter part of November. This letter, after referring to statistics illustrating Judicial delays and after making some observations of a more or less general character, concludes with a suggestion that a Committee should be appointed to consider the whole subject and asks for the opinion of the Court "in regard to the advisability of appointing such a Committee and the scope of its inquiry if appointed." The limitation is added that the Government do not contemplate any increase of the Judicial establishments or any additional expenditure. They look primarily to modifications of law and procedure designed to secure greater expedition in civil litigation.

3. As matters now stand, it is understood that a Committee has in fact been appointed, or is in course of formation, and that only the question of the scope of its inquiry remains. As to this, the limitation imposed by the Government of India will apparently

preclude the Committee from considering whether some increase of initial expenditure might not in the long run result in expedition and also in economy. But if such a limitation be necessary, the Hon'ble Chief Justice and Judges consider that for the rest the instructions to be given to the Committee should be of the widest possible character and that it would be unprofitable to attempt to mark out in advance the particular lines of inquiry which they should pursue. As the Government say in one part of their letter, in view of the peculiar circumstances of India, "if any improvement is to be now effected it can only be as the result of a review of the whole question in its widest aspects." The Hon'ble the Chief Justice and Judges think that to suggest a line of inquiry is provisionally to recommend a remedy and the suggestion itself may arouse opposition or discussion before the materials for a decision have been collected. It seems to Their Lordships desirable that the Committee should start with open minds and make their own proposals after they have investigated the causes of delay in the light of the evidence which they receive.

The following notifications, issued by the Government of India in the Home Department, published in the *Gazette of India*, dated the 2nd February 1924, are republished for general information. *

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

[Second publication.]

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—*Saltees.*—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggess* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

Given under my hand and the seal of the Court of the District Judge of Dinajpur this 26th day of January 1924.

E. MILSOM, *President.*

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules and Regulations

and

In the matter of an election to the Bengal Legislative Council from the Rajshahi Non-Muhammadian Rural Constituency

and

In the matter of Kishori Mohan Chaudhuri ... *Petitioner*

versus

Sudarsan Chakravarti, Vakil, District Judge's Court,
Rajshahi *Respondent.*

The humble petition of Kishori Mohan Chaudhuri, petitioner above-named, of Rajshahi,

RESPECTFULLY SHEWETH—

(1) That your petitioner was a candidate at the last general election for the Bengal Legislative Council from the Rajshahi Non-Muhammadian Rural Constituency aforesaid, the Respondent abovenamed, Babu Sudarsan Chakravarti, being the only other candidate.

(2) That polling for the above constituency took place on the 21st and 22nd November 1923, at 32 polling stations on the first day and at 9 polling stations on the second.

(3) That the counting of votes by the Returning Officer took place on two days, namely, the 3rd and 4th December 1923, and on the last mentioned date the Respondent candidate, the said Babu Sudarsan Chakravarti, was declared elected, and his name has since been published as such in the *Calcutta Gazette* of the 12th December 1923.

(4) That your petitioner is informed and believes that the said Babu Sudarsan Chakravarti by himself and his agent or agents and by other persons acting on his behalf was guilty of various corrupt practices at the said election, such as treating and illegal payments with a view to the improper influencing of votes, and the publication of false statements with the object of prejudicing your petitioner's prospects of election, and your petitioner charges that the said election was not a free or proper election and the result of the election was materially affected by reason of the commission of the said corrupt practices.

(5) That as required by rules 35 (2) your petitioner begs to annex to this petition a list of the said corrupt practices with particulars, and craves a reference thereto as part of this petition.

(6) That your petitioner begs to deposit herewith security of the required amount for costs in one Government Currency Note of Rs. 1,000.

(7) That the Respondent candidate has not yet submitted his return of election expenses, but as an early enquiry is necessary in the interests of purity of election and general administration, your petitioner is filing this election petition without waiting for the submission of the said return of expenses, and your petitioner reserves the right of adding to or altering this petition, if necessary, after the said return is filed.

Under the circumstances your petitioner prays that it may be determined that the said Babu Sudarsan Chakravarti was not duly elected or returned and that the said election may be declared null and void, and your petitioner further prays for the costs of this petition.

And your petitioner as in duty bound shall ever pray.

(Sd.). KISHORI MOHAN CHAUDHURI.

VERIFICATION.

Verified that the statements in the foregoing paragraphs are true to my knowledge except those in paragraph 4 which are made on information received and believed to be true. This verification is signed by me at 36, Lansdowne Road, Calcutta, on the 31st December 1923.

LIST OF CORRUPT PRACTICES REFERRED TO IN THE ANNEXED PETITION.

I. Treating.—Sumptuous refreshments (such as *loochis*, *dahi*, *chira*, rice, fish, etc., *pan*, *cheroot*, and in one case, viz., at Tanor pachai drink) were provided for voters with a view to influencing their votes at various polling stations on the respective dates of polling, e.g., at—

Nator, Takiarhat, Madhnagar, Lalore, Kalam, Walia and Lalpur in the Nator subdivision,
Naogaon, Mahadebpur, Panchupur and Badalgachi in the Naogaon subdivision and
Nohata, Durgapur, Bagmara, Tanor, Godagari, Jhalmalia, Charghat and Sardah in the Sadar subdivision.

The arrangements for these entertainments were supervised by the following persons amongst others :—

Babu Sudarsan Chakravarti's brother Babu Annkul Chandra Chakravarti at Madnagar,
Babu Sudarsan Chakravarti's nephew and election agent Babu Akhil Chandra Chakravarti at Kalam,
Babu Sudarsan Chakravarti's son Babu Suprakash Chakravarti at Tanor,
Babus Bhupendra Nath Khan, Jitendra Nath Khan, Jogesh Chandra Ray (Mukhtear) and Indu Sidhanta (Pleader) at Nator,
Babus Jnanendra Mohan Sanyal and Probodh Chakravarti (Pleader) at Lalore,
Babu Bisweswar Roy (Pleader) at Naogaon,
Babu Mahim Chandra Ghosh at Mahadebpur,
Babu Tarini Mandal at Nohata,
Babu Lalit Mohon Chatterjee at Godagari,
Babus Surendra Nath Maitra and Sarat Chandra Maitra at Jhalmalia,
Babu Surendra Nath Maitra's son at Charghat and Sardah, and by other relations and agents of Babu Sudarsan Chakravarti at other places.

II. Illegal payments.—Cash payments were made to several poor voters (names not all known) for getting their votes, and many voters were employed for pecuniary reward ostensibly as canvassers thus—

- (1) Rupees 5 was paid to Girish Chandra Sarkar and Jay Chandra Shaha, two voters of Jugishon, and Rs. 6 was paid to Sriram Pramanik and another voter of Jaikristapur at Durgapur polling station on the polling date, by the agent of Babu Sudarsan Chakravarti.
- (2) Money was also paid (amount not known) to Kailas Chandra Sarkar, Bissweswar Sarkar, Rasik Chandra Acharyya and other voters at Takiarhat polling station on the date of polling, by the agent of Babu Sudarsan Chakravarti.
- (3) Rupee 1 per head was also paid to Chandra Kanta Saha, of Kassimpur, Durlav Pal of Basudebpur, Ramnarain Sarkar, of Hat Gobindpur, Iswar Chandra Ghosh, of Karimpore, and other voters of Godagari police-station before the date of election, by Babu Lalit Mohan Chatterjee on behalf of Babu Sudarsan Chakravarti.
- (4) Payments were also made at Godagari and Naohata polling station on the polling date to several voters on account of their conveyance.

III. Publication of false statements.—Leaflets were circulated with misleading suggestions and false statements with the knowledge and connivance of the respondent candidate which were calculated to and did influence a large number of voters all over the district against the petitioner.

This was done only a few days before the polling, when there was little time left to the petitioner to contradict, or to warn the voters fully.

It was alleged in these leaflets among other things that the petitioner had voted against the transferability of jote land, and cutting of trees on jote lands and stoppage of excessive enhancement of rent and otherwise acted against the interest of raiyats, which allegations were all false and false to the knowledge of the respondent candidate and his agents and other persons who circulated the same. The circulation of these false allegations was persisted in even after the issue of a contradiction by the petitioner.

Mahadebpur voters were induced to believe that the Mahadebpur registration office would be soon removed to Kirtipore in consequence of the establishment of a registration office at Madaripore, and Godagari voters were falsely induced to believe that the Godagari registration office had been unjustly removed to Madaripore through the machination of the petitioner.

Malicious insinuations were circulated against the petitioner regarding his work during the last flood and bridging the breaches in the Natore road.

Copies of the leaflets containing the false statements are attached herewith along with the contradiction issued by the petitioner.

Apart from the leaflets, other false allegations were also spread against the petitioner by Babu Probodh Chandra Chakravarti, pleader, an agent of the respondent candidate, amongst others, to the effect that the petitioner was responsible for increasing the rates of postage and the enhancement of the salt duty.

VERIFICATION.

Verified that the foregoing statements are made on information received and believed to be true. This verification is signed by me at No. 36, Lansdowne Road, Calcutta, on the 31st December 1923.

1. No petroleum which is dangerous within the meaning of the Indian Petroleum Act, 1899 (VIII of 1899), shall be shipped on board any native passenger ship proceeding or departing from British India, and no other petroleum shall be carried on board such a ship, except as fuel in bulk for the use of the ship, or as cargo, and under the following special conditions, namely:—

- (a) Petroleum carried as fuel in bulk for the use of the ship shall have a flash point of not less than 150° Fahrenheit by Abel's close test and shall be carried in cellular double bottoms under engine and boiler compartments, or under ordinary holds, or in peak tanks, deep tanks or bunkers of approved construction:

Provided that the oil fuel storage tanks and installations in connection therewith fully comply with the conditions described in the Instructions to Surveyors contained in the Board of Trade Circular No. 1624 (Oil Fuel Installation in Passenger Steamships), dated November 1920.

- (b) The master, owner or agent shall give notice to the Chief Customs Officer, or such other officer as the Chief Customs Officer may nominate in this behalf, before permitting any petroleum to be shipped as cargo.

- (j) No more passengers shall be carried than can with safety be accommodated in the ship's boats in case of accident, unless the vessel is a coasting one proceeding on a short voyage and there are provided life-belts sufficient for such passengers as cannot be accommodated in the boats.
- (k) At any port in which a ship carrying petroleum is for the time being, the Chief Customs Officer or such other Officer as the Chief Customs Officer may nominate in this behalf, may take and test any consignment of such petroleum or any single case or drum thereof.
- (l) If any petroleum tested under clause (k) is found to be dangerous petroleum defined as aforesaid, the whole consignment of which the petroleum tested formed a part shall be liable to confiscation.

NOTIFICATIONS.

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhanga khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—Saltees.—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed : Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggess* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

At the close of each month he shall forward to the Protector a report of his inspections in Form No. 1.

On the day following the debarkation both Master and Surgeon shall separately address the Protector, and shall inform him in writing of any charges of complaints which they may have to make against any one on board in connection with his or her conduct on the voyage, with a view to the necessary investigation being held before the emigrants disperse to their homes.

31. The inquiry for relatives entitled to succession shall be made by the Protector through the District Officer, and if such relatives are traced, the Protector shall withdraw the amount deposited in the Bank, and shall transmit it to the District Officer concerned for payment to the person or persons reported by him to be the legal heir or heirs of the estate :

32. If satisfied he will sign the agreement by way of attestation.

34. The Protector shall maintain the book referred to in section 18, sub-section (2) of the Act in Form No. 7 and shall register therein the particulars required for the proper filling up of the form concerning each person engaged or assisted to emigrate and his dependents, if any, and concerning the person engaging or assisting him.

35. For each person registered by the Protector under clause (c) of sub-section (2) of section 18 of the Act, a fee of Rs. 3 shall be levied from the person who engaged such person and—

- (b) no part of such fee shall be recovered from the person so registered,
- (c) if the person registered fails from any cause to embark, the fee realized on his account shall not be refunded.

36. In the event of any person engaged and registered or his dependents—if any, not being despatched from the port of embarkation, or not embarking on the date fixed in the first instance but on a subsequent date, the fact shall be notified to the Protector by the person who engaged them, information at the same time being furnished as to the reasons of such non-embarkation or of such change in the date of embarkation, and the Protector shall record the information thus obtained in the "Remarks" column of the register referred to in rule 34.

37. If, upon the return of any person after the expiry or termination of his engagement, the person who engaged him claims the release of any security which he may have furnished in pursuance of the provision of clause (c) of sub-section 2 of section 16 of the Act, he shall produce the person engaged with his dependents, if any, before the Protector at the port at which he originally embarked.

(2) The Protector shall, on receiving the effects, make an inventory of them in a register in Form No. 6 to be maintained for the purpose, a reference to such inventory being at the same time made in the "Remarks" column of the register maintained under rule 34 opposite the name of the deceased person and shall cause inquiries to be made through the District Officer for the heir or heirs of the deceased. He shall in the meanwhile dispose of the effects to the best advantage possible either by public or private sale and deposit the amount realised in his personal ledger account with the Imperial Bank.

(3) If any heir or heirs be traced the Protector shall remit to the District Officer concerned the total amount at credit of the estate of the deceased for payment to the person or persons reported by him to be the legal heir or heirs. Provided that where the sale-proceeds of the property of the deceased together with any other amount payable to him deposited in the Bank to the credit of his estate exceeds Rs. 300 in value, the District Officer shall not be bound to deliver the money to the person or persons reported to be the legal heir or heirs except on the production of probate, letters of administration or a certificate or other satisfactory evidence of title.

In the event of there being no heir traceable the amount shall be kept in deposit for a period of three years if the value of the estate exceeds Re. 1 in amount and if no one claims it within that period it shall be credited to the Local Government. Election Petition.

Shyam Chand Bysak, son of late Brindaban Chandra Bysak, resident of No. 14, Taker Hat Lane, Nawabpur, Dacca *Petitioner.*

versus

(1) Rai Bahadur Pyari Lal Das, M.B.E., son of late Suklal Das Poddar, of 32, Sutrapur Road, Dacca, (2) Babu Dharendra Chandra Roy, son of Babu Ananda Chandra Roy, of Ananda Chandra Roy Street, Dacca, (3) Babu Satish Chandra Sarkar, son of late Umesh Chandra Sarkar, Principal, National College, resident of Gandaria, Dacca *Respondents.*

The humble petition of the petitioner above mentioned, most respectfully sheweth:—

MAY IT PLEASE YOUR EXCELLENCY,

1. That for the purpose of the last Bengal Council general election of the Non-Muhammadan constituency of the Dacca city, it was divided into 7 electoral areas corresponding to the 7 wards of the Dacca Municipality. The names of the polling officers and the polling stations for those electoral areas are given hereunder as follows:—

Ward.	Station	Polling officer.
1.	Northbrook Hall	... Babu Probode Ch. Roy, Munsif..
2.	Moslem High School	... „ Girish Ch. Nag, Deputy Magistrate.
3.	Wari Girls' School	... „ Jamini K. Roy, Munsif, and „ Jatindra K. Bose, Munsif.
4.	Malitola Girls' School	... Mr. W. C. Carter, I.C.S., and Babu Monoranjan Das, Sub-Registrar.
5.	Medical School	... Babu Romes Ch. Sen, Munsif.
6.	Nabakumar High School	... Birendra Nath Ghose, Deputy Magistrate.
7.	Nababganj Girls' School	... Atal Behari Dutt, Munsif.

2. That the said election for wards 5 and 6 was held on the 20th November 1923 and for wards 1, 2, 3, 4 and 7 was held on the 23rd November 1923.

3. That the petitioner and the respondents were nominated as candidates for election from the aforesaid constituency at the last general election of the Bengal Legislative Council and that the petitioner polled 489 votes, respondent No. 1 polled 518 votes, respondent No. 2 polled 452 votes and respondent No. 3 polled 312 votes and consequently the respondent No. 1 was declared "returned" as a member of the said Council.

4. That the respondent No. 1 submitted his return of election expenses on the 22nd December 1923.

5. That the declaration about respondent No. 1 as elected and returned and his election as member of the Bengal Legislative Council are illegal and void and should be so held on the following amongst other grounds:—

For that the election of respondent No. 1 was not the result of a free election but was procured and induced by corrupt practices by which the result of the election was materially affected and vitiated, viz.,

(i) Bribery—Instances thereof are given below:—

(a) Payment of Rs. 1,200 or thereabout on behalf of respondent No. 1 to voters of Thataribazar and Juginagar in ward 3 for the cost of obtaining electric lights with a view to secure the votes of those quarters and also for the payment of a portion of the said sum to the poor voters.

(b) Payment of Rs. 300 or thereabout to certain voters of holding No. 2, Goilara Lane in ward 3 for repairs of their Thakurbari with a view to secure their votes and votes of others of the locality for respondent No. 1.

(c) Payment of Rs. 100 or thereabout to one Jarasindhu Risi and other Rishis of Choudhury Bazar in ward 7 to secure their votes for respondent No. 1.

(ii) Offer of bribes:—

(a) Promise of payment of a further sum of Rs. 800 or thereabout to the voters of Thataribazar and Juginagar in ward 3 to supplement the payment of Rs. 1,200 mentioned above, if they would vote for respondent No. 1.

(b) Promise of reclaiming the tank at Puran Moghultuly in ward 4 if the voters of the locality would vote for respondent No. 1.

(iii) False personation:—

Reception of the vote of a certain person produced to vote in the name of a registered voter of Sashi Mohan Bysack Lane in ward 3 who has not been heard of for many years.

(iv) Attempt to false personation:—

One Kanchan Muchi of ward 5 had been long dead, and a man was introduced on behalf of respondent No. 1 to vote for him but ultimately when challenged the man did not dare to record his vote.

(v) That there have been numerous instances of corrupt practices on behalf of respondent No. 1, the details of which your petitioner craves leave to submit hereafter.

A list setting forth the particulars of some of the said corrupt practices is enclosed herewith.

6. That in addition to the aforesaid grounds your petitioner humbly begs to urge the following amongst other grounds which would render the general election null and void and liable to be set aside.

(a) That the result of the election has been materially affected by the improper reception of the votes of certain persons bearing names not identical with those appearing in the finally published list.

(b) That in counting the votes the provisions of Regulation XLVII (1) (a) were not observed inasmuch as some of the ballot papers had not the official mark on their back which fact was brought to the notice of the Returning Officer but was disallowed.

(c) That in ward No. 3 there were 2 polling officers, Pabu Jatindra Kumar Bose and Babu Jamini K. Roy. A little after 2 P.M. the said officers suspended polling and took tiffin for more than 15 minutes and then recommenced and continued taking votes till 3 P.M. when the enclosure was closed. Many voters who had attended the polling station to vote for the petitioner and had been waiting for a long time without meal went away, seeing that the polling officers were engaged in taking tiffin specially as they had not announced the hour when they would recommence taking votes. The voters who went away were also under the impression that the time taken by their luncheon would be allowed and added after the prescribed hours, i.e., after 3 P.M. Some of those voters came back a few minutes after 3 P.M. and found that the gate was closed and they were not admitted into the enclosure, while others did not turn up having been annoyed with the above conduct of the polling officers. The polling officers thus violated the provisions of Regulation XXV. If the above voters had all been allowed to vote, most of them would have voted for the petitioner.

(d) That in a few instances in ward 6 the secrecy of voting was not observed inasmuch as the names of the candidates in whose favour the votes were given were uttered in an unnecessarily loud voice, with the result that they were audible to those present at the polling booth.

(e) That in ward 7 the polling officer in almost all cases saw the marks put against the names of the candidates for whom the electors voted; the secrecy of voting enjoined by regulation XXXIII was thus not observed.

7. That the petitioner is a Hindu and is about 54 years old, is a permanent resident in the city of Dacca and has paid more than Rs. 1-8 municipal taxes during the year preceding the year of election. In fact he has been paying each year much more than Rs. 1-8 as municipal taxes for his houses in the city of Dacca for more than ten years. His name was duly registered in the electoral roll and his nomination was duly proposed and seconded by registered electors and the Returning Officer granted a certificate of scrutiny and delivery. Thus the petitioner was fully qualified to stand as a candidate for election as a member of the Bengal Legislative Council.

8. That the petitioner firmly believes that he would have been returned as a successful candidate, if respondent No. 1 had not procured votes by the illegal means noted above.

9. A sum of Rs. 1,000 only, by G. C note No. P.D.-51—92955, dated 23rd February 1918, Calcutta, has this day been sent to the address of the Chief Secretary to the Government of Bengal, Calcutta.

10. That as respondent No. 1 is a very influential gentleman in the city of Dacca, the petitioner most humbly prays that if any non-official Commissioner is to be appointed then no gentleman of this district or residing in this city should be appointed a Commissioner.

11. That your petitioner therefore prays :

- (a) that your Excellency will be graciously pleased to set aside the election of respondent No. 1 and declare your petitioner duly elected,
- (b) that if your Excellency considers the election to be vitiated by the aforesaid irregularities your Excellency may be graciously pleased to set aside the whole election,
- (c) that for giving reliefs prayed for above your Excellency will be pleased to pass any such orders as your Excellency deems fit and proper.

And your Excellency's humble petitioner as in duty bound shall ever pray.

In the matter of an election petition under the Bengal Electoral Rules against the candidate Maulvi Kader Bux returned from the Dinajpur Mahomedan Constituency.

The humble petition of Yaquinuddin Ahmed, a candidate for election to the Bengal Legislative Council from the Dinajpur Mahomedan Constituency,

RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner and Maulvi Kader Bux and Munshi Mafizuddin Chaudhury were the three candidates for election to the Bengal Legislative Council from the Dinajpur Mahomedan Constituency and that after the polling was over the aforesaid Maulvi Kader Bux was declared to be elected by the Returning Officer of Dinajpur

on the 30th November 1923, who announced at the time of such declaration that Maulvi Kader Bux secured 4,380, Munshi Mafizuddin Chaudhury 1,304, and your Excellency's petitioner 190 votes only.

2. That your Excellency's petitioner begs to state that the election of the aforesaid candidate Maulvi Kader Bux was procured through corrupt practice and is so liable to be set aside.

3. That the aforesaid corrupt practice committed by the aforesaid returned candidate consists firstly of publication of and making false statements by himself and other person on his behalf within the meaning of clause 4 of Part I of Schedule V and secondly of "Personation" within the meaning of clause 3 of the same part and of the same schedule and thirdly of fraudulent issuing of circular without the name of the publisher within the meaning of clause 8 of Part II of Schedule V of the Bengal Electoral Rules.

4. That for the purpose of making the first aforesaid charge of "publication of false statement" clear your petitioner begs leave to state that your petitioner was an elected member of the Bengal Legislative Council for the last three years and was appointed a member of the committee to consider the amendment of the Bengal Tenancy Act by the Government resolution No. 7383L.R., dated the 20th August 1921, and that the report of the said body of members contained, among other things, a statement by way of a brief summary of the clause 22 of the draft bill, at the end of the 8th paragraph thereof, regarding the transferability of the occupancy holdings purporting to give the landlord the right of pre-emption or subsequent purchase on payment of the amount of the consideration money together with a compensation of 10 per cent.

5. That although such was the report on the point of the whole body of the members of the aforesaid committee, their recommendation to the Government as embodied in the 8th paragraph thereof was that their full report and the draft bill should be circulated for the purpose of obtaining public opinion on that intricate problem before a bill was introduced in the Legislative Council.

6. That your petitioner in the capacity of a member of the aforesaid committee signed the said report subject to a joint minute of dissent which contained, amongst other things, a strong disapproval of the aforesaid proposal of the right of pre-emption to be given to the landlords in cases of transfers of occupancy holdings as well as of fixing the amount of landlord's fee to the extent of 25 per cent. of the purchase money in the following words in paragraphs 6 and 7 of page 61, marked A, in page 71, marked B, and also in paragraph 5 of page 75, marked C, of the minute of dissent:—

A.

"We think there should be only one mode of assessment of nazar on transfer and not an inflexible one should be fixed and no pre-emption should be allowed to landlord. We have dealt with all questions in connection with transfer of occupancy holdings in our notes on clause 22.

"The right of pre-emption as it is called should not be allowed to the landlord. It is a false hope that the zamindars by the exercise of the prerogative will keep off the money-lender and have the land for the cultivators only. For to the landlord (zamindar) the money-lender with his long and weighty purse is the most desirable person and the best friend on earth. He can pay or lend as much as the landlord (zamindar) requires."

B.

"This section fixes the landlord's fee on occupancy holding 'at 25 per cent.' of the consideration money or six times the annual rent of the holding, whichever is more. We think—

"(1) (a) Only one mode of assessment of the landlord's fee should be adopted, either a certain percentage of the consideration money or certain times of the annual rent, preferably the former.

"(b) If the landlord's fee is to be fixed in the alternative form as it is, in place of the words 'whichever is more', there should be the words 'whichever is less.'

"(2) The maximum rate but not a fixed one should be adopted.

"(3) That the maximum rate should not exceed 12½ per cent. of the consideration money or three times the annual rent."

"(4) In all cases of transfer whether in and out of court the payment of the landlord's fee should be a matter to be transacted between the parties.

"(5) The existing right of transfer by raiyats of occupancy holding in any locality without landlord's consent should be maintained. The right is shown in the settlement records."

C.

"The right of pre-emption or post-emption should not be given to the landlord.

"1. The landlords want it as a safeguard against—

(a) Undesirable persons coming in.

(b) Undervaluation.

"(a) As to avoiding undesirable persons we may ask, who are the undesirable and who are the desirable persons? A tenant who is already in the estate and passes to be a good one is certainly not an undesirable person. The zamindar if required will himself give him a good character certificate, but yet the prerogative is to be exercised against him.

The truth has been said by a landlord himself that the chief value of pre-emption was to guard against undervaluation. The zamindar did not in fact lay great weight upon it as a safeguard for keeping out undesirable persons coming in as long as any person paid the *salami*.

"(b) So the value of the prerogative of pre-emption or post-emption is admitted to be not as against the undesirable person as in fact there are no such persons in the eye of the zamindar if he can pay money, but against undervaluation. A highly cultured gentleman's remark to this was 'if it was the main object of the pre-emption clauses it will be an advantage to cut them out altogether, and to give the zamindar a right of appealing to the court on the ground of undervaluation in every case of transfer.'

"We think this is the proper course and this should be adopted. There will then be one procedure to be followed."

7. That the aforesaid returned candidate Maulvi Kader Bux during his canvassing for the election issued a large number of circulars or broad sheets, 5,000 in number, of which a copy is herewith annexed and marked Ex. "A", which he got printed at the Bina Press, Dinajpur.

8. That in those circulars Maulvi Kader Bux made it appear before the voters amongst whom the circulars were distributed broadcast and most of whom are the occupancy raiyats among whom the transfers of occupancy holding are very common, and who are taking a very keen interest in the subject of the transferability of occupancy holdings since a long time, that your petitioner as a member of the Legislative Council and as a member of the aforesaid committee appointed to consider the amendment of the Bengal Tenancy Act did a great disservice to their cause by unreservedly recommending the proposal of granting the right of pre-emption to the landlord and the payment of the landlord's fee 25 per cent. of the consideration money soon after the sale, to be passed into law.

9. That the object of the returned candidate Maulvi Kader Bux in issuing such circulars amongst the voters before election obviously was to prejudice the prospect of your petitioner's election, and that in fact such publication of false statements that your petitioner was one of those members of the aforesaid committee who recommended such proposal of granting the right of pre-emption to the landlords, and as well as of making a change in the existing practice of payment of the landlord's fee after the sale, did your petitioner great and incalculable injury in the matter of his election inasmuch as most of the voters who are the occupancy raiyats were made to believe thereby that your petitioner's conduct as a member of the Legislative Council and as a member of the Bengal Tenancy Act Amendment Committee was antagonistic to their cherished interests, and that Maulvi Kader Bux knew the above statements to be false.

10. That inasmuch as the returned candidate Maulvi Kader Bux published such false statements regarding the conduct of your petitioner as a member of the Legislative Council and also as a member of the Bengal Tenancy Act Amendment Committee knowing the same to be false, the said returned candidate has been guilty of the corrupt practice as specified in clause 4 of Part I of Schedule V of the Bengal Electoral Rules.

11. That as the said returned candidate in issuing the aforesaid circulars did not publish his name on their face with a corrupt intention, the said candidate Maulvi Kader Bux is further guilty of the corrupt practice specified in clause 8 of Part II of the Bengal Electoral Rules.

12. That the said returned candidate further committed the corrupt practice as specified in clause 3 of Part I of Schedule V in two instances :

(a) Firstly, in that his agent Azimuddin Pandit, resident of Kalikapur, who worked as such in some villages under the Parbatipur thana before the election as well as at the time of polling on the 22nd November, at the polling station of the Habra School, in police-station Parbatipur, produced a man named Mazaruddin Mondal of Joypur as voter No. 34 of union 8 of the Parbatipur thana named Jhoru Mamud Mandal, son of Mamulla Mandal, of Joypur, who did not appear at the polling station, and that the said agent Azimuddin Pandit caused the aforesaid Mazaruddin Mandal to apply for a voting paper in the name of the aforesaid absent voter, Jhoru Mamud Mandal and that the said Mazaruddin Mandal with the connivance and under the encouragement of the aforesaid agent Azimuddin Pandit further represented himself before the presiding officer to be the aforesaid absent voter Jhoru Mamud Mandal, son of Mamulla Mandal, whereupon the polling agent of the candidate Munshi Mafizuddin Chaudhury named Raisuddin Ahmed Chaudhury, declared and undertook to prove before the presiding officer that the aforesaid Mazaruddin Mandal thus applying for the ballot paper in the name of the aforesaid absent voter Jhoru Mamud Mandal committed the offence of personation and that thereupon the presiding officer the Sub-Registrar of Parbatipur Pabu Saroj Kumar Sen, assisted by the polling officer under clause 38 of the Bengal Electoral Regulations complying with all the requirements laid down therein, allowed him to vote which he did and that in accordance with the aforesaid regulation the aforesaid presiding officer under the circumstances stated above entered the name and address of the aforesaid absent voter Jhoru Mamud Mandal in the challenged vote list with Mazaruddin Mandal's thumb impression in form 3. That the said Maulvi Kader Bux lodged his return of election expenses and declarations on the 8th January 1924, and your petitioner states that they are not correct regarding his agents and other matters.

(b) And, secondly, in that the returned candidate Maulvi Kader Bux himself produced at the polling station, in the office of the Dinajpur Municipality at the time of the polling of the Mahomedan voters of the Ward D of the Dinajpur Municipality on the 22nd November 1923, a man who gave out his name to be Kafuruddin Sheikh and his father's name to be one other than Abdul Hakim who under the encouragement and with the connivance of the aforesaid returned candidate represented himself to be the voter No. 36 of the Ward D of the Dinajpur Municipality, who bears the same name but whose father's name is Abdul Hakim and that your petitioner having been present there at the time, challenged before the presiding officer that the man was not the real voter himself, but the aforesaid returned candidate Maulvi Kader Bux declaring that the aforesaid person whom he produced was the voter himself caused him by his encouragement to apply for the ballot paper in the name of the aforesaid absent voter No. 36 and that under the circumstances the presiding officer Babu Phani Bhushan Ghose and the polling officer complying with all the requirements of the clause 38 of the Bengal Electoral Regulations allowed him to vote which he did after entering his name and address in a challenged vote list with his thumb impression and that afterwards the aforesaid real voter having appeared at the polling for recording his vote the same was allowed in a tendered ballot paper under clause 37 of the Regulations.

Your petitioner prays therefore that the election of the aforesaid returned candidate Maulvi Kader Bux be set aside and that your petitioner may be awarded his costs.

That your petitioner further prays that in the event of the election of the aforesaid returned candidate being set aside and Munshi Mafizuddin Chaudhury, who stood second in the election having agreed that he will not claim his preferential rights, your petitioner may be declared duly elected as a member of the Bengal Legislative Council from the Mahomedan Constituency of Dinajpur and pass any other order that your Excellency may deem fit under the circumstances of the case.

And your petitioner as in duty bound shall ever pray,

(2) Mr. Davies, Magistrate of Midnapore and Returning Officer.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

The humble petition of Rai P. K. Das Gupta Bahadur, late of the Bengal Civil Service,

RESPECTFULLY SHEWETH :—

1. Your petitioner is duly qualified to stand for election from South Midnapore non-Muhammadian constituency and was a candidate for election from the said constituency.

2. The said Mr. C. R. Das was the only other alleged candidate for election from the said constituency.

3. The said Mr. Davies is the Magistrate of Midnapore and Returning Officer for the said constituency.

4. Your petitioner was duly proposed and seconded for nomination as a candidate for the said constituency by Babus Srinath Das and Barendra Roy of Contai, who were duly qualified to propose and second the nomination.

5. Your petitioner, between 12 noon and 1 P.M. of 2nd January 1924, the date appointed for nomination of candidates, personally delivered to the Returning Officer, the said Mr. Davies, at his office, the nomination paper completed in the form prescribed in schedule III and subscribed and dated by your petitioner himself as agreeing to the said nomination and also duly subscribed by the two persons named as proposer and seconder in accordance with rules and regulations made in that behalf.

6. The said Returning Officer duly signed in the presence of your petitioner the certificate of delivery at the bottom of the said nomination paper.

7. The 4th January was the date fixed for the scrutiny of nomination papers.

8. Your petitioner's election agent Babu Srinath Das attended on the 4th January at the appointed hour on behalf of the petitioner who was not personally present.

9. On that date the Returning Officer rejected the nomination of your petitioner on the sole ground that his electoral roll number had not been put down on the nomination paper on the 2nd January.

10. The facts are that your petitioner was misled by the Electoral Rules and Regulations embodied in the Bengal Council Manual published under the authority of the Bengal Government in 1920, which do not require the insertion of the electoral roll number of the candidate in the nomination paper. Your petitioner was not then aware of the amendment published under the Government of India notification No. F-213-V of the 30th July 1923.

11. The omission was detected at the time of filing the nomination paper but as the information was not known to your petitioner, he wired to his brother Sasi Kumar Das Gupta, who was then at Bejgaon and also to the Subdivisional Officer of Munshiganj. Sasi Kumar Das Gupta wired back your petitioner's electoral roll number to his pleader Babu Giris Chandra Das of Midnapore, and the said Babu Srinath Das, your petitioner's election agent, who placed the information at the disposal of the Returning Officer who received the message well in time before the scrutiny.

12. Your petitioner has been informed that the Returning Officer rejected his nomination on the sole ground that the electoral roll number of your petitioner had not been noted on the nomination paper on the 2nd January 1924.

13. Your petitioner is advised that this was only a technical omission and did not invalidate his nomination.

14. The Returning Officer declared Mr. C. R. Das as duly elected on the 4th January 1924.

15. This election was notified in the *Calcutta Gazette* of 9th January 1924 in page 61, Part I.

16. Your petitioner submits that Mr. C. R. Das's nomination and election have been illegal on the following among other grounds:—

(a) That Mr. C. R. Das was at Bombay or Cocanada on the 2nd January when his nomination paper was submitted.

(b) That he was not present when his proposer and seconder wrote out, signed and submitted the nomination paper to the Returning Officer on 2nd January 1924.

(c) That Mr. C. R. Das could not have signed the declaration at the foot of the nomination paper after the nomination had been duly proposed and seconded; and his signature if it appears on the nomination paper must have been put on blank paper or the nomination paper does not bear his own signature at all.

(d) That he was at Bombay on the date of nomination and that he was not even aware of the nomination for the said constituency will appear from an Association Press telegram from Bombay published in the "Statesman and Friend of India," dated the 10th January 1924.

(e) That the omission of the electoral roll number of your petitioner in the nomination paper, which roll number was duly supplied on behalf of your petitioner to the Returning Officer before the scrutiny, should have been held to have been only a technical irregularity, not affecting the validity of your petitioner's nomination.

17. Under the above circumstances and facts your petitioner humbly prays that (a) the nomination and election of Mr. C. R. Das may be declared null and void; (b) your petitioner, being the only other candidate, may be held as having been duly nominated and elected for the said constituency; (c) your petitioner may be adjudged as entitled to full costs of these proceedings from Mr. C. R. Das and to such other reliefs as your Excellency may be pleased to grant.

The requisite deposit of Rs. 1,000 in cash as security for the costs is herewith made.

CALCUTTA, THE 25TH FEBRUARY 1924.

RESOLUTION—No. 635Edn.

By the death of Dr. Theodore Oliver Douglas Dunn, M.A., D. Litt., the State has lost the services of a capable public servant, and the Governor and his Minister (Education Department) desire to place on record an expression of their regret at this grave loss and their sympathy with his widow. Dr. Dunn was born at Haldane, Cambuslang, Scotland, on the 9th of October 1881, and entered the Indian Educational Service on the 7th December 1908. He assumed charge of the office of the Director of Public Instruction, Bengal, on the afternoon of the 23rd of January 1924. He had acted in this capacity on a previous occasion in 1919, and during that period of officiating service showed that he was possessed of considerable administrative ability. During the brief period that has elapsed since he assumed charge of the department for the second time, he carried out his duties with energy and marked capacity.

Dr. Dunn had served Government prior to his promotion to officiate as Director of Public Instruction in various important capacities in Bengal and Eastern Bengal and Assam. He had occupied the posts of Inspector of Schools and Assistant Director of Public Instruction with credit and had made a special study of the problem of primary education in Calcutta, and his knowledge in this respect proved of great value to the Corporation of Calcutta. As an administrator he was energetic and forceful, endowed with sound judgment and the power of rapid decision.

At the time of his death he was establishing for himself a recognised position in India as a literary critic and man of letters. His own University of Glasgow honoured him with a doctorate in literature. Of late years he had devoted much of his leisure to the task of making better known the work of British Indian authors, both English and Indian, and had also established himself as a force in the revived Calcutta Historical Society. The literary world of Calcutta is the poorer for his loss.

The Governor and his Minister (Education Department) desire to record their high appreciation of Dr. Dunn's valuable services to the State and to the cause of education in Bengal.

By order of the Government of Bengal
(Ministry of Education),

J. A. L. SWAN,

Secretary to the Government of Bengal.

NOTIFICATIONS.

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *sallees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—Sallees.—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed : Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggoes* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. 20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23. shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

Chittagong
Tracts.

Hill

Chittagong Hill Tracts) framed under notification No. 123P.D., dated the 1st May 1900, and published in the *Calcutta Gazette* of 2nd May 1900, as subsequently amended, namely :—

For rule 34 substitute the following :—

34. (1) No lessee shall, in future, be permitted to hold more than 25 acres of land in all, whether under one lease or more than one. Leases may be granted only to hillmen, provided that non-hillmen of the cultivating classes actually resident in a village may be given leases in that village, but no other up to the maximum of 25 acres.

(2) (a) Sub-leases of whatever grade in existence on 3rd December 1920 and still in existence will be recognized as valid : provided that the lessee of every holding in which sub-leases were in existence on that date is required to submit to the Deputy Commissioner within three months of the date on which these rules come into force the name of every sub-tenant of whatever grade who then held land within his tenancy and the rent then payable in respect of it. Sub-leases not reported will be liable to be treated as unauthorized and dealt with under rule 34 (5) below. No sub-tenant recognized under this rule shall be evicted except in accordance with rule 34 (7) below, nor shall his rent be enhanced except with permission of the Deputy Commissioner.

(b) Whenever any recognized sub-lease terminates for whatever reason, the immediate landlord of the sub-lessee shall not again sublet the land without permission of the Deputy Commissioner, and if the sub-lessee had a tenant under him that tenant shall have the option of continuing on the terms on which he holds, or of taking over the entire sub-lease which has terminated at the rent formerly payable in respect of it.

(3) As from 3rd December 1920 no lessee is allowed to sublet the whole or any part of his land except with the sanction of the Deputy Commissioner, which shall be given only in cases of temporary incapacity such as minority, illness or temporary absence. The rent of such sub-tenants duly authorized by the Deputy Commissioner shall be a money-rent and shall not exceed by more than 50 per cent. the rent paid by the lessee to Government for the area sublet. In no case shall the sub-lessee be entitled to sublet. So-called labourers, who are remunerated by a share of the produce, shall be treated as sub-tenants, and if they are recognized by the Deputy Commissioner their rents shall be regulated by the principles stated above.

(4) No lessee or sub-lessee shall be allowed to transfer by sale, gift or mortgage the whole or any part of his holding without the previous sanction of the Deputy Commissioner, who may not sanction any mortgage other than usufructuary mortgage, such mortgage to extend for a period not exceeding seven years and to provide for the extinction of the whole debt including principal and interest within that period subject to the condition that the mortgage will not, in any event, be extended beyond that period. Unauthorized transfers will, in no instance, be recognised unless the transferee has obtained a prescriptive right by 12 years' possession, the burden of proving which will lie on him.

(5) In all cases of unauthorized lease or transfer the Deputy Commissioner shall resume the land sublet or transferred and may either hold it khas or resettle it with the lessor or transferor, or with the lessee or transferee, or with another hillman raiyat according to circumstances.

(6) No partition of a holding shall be made without the consent of the Deputy Commissioner.

(7) A sub-tenant recognized by the Deputy Commissioner is not liable to ejectment except by his order. A sub-tenant will ordinarily be ejected—

- (a) if he sublets or transfers any part of his holding or fails to show diligence in bringing or keeping the holding under cultivation ;
- (b) if he fails to pay an arrear of rent recorded or fixed by the Deputy Commissioner ;
- (c) if he uses the holding in any manner that renders it unfit for the purposes of the tenancy ;
- (d) if he enhances the rent of a recognized sub-tenant under him without permission of the Deputy Commissioner.

(8) If in any case of unauthorized subletting between 3rd December 1920 and the date on which these rules come into force the Deputy Commissioner considers it inequitable to eject a tenant or sub-tenant, he may allow him to retain his tenancy for a limited period but not beyond the time fixed for the reassessment of the original holding, and any tenancy so allowed to continue shall terminate on the death of the holder.

CALCUTTA, THE 19TH FEBRUARY 1924.

RESOLUTION—No. 1679L.R.

READ—

The Survey and Settlement Reports for the year ending the 30th September 1923.

THE year was remarkable for the consideration or carrying into effect of certain important economical measures. In consequence of the decision of Government to curtail the survey and settlement district programme the office of the Director of Land Records was amalgamated with that of the Director of Surveys, and the combined charge is now held by one officer under

the designation of "Director of Land Records and Surveys." Other economies were effected by the amalgamation of the posts of the officers in charge of the Traverse Party and the Drawing Office, the transfer of the administrative control of the Imperial Standard Mapping Section to the Government of India, and the discontinuance of the annual contribution made by this Government towards the cost of this section. The office of the Department of Land Records has now been transferred to the new buildings at Alipore where the survey office is housed and where the office of the district settlement operations of the 24-Parganas will also be located.

2. The decision to utilize the new survey office in this manner, built originally as it had been to deal with an uncurtailed programme, anticipated a recommendation of the Retrenchment Committee to utilize the spare space in it for other purposes and will save expenditure on buildings which would otherwise have been necessary. The other recommendations of the Retrenchment Committee relating to surveys and settlements were duly considered by Government during the year. The recommendations that the landlords and tenants of a district under settlement should pay 19-20ths of the net cost of a district settlement instead of the present proportion of three-fourths, that those of an area under revision of land revenue should pay a proportion of the costs, and that interest should be charged on the expenditure incurred by Government were rejected after full consideration on the ground that they would entail a burden on the residents of the district or area which could not be justified. At the same time it was decided that only one-fourth and not the full stamp revenue received during a district settlement, which had hitherto been deducted from the costs before recovery as a matter of grace, should be deducted, and that no deduction should be made of the sale proceeds of surplus maps and records. In view mainly of the fact that Government has to bear the brunt of a deficit in the case of deficit recoveries the recommendation that excess recoveries should be credited to the district Board of the district concerned was not given effect to.

3. Traverse work was conducted in accordance with the curtailed programme of district operations, which involves only the employment of two traverse parties. One traverse party completed their programme for the year of 765 square miles in the district of Khulna. This completes the traverse survey of the district, and that party is now at work on the traverse of the first area of the 24-Parganas. The other traverse party was at work in the district of Murshidabad in the combined operation of Murshidabad-Birbhum, traversing 74 square miles and relaying 346 square miles of traverse which had been completed in 1920-21 but which could not be utilized owing to the financial situation. This is a striking illustration of how interference with a sanctioned programme, whether for financial or other reasons, means extra expenditure in the long run, as the relay of the traverse which would otherwise have been unnecessary has cost over Rs. 25,000.

4. The curtailment of the district programme involves the employment of only two settlement cadastral parties. These were at work during the year in the districts of Khulna and Pabna-Bogra, where settlement is in full swing, and completed a programme of 1,806 square miles. The cadastral survey of the district of Murshidabad in the joint operations in the districts of Murshidabad-Birbhum does not commence till the present year, but a small strip of 70 square miles was taken up during the year in order to enable diara resumptions to proceed along the Jalangi river.

The settlement operations of the district of Mymensingh were finally closed during the year, whilst those in the three operations of Jessore, Nadia and Bankura reached their concluding stages. In these three districts records for 2,614 square miles were finally published during the year. This represents the work of a three-party programme, but these settlements which were commenced on the older programme have necessarily to be completed. The work as a whole was kept well up to the programme and performed economically, particularly in the case of Khulna. The conditions in the year were more favourable than those of the previous year. The work of the department was not retarded, as was the case in the previous year, by the

non-co-operation movement, nor was any serious difficulty felt in consequence of sickness amongst the staff. By the end of the year records had been completed in over three-fifths of the area in the province to which the Bengal Tenancy Act relates and were under preparation at some stage or another in a still larger area. In fact there are now only the districts of Rangpur, Hooghly-Howrah, Burdwan (except Asansol), Dinajpur and Malda which have yet to be commenced in the general programme for the completion of the province ; but owing to the curtailment of the yearly programme the total programme will not be completed till the year 1940-41 instead of the year 1931-32 as originally contemplated.

5. Miscellaneous surveys were also carried out by the Survey Department during the year. The work in connection with the survey of the limits of the jurisdiction of the High Court was continued during the year, and a detailed survey of the banks of the river Hooghly from the Hooghly Bridge to Kalua was taken up at the instance of the Port Commissioners. Petty land revenue settlements resulted in an increase of revenue from Rs. 17,871 to Rs. 26,936. Maintenance operations under section 158A of the Bengal Tenancy Act were carried on in the Fatehsingh estate in Murshidabad, the Mahisadal estate in Midnapore, and the Enaitpore estate in Malda ; and the landlords have the privilege of realising their rents by means of the certificate procedure. Two other applications for this privilege from well-known landlords are under consideration.

6. Towards the close of the year an Act was passed to amend the Bengal Tenancy Act, 1885, with a view to convert the *utbandi* tenancies into ordinary raiyati holdings by the commutation of *utbandi* rents into ordinary raiyati rents. It has been extended for the present to the districts of Nadia, Murshidabad and Jessore, where such tenancies mainly exist. Only a few applications under the Act were received during the short period of the year that remained after the passing of the Act, but its provisions are probably not yet widely known.

7. It is gratifying to note the extensive use to which the settlement records and maps are now put. They are freely used in almost every branch of the administration, and during the year under review nearly 9 lakhs of copies of khatians and 1,92,600 copies of maps were sold to the public.

8. During the year, on the 28th February 1923 and 15th February 1923 respectively, Lieutenant-Colonel F. C. Hirst, lately Director of Surveys, and Mr. F. A. Sachse, i.c.s., lately Director of Land Records, severed their connection with their departments. Lieutenant-Colonel F. C. Hirst went on leave preparatory to retirement after a long period of service in the Survey Department. Since the year 1910 he had been Director of Surveys, first in the province of Eastern Bengal and Assam and then in the province of Bengal as now constituted. His Excellency in Council has therefore much pleasure in taking this opportunity of thanking him for his long and valuable services. The Governor in Council has also much pleasure in thanking Mr. F. A. Sachse for his valuable work as Director of Land Records since the year 1918. Mr. A. K. Jameson, i.c.s., Mr. Sachse's successor in office, took over the dual charge of the Survey Department and of the Department of Land Records and has zealously devoted himself to the work of both departments. His Excellency in Council also appreciates the good work done by Messrs. F. W. Robertson, L. R. Fawcus, H. C. V. Philpot and A. H. Kemm and by Babus Amulya Kumar Guha and Abani Kumar Sen. The good work done by these officers and also by other officers mentioned in the concluding paragraphs of the Survey and Settlement Reports will be noted.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

M. C. McALPIN,
Secretary to the Government of Bengal.

**RESOLUTION ON THE ANNUAL IRRIGATION REVENUE REPORT FOR
THE YEAR 1922-23.**

GOVERNMENT OF BENGAL.

IRRIGATION DEPARTMENT.

CALCUTTA, THE 19TH FEBRUARY 1924.

RESOLUTION—No. 11.

READ—

The Annual Irrigation Revenue Report for the year 1922-23.

THE Irrigation and Navigation works in operation in the Bengal Presidency for which both capital and revenue accounts are maintained are (1) the Midnapore Canal, (2) the Hijili Tidal Canal, (3) the Calcutta and Eastern Canals, and (4) the Madaripur Bhil Route. Of these, the Midnapore Canal is used both for irrigation and navigation purposes, whereas the other three are for navigation only. All these works are now classed as unproductive.

A capital account has also been opened and was maintained during the year under report for the Grand Trunk Canal, although further progress in connection with the project has been held in abeyance for the present on account of financial stringency. A revenue account was formerly maintained for the Orissa Coast Canal, the Nadia Rivers and the Gaighatta and Buxi khal, but it has been abolished with effect from the financial year under review. These are now classed as works for which neither capital nor revenue accounts are kept like other minor works of the department, viz., those in connection with the Eden Canal, the river-training works, the anti-malarial works, and the flood protective works.

2. The financial results of the year and the capital expenditure to date are exhibited in the following statement :—

3. The capital expenditure on the **Grand Trunk Canal** (direct and indirect) during the year was Rs. 26,25,673, and the total capital outlay to the end of the year was Rs. 1,24,29,195. The expenditure during the year was principally incurred to meet payments on account of the dredger *Ronaldshay* and also partly to meet establishment charges.

4. No capital expenditure was incurred during the year on the **Midnapore Canal** which consists of two weirs at Midnapore and Panchkura, 69.75 miles of main and branch canal used both for irrigation and navigation, and 254.5 miles of distributaries. The area irrigated during the year was 81,940 acres as compared with 83,012 acres in 1921-22 and an average of 87,923 for the triennium ending March 1922. The receipts and working expenses (direct and indirect) were Rs. 2,37,854 and Rs. 1,82,875, the result being a net revenue of Rs. 54,979 against a net revenue of Rs. 41,190 in the preceding year. Revised water-rates are being levied on the canal, and the increased rates of tolls that have been fixed will take effect shortly.

5. No capital expenditure was incurred during the year also on the **Hijli Tidal Canal**, which, with the Tarapakia pass khal, Palaboni khal and the khal leading to the Gewankali lock entrance, constitutes a navigation canal of 49½ miles in length. The receipts and working expenses of the canal during the year were Rs. 79,525 and Rs. 27,727, the result being a net revenue of Rs. 51,798 against a net revenue of Rs. 40,089 in the previous year.

6. The **Calcutta and Eastern Canals** form a series of natural and artificial navigation channels extending for 1,184 miles for the purpose of maintaining communication between Calcutta and Eastern Bengal. The receipts during the year from navigation tolls amounted to Rs. 3,95,256 against Rs. 3,87,457 in the preceding year. A small capital expenditure was incurred on the canal during the year, and this was chiefly on excavating the channel between Kakrabonia khal and channel creek to serve as an alternative to the Doagra channel which is rapidly dying. The result shows that the experiment is not a success and the cut is silting up quickly. The capital expenditure was also partly on completing the demarcation of Government lands along Tolly's Nala.

7. On the **Madaripur Bhil Route** connecting the Madhumati and Kumar rivers in the Faridpur district, a capital expenditure of Rs. 2,35,060 (direct and indirect) was incurred during the year. This was mainly on the work of widening and deepening the main channel of the route. The receipts from navigation tolls during the year amounted to Rs. 3,04,328 against Rs. 2,82,786 in the previous year.

8. **The Orissa Coast Canal** in conjunction with the Hijili Tidal Canal affords communication between Bengal and Orissa, and before the opening of the Bengal-Nagpur Railway it was the only inland route by which food could be conveyed into Orissa in time of famine. This canal is for navigation only and lies partly in the Bengal Presidency and partly in the province of Bihar and Orissa. The receipts and working expenses for the portion within Bengal were, respectively, Rs. 21,387 and Rs. 14,836 against Rs. 14,786 and Rs. 10,280 in the previous year.

9. The work in the **Nadia Rivers** consists in the training of the river channels by bandals with the two-fold object of maintaining by the scouring of shoals a sufficient depth of water for boat traffic and at the same time improving the sanitation of the country. The Hooghly river also depends on these rivers for its head waters. The report of the Committee appointed in 1917 to advise Government on the steps to be taken to carry out systematic observations of the changes in the Nadia rivers and also, if possible, to improve their condition as navigable channels and as feeders for the Lower Hooghly is still under the consideration of Government. The only outcome so far has been the constitution of a permanent board whose duty it will be to examine all important projects which are likely to restrict the free flow of flood water. The receipts and working expenses during the year under review were Rs. 18,989 and Rs. 64,255, respectively. There has been a steady decline in the tollage receipts from the system since the construction of the Eastern Bengal and East Indian Railways on the two banks of the river Bhagirathi, and it has actually been worked at a heavy loss. Accordingly it was decided to throw the Nadia rivers open to free navigation with effect from the 1st September 1923.

10. **The Gaighatta and Buxi khal** is a short channel connecting the rivers Damodar and Rupnarain. This khal has been leased out for a period of six years from the 15th June 1921 to the 14th June 1927 at a rental of Rs. 2,000 per annum on condition that the lessees do all silt clearance at their own cost and maintain the khal to a bed-level of 4'00 feet, subject to the control of the Irrigation Department. The receipts during the year were Rs. 3,550.

11. **The Eden Canal** was originally constructed for sanitary purposes, but it is now used to some extent for irrigation. The supply of water in the canal has become insufficient and uncertain in recent years owing to the precarious nature of the supply in the Damodar river. It is expected that this state of things will improve when the Damodar Canal project is carried out. This project is not, however, going to be taken up shortly, as Government is at present not justified in embarking upon the large expenditure required for it—estimated at Rs. 90 lakhs—unless the people to be benefited finance it under the Agricultural and Sanitary Improvement Act. The opinion of the local public and the district boards has been invited. If the district boards are satisfied that the people to be benefited will accept financial responsibility and the scheme will justify itself, they will make an application under the Act.

The receipts and working expenses of the Eden Canal during the year were Rs. 31,313 and Rs. 43,464, respectively, against Rs. 31,337 and Rs. 36,170, respectively, in the preceding year.

12. **Bidyadhari dredging.**—The Bidyadhari river being the only outlet for the sewerage of Calcutta, it was decided to improve its silted up condition by dredging, the cost being met by Government and the Calcutta Corporation. The dredging was in progress during the year under report.

13. Of the works in connection with the projects for mitigating the effects of the Damodar floods, some were completed and others were in progress during the year.

14. **Training works.**—Training works in connection with the conservancy of the river Ganges between Rajmahal and Goalundo were carried out during the year through the agency of the India General Navigation Company, Limited, under Government supervision. Training works were

also carried out in the channel of the river Ganges at Rampur-Boalia by means of bauldalling operations for the improvement of sanitation and navigation and water-supply of the town. Bauldalling works were also carried out in the Dhaleswari and Buriganga rivers in the Dacca district.

15. **General.**—As stated in the last year's resolution, the important problems with which the Irrigation Department in Bengal have to deal are connected more with the improvement of navigation and sanitary conditions and control of flood water in the province than with irrigation properly so called. As regards the improvement of navigation Government have long been impressed by the necessity for developing the waterways. For this purpose, three dredgers have been brought from England of which one is intended exclusively for the Grand Trunk Canal. This project has been held in abeyance for the present on account of financial stringency. It is expected that if the project is carried out, navigation in the province will be very greatly improved.

The proposals for river improvements at Dacca were under consideration during the year. Of the anti-malarial schemes required for the improvement of the sanitary and drainage condition of the country, some were completed during the year and others were under construction or investigation. The flood embankments and the sluices in them were efficiently maintained during the year.

ORDER.—Ordered that a copy of the resolution be published in the *Calcutta Gazette* and a copy thereof and its accompaniments be submitted to the Government of India in the Department of Industries and Labour (P. W. Branch) and circulated to other Governments and to all departments and officers of this Government as usual.

G. T. HUNTINGFORD,

Secretary to the Government of Bengal (offg.).

NOTIFICATIONS.

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Ramunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Common Juries as, with the names already on the list, will, subject to the provisions of these rules, make up the required number of persons qualified and liable to serve on Common Juries, and the names of such persons shall be entered upon and form the list of Common Jurors liable to serve and to be summoned as Common Jurors for such Session.

14. A copy of such lists shall be annexed to a precept to the Sheriff commanding him to summon such number in each list as may be directed in the precept. The Sheriff shall summon the Jurors in the order in which their names appear on the lists until service has been effected on the required number. Special Jurors may be required to attend on the dates notified to them by advertisement published in any public newspaper.

21. Where the Judge shall be of opinion that the number of Jurors named in either of the said lists who shall have been served is not likely to be sufficient, he may cause to be drawn by lot, in the mode provided by rule 12, such further number of names as he may deem necessary.

INDIAN SERVICE OF ENGINEERS.

Regulations as to appointment of Assistant Executive Engineers in 1924.

[The Secretary of State is unable to give any undertaking that the Regulations will remain unaltered in the future.]

1. Until further notice the Secretary of State for India in Council will, during each year, make a number of appointments of Assistant Executive Engineers in the Public Works and State Railway Departments of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

In 1924 it is intended that 15 appointments shall be made.

The Selection Committee will probably sit in May.

2. Applications must be made on a printed form, which may be obtained from the Secretary, Public Works Department, India Office, Whitehall, S. W. 1, and should reach the India Office not later than 1st April.

3. Candidates must have attained the age of 21 and not attained the age of 24 years on the 1st August 1924.

[N.B.—Indians must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment intending candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.]

4. Every European candidate must be a British subject and, except as provided in Regulation 5, if he or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must at the time of the candidate's birth have been a British subject and still be (or have continued to be until his death) a British subject. The decision of the Secretary of State in Council whether a candidate satisfies these conditions shall be final. A candidate must also be of good moral character and sound bodily health and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department or State Railway Department.

*5. Indians who, save as hereinafter provided, are British subjects, and are not qualified under Regulation 4, are eligible for appointment and shall be selected to the extent of 10 per cent. of the total number of Assistant Executive Engineers thus recruited if otherwise duly qualified.

It is preferred that candidates should have taken a college course and obtained one of the degrees mentioned in Appendix I. They must in addition have had at least one full year's practical experience of Civil Engineering under a qualified civil engineer at the time when they appear before the Selection Committee. Those whose qualifying diploma has been obtained without a college course should have had a full three years of such practical experience.

7. Selected candidates will be required to undergo further training on works in India for a period of at least one year. During this period they will be on probation and their final appointment will be made dependent upon the result of such probation.

* It has been decided that the present rule under which 10 per cent. of the appointments made in this country are reserved for Indians shall continue up to and including 1924, when the question of the recruitment of Indians in England will be further considered.

8. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee.

9. Candidates will further be required, before final appointment by the Secretary of State in Council, to appear, at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India.

The Regulations governing the physical examination of candidates for the Public Works and State Railway Departments of the Government of India are at present under revision; but copies, when available, will be supplied to candidates on application.

APPENDIX V.

(See paragraph 16 of the Regulations.)

NOTE.—This Appendix is merely intended to show the principal leave rules in the Fundamental Rules and the Pension Rules in the Civil Service Regulations at present applicable to Engineers appointed to the Indian Services from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules or Civil Service Regulations for the time being.

LEAVE.

1. Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" for which an officer is eligible is five-twenty-seconds of the period spent on duty.

2. Subject to certain maxima and minima, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average pay and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career is the equivalent of leave on average pay for three years *plus* one-eleventh of the period spent on duty, of which not more than one year *plus* one-eleventh of the period spent on duty may actually consist of leave on average pay. Leave not due and carrying half average pay may be granted on medical certificate, and within certain limits for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer draws quarter average salary, subject to certain maxima and minima.

3. Leave salary is ordinarily payable in rupees if the officer spends his leave in India or Ceylon, and in sterling if he spends it elsewhere. The rate of exchange for the conversion of leave salary is prescribed from time to time by the Secretary of State.

4. It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

PENSIONS.

5. The following is a summary of the pension rules applicable to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

Ordinary Pensions.

6. An officer is entitled, on his resignation being accepted, to a retiring pension after completing qualifying service of not less than 20 years.

7. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

8. An officer becomes eligible for full retiring pension on completing 30 years' qualifying service.

9. If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years' qualifying service (paragraph 6) or is compelled to retire on attaining the age of 55 (paragraph 7), he will be eligible for pension on the following scale:—

Years of Completed Service.		Maximum Limit of Pension.	Years of Completed Service.		Maximum Limit of Pension.
		Per annum.			Per annum.
		Rs.			Rs.
20	...	4,000	25	...	5,600
25	...	5,000	26	...	5,800
26	...	5,200	30	...	6,000
27	...	5,400			

10. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

11. An officer who is compelled to retire through ill-health not occasioned by irregular or intemperate habits will be eligible for gratuity or pension as follows:—

(a) After a service of less than 10 years a gratuity not exceeding (except in special cases and under the orders of the Government of India, up to a maximum of 12 months' emoluments) one month's emoluments for each completed year of service. If the emoluments of the officer have been reduced during the last three years of his service, otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

(b) After a service of not less than 10 years, a pension not exceeding the following amounts:—

Years of Completed Service.	Scale of Pension.	Maximum. Rs.	Years of Completed Service.	Scale of Pension.	Maximum. Rs.
		Per annum.			Per annum.
10	10 Sixtieths of average emoluments.	2,000	20	20 Sixtieths of average emoluments.	4,000

19	19 Ditto	3,800	29	30 Ditto	5,800
			30 and above	30 Ditto	6,000

Additional Pensions.

12. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade will be entitled to an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

13. These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must not retire voluntarily before the age of 55 with less than 28 years' service.

The upper grade includes the Consulting Engineer to the Government of India, Chief Engineers of the Indian Service of Engineers, Agents of State Railways (if in pensionable service) and Chief Engineers, Railways.

The lower grade includes Superintending Engineers, Indian Service of Engineers, Deputy Secretary to the Government of India, Department of Industries and Labour, Public Works Branch (when the appointment is held by an officer of the Indian Service of Engineers), Deputy Agents of State Railways (if in pensionable service) and the Secretary, Railway Board (if in pensionable service).

PROVIDENT FUND.

14. A general Provident Fund, to which contribution is compulsory, has also been established on the following basis:—

- (1) The contribution is compulsory up to 6½ per cent. on salaries, with voluntary contributions of not more than a further 9½ per cent. Subscriptions on leave of any kind are optional.
- (2) Compound interest on such payments is annually credited by Government to each officer subscribing.
- (3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the Service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

(2) Where a person accused of an offence under section 56 has been previously convicted of an offence under that section, an officer in charge of a police-station may, with the written permission of a Magistrate, seize and detain any spirituous liquor or intoxicating drug within the cantonment or within any limits defined under that section which, at the time of the alleged commission of the subsequent offence, belonged to, or was in the possession of, such person.

(3) The Court convicting a person of an offence under section 56 or section 57 may order the confiscation of the whole or any part of anything seized under sub-section (1) or sub-section (2).

Saving of articles sold or supplied for medicinal purposes.

59. The foregoing provisions of this Chapter shall not apply to the sale or supply of any article in good faith for medicinal purposes by a medical practitioner, chemist or druggist authorised in this behalf by a general or special order of the Commanding Officer of the cantonment.

CHAPTER V.

TAXATION.

Imposition of Taxation.

General power of taxation.

60. The Local Government may, by notification in the local official Gazette, impose in any cantonment any tax which, under any enactment in force on the date of the notification, may be imposed in any municipality within the province.

Framing of preliminary proposals.

61. (1) When the Local Government proposes to impose any tax under section 60, it shall, by notification in the local official Gazette, and in such other manner as is in its opinion best suited for the purpose, give notice of its intention.

(2) Every notification issued under sub-section (1) shall specify—

- (a) the tax which it is proposed to impose ;
- (b) the persons or classes of persons to be made liable and the description of the property or other taxable thing or circumstance in respect of which they are to be made liable ; and
- (c) the rate at which the tax is to be levied.

Objections.

62. Any inhabitant of the cantonment may, within thirty days from the date of the notification under section 61, submit to the Local Government an objection in writing to all or any of the proposals framed therein, and the Local Government shall take any objection so submitted into consideration.

Consideration of objections and imposition of tax.

63. After the expiry of thirty days from the date of the notification and after considering all objections submitted thereto under section 62, the Local Government may impose the tax either in the original form or, if any such objection has been so submitted, in that form or in such modified form as it thinks fit.

Definition of "annual value."

64. For the purposes of this Chapter, "annual value" means—

- (a) in the case of railway stations, hotels, colleges, schools, hospitals, factories and any other buildings which a Cantonment Authority decides to assess under this clause, one-twentieth of the sum obtained by adding the estimated present cost of erecting the building to the estimated value of the land appertaining thereto, and
- (b) in the case of a building or land not assessed under clause (a), the gross annual rent for which such building (exclusive of furniture or machinery therein) or such land is actually let or, where the building or land is not let or in the opinion of the Cantonment Authority is let for a sum less than its fair letting value, might reasonably be expected to let from year to year :

Provided that, where the annual value of any building is, by reason of exceptional circumstances, in the opinion of the Cantonment Authority, excessive if calculated in the aforesaid manner, the Cantonment Authority may fix the annual value at any less amount which appears to it to be just.

Incidence of taxation.

65. (1) Save as otherwise expressly provided in the notification imposing the tax, every tax on the annual value of buildings or lands or of both shall be leviable primarily upon the actual occupier of the property upon which the said tax is assessed, if he is the owner of the buildings or lands or holds them on a building or other lease from the Secretary of State in Council or from the Cantonment Authority or on a building lease from any person.

(2) In any other case, the tax shall be primarily leviable as follows, namely :—

- (a) if the property is let, upon the lessor ;
- (b) if the property is sub-let, upon the superior lessor ;
- (c) if the property is unlet, upon the person in whom the right to let the same vests.

(3) On failure to recover any sum due on account of such tax from the person primarily liable, there may be recovered from the occupier of any part of the buildings or lands in respect of which the tax is due such portion of the sum due as bears to the whole amount due the same ratio which the rent annually payable by such occupier bears to the aggregate amount of rent so payable in respect of the whole of the said buildings or lands, or to the aggregate amount of the letting value thereof, if any, stated in the authenticated assessment list.

(4) An occupier who makes any payment for which he is not primarily liable under this section shall, in the absence of any contract to the contrary, be entitled to be reimbursed by the person primarily liable for the payment, and, if so entitled, may deduct the amount so paid from the amount of any rent from time to time becoming due from him to such person.

Assessment List.

Assessment list.

66. When a tax on the annual value of buildings or lands or both is imposed, the Cantonment Authority shall cause an assessment list of all buildings or lands in the cantonment, or of both, as the case may be, to be prepared in such form as the Local Government may by rule prescribe.

Publication of assessment list.

67. When the assessment list has been prepared, the Cantonment Authority shall give public notice thereof, and of the place where the list or a copy thereof may be inspected, and every person claiming to be the owner, lessee or occupier of any property included in the list, and any authorised agent of such person, shall be at liberty to inspect the list and to make extracts therefrom free of charge.

Revision of assessment list.

68. (1) The Cantonment Authority shall, at the same time, give public notice of a date, not less than one month thereafter, when it will proceed to consider the valuations and assessments entered in the assessment list, and, in all cases in which any property is for the first time assessed or the assessment is increased, it shall also give written notice thereof to the owner and to any lessee or occupier of the property.

(2) Any objection to a valuation or assessment shall be made in writing to the Cantonment Authority before the date fixed in the notice, and shall state in what respect the valuation or assessment is disputed, and all objections so made shall be recorded in a register to be kept for the purpose by the Cantonment Authority.

(3) The objections shall be inquired into and investigated, and the persons making them shall be allowed an opportunity of being heard either in person or by authorised agent, by an Assessment Committee appointed by the Cantonment Authority.

(4) The Assessment Committee shall consist of not less than three persons, and, where there is a Board, it shall not be necessary to appoint to the Assessment Committee any member thereof.

Authentication of assessment list.

69. (1) When all objections made under section 68 have been disposed of, and the revision of the valuation and assessment has been completed, the assessment list shall be authenticated by the signature of the members of the Assessment Committee who shall, at the same time, certify that they have considered all objections duly made and have amended the list so far as is required by their decisions on such objections.

(2) The assessment list so authenticated shall be deposited in the office of the Cantonment Authority, and shall there be open, free of charge, during office hours to all owners, lessees and occupiers of property comprised therein or the authorised agents of such persons, and a public notice that it is so open shall forthwith be published.

Evidential value
of assessment list.

70. Subject to such alterations as may thereafter be made in the assessment list under the provisions of this Chapter and to the result of any appeal made thereunder, the entries in the assessment list authenticated and deposited as provided in section 69 shall be accepted as conclusive evidence—

- (i) for the purpose of assessing any tax imposed under this Act, of the annual value or other valuation of all buildings and lands to which such entries respectively refer, and
- (ii) for the purposes of any tax imposed on buildings or lands, of the amount of each such tax leviable thereon during the year to which such list relates.

Amendment of
assessment list.

71. (1) The Cantonment Authority may, at any time, amend the assessment list by inserting the name of any person whose name ought to have been or ought to be inserted, or by inserting any property which ought to have been or ought to be inserted, or by altering the assessment on any property which has been erroneously valued or assessed through fraud, accident or mistake, whether on the part of the Cantonment Authority or of the Assessment Committee or of the assessee, or, in the case of a tax payable by an occupier, by a change in the tenancy, after giving notice to any person affected by the amendment of a time not less than one month from the date of service, at which the amendment is to be made:

Provided that no person shall by reason of any such amendment become liable to pay any tax or increase of tax in respect of any period prior to the commencement of the financial year in which the amendment is made.

(2) Any person interested in any such amendment may tender an objection to the Cantonment Authority in writing before the time fixed in the notice, and shall be allowed an opportunity of being heard in support of the same in person or by authorised agent.

Preparation of
new assessment
list.

72. The Cantonment Authority shall prepare a new assessment list at least once in every three years, and for this purpose the provisions of sections 66 to 71 shall apply in like manner as they apply for the purpose of the preparation of an assessment list for the first time.

Notice of trans-
fers.

73. (1) Whenever the title of any person primarily liable for the payment of a tax on the annual value of any building or land to or over such building or land is transferred, the person whose title is transferred and the person to whom the same is transferred shall, within three months after the execution of the instrument of transfer or after its registration, if it is registered, or after the transfer is effected, if no instrument is executed, give notice of such transfer to the Executive Officer.

(2) In the event of the death of any person primarily liable as aforesaid, the person on whom the title of the deceased devolves shall give notice of such devolution to the Executive Officer within six months from the death of the deceased.

(3) The notice to be given under this section shall be in such form as the Executive Officer may direct, and the transferee or other person on whom the title devolves shall, if so required, be bound to produce before the Executive Officer any documents evidencing the transfer or devolution.

(4) Every person who makes a transfer as aforesaid without giving such notice to the Executive Officer shall continue liable for the payment of all taxes assessed on the property transferred until he gives notice or until the transfer has been recorded in the registers of the Cantonment Authority, but nothing in this section shall be held to affect the liability of the transferee for the payment of the said tax.

Notice of erec-
tion of buildings.

74. (1) If any building is erected or re-erected within the meaning of section 179, the owner shall give notice thereof to the Executive Officer within thirty days from the date of its completion or occupation, whichever is earlier.

(2) Any person failing to give the notice required by subsection (1) shall be punishable with fine which may extend to fifty rupees or ten times the amount of the tax payable on the said building, as erected or re-erected, as the case may be, in respect of a period of three months, whichever is greater.

Remission and Refund.

Demolition, etc.,
of buildings.

75. If any building is wholly or partly demolished or destroyed or otherwise deprived of value, the Cantonment Authority may, on the application of the owner, remit or refund such portion of the tax payable thereon as it thinks fit.

Remission of
tax.

76. In a cantonment other than a hill cantonment, when any building or land has remained vacant and unproductive of rent for ninety or more consecutive days during any year, the Cantonment Authority shall remit or refund, as the case may be, such portion of the tax payable thereon in respect of that year as may be proportionate to the number of days during which the said building or land has remained vacant and unproductive of rent.

Power to
require entry
assessment list
details of build-
ing.

77. For the purpose of obtaining a partial remission or refund of tax, the owner of a building composed of separate tenements may request the Cantonment Authority, at the time of the assessment of the building, to enter in the assessment list, in addition to the annual value of the whole building, a note recording in detail the annual value of each separate tenement. When any tenement, the annual value of which has been thus separately recorded, has remained vacant and unproductive of rent for ninety or more consecutive days during any year, such portion of the tax payable in respect of that year on the whole building shall be remitted or refunded as would have been remitted or refunded if the tenement had been separately assessed :

Provided that no such remission shall be made unless notice in writing of the circumstances in which it is claimed has been given to the Cantonment Authority, and no remission or refund shall take effect in respect of any period commencing more than fifteen days before the delivery of such notice.

What build-
ings, etc., are to
be deemed vacant.

78. (1) For the purposes of sections 76 and 77 no building tenement or land shall be deemed vacant if maintained as a pleasure resort or town or country house, or be deemed unproductive of rent if let to a tenant who has a continuing right of occupation thereof, whether he is in the actual occupation or not.

(2) The burden of proving all facts entitling any person to claim relief under section 75, or section 76, or section 77, shall be upon him.

(2) Any owner failing to give the notice required by subsection (1) shall be punishable with fine which shall not be less than twice the amount of the tax payable on such building, tenement or land in respect of the period during which it has been re-occupied and which may extend to fifty rupees, or to ten times the amount of the said tax, whichever sum is greater.

Octroi, Terminal Tax and Toll.

Inspection of
imported goods,
etc.

81. Every person bringing or receiving any goods, vehicles or animals within the limits of any cantonment in which octroi or terminal tax or toll is leviable, shall, when so required by an officer duly authorised by the Cantonment Authority in this behalf, so far as may be necessary for ascertaining the amount of tax chargeable—

(2) In case of non-payment of any octroi or terminal tax or toll on demand, the officer empowered to collect the same may seize any goods, vehicles or animals on which the octroi, terminal tax or toll is chargeable or any part or number thereof which is of sufficient value to satisfy the demand.

(3) The Cantonment Authority, after the lapse of five days from the seizure, and after the issue of a notice in writing to the person in whose possession the goods, vehicles or animals were at the time of seizure, fixing the time and place of sale, may cause the property so seized, or so much thereof as may be necessary, to be sold by auction to satisfy the demand and any expenses occasioned by the seizure, custody and sale thereof, unless the demand and expenses are in the meantime paid:

Provided that the Executive Officer may, in any case, order that any article of a perishable nature which cannot be kept for five days without serious risk of damage, or which cannot be kept save at a cost which, together with the amount of octroi, terminal tax or toll is likely to exceed its value, shall be sold after the lapse of such shorter time as he may, having regard to the nature of the article, think proper.

(4) If at any time before the sale has begun, the person whose property has been seized tenders to the Executive Officer the amount of all expenses incurred and of the octroi, terminal tax or toll, the Executive Officer shall release the property seized.

(5) The surplus, if any, of the sale-proceeds shall be credited to the cantonment fund, and shall, on application made to the Cantonment Authority within one year after the sale, be paid to the person in whose possession the property was at the time of seizure, and, if no such application is made, shall be the property of the Cantonment Authority.

It shall be lawful for the Cantonment Authority, with the previous sanction of the Officer Commanding the District, to lease the collection of any octroi, terminal tax or toll for any period not exceeding one year; and the lessee and all persons employed by him in the management and collection of the octroi, terminal tax or toll shall, in respect thereof,—

(a) be bound by any orders made by the Cantonment Authority for their guidance;

(b) have such powers exercisable by officers or servants of the Cantonment Authority under this Act as the Cantonment Authority may confer upon them; and

- (c) be entitled to the same remedies and be subject to the same responsibilities as if they were employed by the Cantonment Authority for the management and collection of the octroi, terminal tax or toll, as the case may be :

Provided that no article distrained may be sold except under the orders of the Cantonment Authority.

Appeals.

Appeals against assessment.

34. (1) An appeal against the assessment or levy of, or against the refusal to refund, any tax under this Act shall lie to the District Magistrate or to such other officer as may be empowered by the Local Government in this behalf :

Provided that, where there is a Board and the person to whom the appeal would ordinarily lie is, or was when the tax was imposed, a member of the Board, the appeal shall lie to the Commissioner of the Division, or, in a province where there are no Commissioners, to the District Judge.

(3) On a reference being made under sub-section (2), the subsequent proceedings in the case shall be, as nearly as may be, in conformity with the rules relating to references to the High Court contained in Order XLVI of the First Schedule to the Code of Civil Procedure, 1908.

Conditions of right to appeal.

37. No appeal shall be heard or determined under this Chapter unless—

- (a) the appeal is, in the case of a tax assessed on the annual value of buildings or lands or both, brought within thirty days next after the date of the authentication of the assessment list under section 69 (exclusive of the time requisite for obtaining a copy of the relevant entries therein), or, as the case may be, within thirty days of the date on which an amendment is finally made under section 71, and, in the case of any other tax, within thirty days next after the date of the receipt of the notice of assessment or of alteration of assessment or, if no notice has been given, within thirty days next after the date of the presentation of the first bill in respect thereof :

Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this section if the appellant satisfies the Court before whom the appeal is preferred that he had sufficient cause for not preferring it within that period :

- (b) the amount, if any, in dispute in the appeal has been deposited by the appellant in the office of the Cantonment Authority.

(2) For every notice of demand which the Executive Officer causes to be served on any person under this section, a fee of such amount, not exceeding one rupee, as shall in each case be fixed by the Executive Officer, shall be payable by the said person and shall be included in the costs of recovery.

Recovery of tax.

91. (1) If the person liable for the payment of any tax does not, within thirty days from the service of the notice of demand, pay the amount due, or show sufficient cause for non-payment of the same to the satisfaction of the Executive Officer, such sum, with all costs of recovery, may be recovered under a warrant, issued in the form set forth in Schedule II, by distress and sale of the moveable property of the defaulter :

(b) the distress shall not be excessive, that is to say, the property distrained shall be as nearly as possible equal in value to the amount recoverable under the warrant, and if any property has been distrained which, in the opinion of the Executive Officer, should not have been distrained it shall forthwith be returned.

(2) The person charged with the execution of a warrant of distress shall forthwith make an inventory of the property which he seizes under such warrant, and shall, at the same time, give a written notice in the form set forth in Schedule III to the person in possession thereof at the time of seizure that the said property will be sold as therein mentioned.

Disposal of dis-
trained property.

94. (1) When the property seized is subject to speedy and natural decay, or when the expense of keeping it in custody is, when added to the amount to be recovered, likely to exceed its value, the Executive Officer shall give notice to the person in whose possession the property was at the time of seizure that it will be sold at once, and shall sell it accordingly by public auction unless the amount mentioned in the warrant is forthwith paid.

(2) If the warrant is not in the meantime suspended by the Executive Officer, or discharged, the property seized shall, after the expiry of the period named in the notice served under subsection (2) of section 93, be sold by public auction by order of the Executive Officer.

(2) If, on the service of such bill, such person does not forthwith pay the sum so due or about to become due, the amount shall be leviable by distress and sale in the manner hereinbefore provided in this Chapter, except that it shall not be necessary to serve upon the defaulter any notice of demand and the warrant for distress and sale may be issued and executed without any delay.

Power to in-
stitute suit for
recovery.

96. Instead of proceeding against a defaulter by distress and sale as hereinbefore provided in this Chapter, or after a defaulter has been so proceeded against unsuccessfully or with only partial success, any sum due or the balance of any sum due, as the case may be, from such defaulter on account of a tax may be recovered from him by a suit in any Court of competent jurisdiction.

STATEMENT OF OBJECTS AND REASONS.

The law relating to criminal tribes has to be collected from five Acts of the Legislature. The original Act, the Criminal Tribes Act, 1911, has been amended on four occasions, and an additional difficulty arises from the fact that some of the amendments were made in Schedules to other Acts. The present Bill, which is, save for one slight alteration, purely a consolidating measure, brings the law together in the compass of one enactment. The alteration referred to is the substitution in clause 14 of the word "who" for the word "which." This is necessitated by the fact that, since the enactment of the amending Act, I of 1923, individual members of a criminal tribe may be restricted to an area or settled in a place of residence.

RESOLUTION ON THE REPORT OF THE DEPARTMENT OF FISHERIES, BENGAL, FOR THE YEAR ENDING 31st MARCH 1923.

GOVERNMENT OF BENGAL.

AGRICULTURE AND INDUSTRIES DEPARTMENT.

Fisheries.

CALCUTTA, THE 25TH FEBRUARY 1924.

RESOLUTION—No. 853.

READ—

The Report of the Department of Fisheries, Bengal, for the year ending 31st March 1923.

Minister in charge: The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.

The report concludes with the remark that it will probably be "the last report of the Fishery Department in its present form." This anticipation has proved correct, for the Department of Fisheries has been abolished since the middle of the year 1923 as a result of the recommendations of the Bengal Retrenchment Committee. To the end with its exiguous staff it continued

to do substantially good work as this report will show, but it remains nevertheless true that without an expert head and a much larger organisation it could not be expected to make much impression on the problems presented by the fisheries of the province. It was therefore decided to close the department for the present at least, to preserve the records of its work carefully and to prepare a scheme for a more suitable and more effective organisation in the hope that when the finances of the province improve it will be possible to take up the work where it has been set down and to pursue with it greater promise of more comprehensive and important results.

2. The depletion of the superior staff noticed in the previous years' reports was not remedied, and the temporary arrangement under which the Director of Agriculture was placed in charge of the department pending the appointment of a permanent Director continued.

3. Important work during the year was the confirmation of the previous observation that the carp (*Rahu*, *Katla* and *Mirgal*) breeds in certain bundhs in West Bengal and Chota Nagpur. The breeding commences with the onset of heavy monsoon rain. Another important discovery is that the *jatka* fish well known in East Bengal, where it is caught in large quantities in the early part of the year, is the young of the *hilsa*. The identification was made by Mr. C. Tate Regan of the British Museum. With this discovery the possibility of the artificial culture of *hilsa* becomes much nearer realization.

4. Experiments in the artificial culture of mussels in tanks did not show much progress. The investigation into the mosquito larvæ-eating species of fish was continued and a consignment of such fish was supplied to the Anti-malarial Officer attached to the British Station Hospital at Rawalpindi.

5. Propaganda work among fishermen had increasing effect, and as a result it is gratifying to notice that fishermen are taking more interest in the practical education of their children. In the Dacca district there are ten schools for the children of fishermen. Among them the most noteworthy is the Rohitpur school where, in addition to ordinary lessons in reading, writing and arithmetic, the boys are taught the elements of pisciculture, fish curing, net repairing, boat-making and boat-repairing. In the district of Faridpur there are two primary schools for the children of fishermen.

6. Considerable progress was made during the year under review in the organisation of fishery co-operative societies. During the year five fishery societies were registered against two in the previous year. The total number of such societies was 54 at the end of the year.

7. The two fishery companies of Madaripur subdivision mentioned in the last year's report have survived the year under review, and the Hon'ble Minister notices with satisfaction the fact that they have been able to get into working order with some prospects of success. Another company "The Faridpur Agricultural and Industrial Association, Limited," was started in that district during the year. The object of the Company is to carry on agriculture on improved methods, to raise poultry and live-stock and to rear fish in tanks. It remains to be seen if this Company will succeed in settling down to work.

8. During the carp season of the year under review 513,000 selected fry were supplied to the public by the department, 304,000 in Bengal and 209,000 in Bihar and Orissa, against the total of 690,000 in 1921-22. The unsteady nature of the monsoon was responsible for a falling off in the supply. One notable feature of the last year's work was the despatch of a consignment of fry to Port Blair for stocking certain tanks in the Andamans.

9. The statistics of fish imported into Calcutta during the year under review show imports of 435,194 maunds as compared with 417,684 maunds in the preceding year. This has exceeded all past records, but the supply appears to be still far short of the demand, a fact which points to the importance of re-establishing an effective Fishery Department when funds permit.

10. During the last years of its existence the Fishery Department has been unfortunate in not having an expert Director with a special knowledge of fisheries. Although the Director of Agriculture, who was in executive charge of the department, carried out the work on the lines laid down by Mr. Southwell, the late Director of Fisheries, it is obvious that he could not be expected to produce the results which a specialist could have hoped to produce. His main occupation was in the Agriculture Department and his special knowledge and training did not concern fisheries.

11. The Hon'ble Minister has much pleasure in acknowledging the services of Mr. G. Evans and Mr. R. S. Finlow who held charge of the department in addition to their own duties as Director of Agriculture, Bengal. The names of the subordinate officers of the department specially mentioned in the report are also noted with pleasure.

**RESOLUTION ON THE REPORT OF THE DIRECTOR OF PUBLIC HEALTH,
THE SANITARY BOARD AND THE CHIEF ENGINEER, PUBLIC HEALTH
DEPARTMENT, FOR THE YEAR 1922.**

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Public Health.

CALCUTTA, THE 1ST MARCH 1924.

RESOLUTION—No. 401P.H.

READ—

The Report of the Director of Public Health, the Sanitary Board and the Chief Engineer, Public Health Department, for the year 1922.

1. Public Health.—(Statistical, Epidemiological and General Public Health Administration.)

Population.—For the purposes of this review the total population of Bengal, excluding the Chittagong Hill Tracts, is taken as 46,522,293 (1921 Census).

2. Birth-rate and Death-rate.—In 1922, the total number of births recorded in Bengal was 1,275,614 against 1,301,001 in the preceding year, while the number of recorded deaths fell from 1,403,031 in 1921 to 1, 73,246 in 1922.

The provincial birth-rate in 1922 was 27·4 per mille as compared with 28·0 in 1921 and the quinquennial average of 30·2. The birth-rate of 1922 was the lowest since the year 1892, the first year of general birth registration throughout Bengal. Only one other province in India, viz., the North-West Frontier Province, recorded a lower birth-rate (23·7 per mille) during the year. The birth-rate of Bengal for 1922 was 2·1 per cent. below that of 1921 and 12·5 per cent. below the average of the previous ten years. The Director of Public Health has pointed out that the trend of the birth-rate has been going down steadily during the last sixteen years, and he is of opinion that "the declining birth-rate is suggestive of pressure on subsistence resulting from the growth of population outstripping that of production." An important factor contributing to the lowering of the birth-rate in Bengal is the large influx of the surplus population of other provinces which materially affects the economic life of the local population. In this connection the Director of Public Health makes the following observations :—

"For many years past, Bengal has been accommodating a portion of the surplus population of a number of other provinces. The influx of large numbers of these people into a country, much of which is already more densely crowded than any other rural tract in the world, must serve as an effective check to the growth of the indigenous population".

There are other contributory factors at work, such, for example, as the gradual postponement of marriage to a later age, but the Director of Public Health is of opinion that economic conditions are the main cause of the declining birth-rate and that the serious depression through which the country has been passing since the middle of 1918 is primarily responsible for the great diminution of births which has followed and which has been specially marked in the year under report.

The provincial death-rate in 1922 was 25·2 per mille as compared with 30·1 in 1921, the quinquennial average being 31·3 per mille. The death-rate of 1922 was lower than that of any year since 1890. The Director of Public

Health points out that the low death-rate, while partly due to improved economic conditions resulting from the relatively favourable harvest of 1921-22, was largely due to the natural reaction following upon the excessive mortality and the low birth-rates of the previous years. In fact the year 1922 was generally noticeable for low death-rates throughout India. Of the other provinces only two, viz., Assam and North-West Frontier Provinces, recorded a death-rate higher than Bengal. As was pointed out last year, it is the rate of natural increase (of births over deaths) and not the death-rate alone which affords the best evidence of a country's health, and judged by this standard Bengal compared very unfavourably with most of the other provinces, two only, viz., Assam and the North-West Frontier Province, showing a small rate of increase.

Comparing the divisional birth-rates of the last few years it is observed that while there was an improvement in the Burdwan and Presidency Divisions, a considerable diminution of births occurred in the other three divisions. The divisions which show a reduced birth-rate are those specially interested in the cultivation of jute, and in the opinion of the Director of Public Health the relatively low price obtained by the cultivator for this commodity during the period from 1919 to 1921 has had an unfavourable influence on the birth-rate of all the jute-growing districts.

The Director of Public Health has drawn attention to the interesting fact that contrary to the general belief, mortality goes down when prices go up, and that *vice versa*, mortality rises as prices fall, and he explains that the agriculturist benefits most when he can obtain a reasonable return for the produce he has to sell:

"It will be seen that prices underwent a very sudden fall of over 3 per cent. between the summer of 1920 and the cold weather of 1920-21, and that this change was accompanied by a very great relative rise in mortality. On the other hand, the seasonal change in the price level in 1922 was only about 15 per cent.; in other words, prices were much more stable in the latter year; and co-incidentally with this the corresponding fluctuations of mortality were far smaller than in the former year. The most favourable condition for all classes of the population appears to be when prices are neither unduly high nor unduly low but remain at a more or less stable or fixed position, whereas if they fluctuate widely it is merely the small class of middlemen and speculators who benefit at the expense of both the consumer and the producer; and the alternating periods of relative prosperity and economic stress that result are reflected in the oscillations that occur in the birth and death-rate of the community as a whole."

3. Infant mortality.—In 1922, 239,451 infants died under the age of one year, as compared with 268,162 during the preceding year, the total mortality showing a net reduction of 11.1 per cent. The rate of infant mortality declined from 206 per mille in 1921 to 188 per mille in 1922. An examination of the figures of infant mortality at different age periods reveals the interesting phenomenon that while deaths of infants under one month and under six months actually increased by 5.1 and .5 per cent., the mortality of infants between the ages of 6 and 12 months showed a large reduction (33.8 per cent.). In the opinion of the Director of Public Health the small increase of mortality in 1922 among infants aged one to six months and the greater increase among infants below one month is the direct consequence of the increasing number of births that took place in the later months of the year. A healthy year generally keeps down mortality among grown up infants, while improved economic conditions which follow in its wake help to promote the birth-rate. As births increase, however, the mortality of children under one month also increases under existing conditions.

In 1922 only 2,567 deaths from child births were reported, but the figure is obviously unreliable, and the Director of Public Health estimates that maternal causes must have been responsible for the death of about 45,000 mothers in Bengal.

As the Director of Public Health has pointed out, with few exceptions the death of a mother during child-birth or shortly afterwards leads also to the death of her child, and it is obvious therefore that there is a great scope in Bengal for work in the sphere of maternal and infant welfare.

As noticed last year, infant and maternal welfare centres have been doing good work for some time in Calcutta and Dacca. A scheme was inaugurated during the year for the training of indigenous village *dais*, and the Minister is glad to learn that several district boards have arranged to start training centres for this purpose. The Asansol Mines Board of Health have set a good example by employing a small number of trained midwives with considerable success, and it is reported that an increasing number of trained midwives have settled down to private practice within the mining area.

The Minister for Local Self-Government hopes that the widespread interest which has recently been aroused in the subject of maternity and child-welfare throughout the province as the result of the National Baby Week Exhibition held under the initiative of Her Excellency the Countess of Lytton will lead to a systematic organization being formed in every district for the training of *dais*, for the education of mothers, and for the formation of baby clinics and maternity welfare centres.

4. Child mortality.—Referring to the older children the Director of Public Health has drawn attention to the fact that over 25 per cent. of the total mortality of the province was made up of child deaths as distinguished from infant deaths, and that the aggregate loss of life among children between the ages of one and 15 years is much greater than that of infants.

It is evident that a serious loss is being occasioned to the community by the deaths of so many young children, and the Minister for Local Self-Government is convinced that vigorous efforts must be made to reduce this evil.

In this connection the Minister lays great stress on the value of school hygiene work and is glad to note that work in connection with school hygiene was continued throughout the year and that a systematic inspection of schools and school children is now proceeding in a number of municipalities under the supervision of an Assistant Director of Public Health and a small staff of assistants specially deputed for the purpose. The Director of Public Health reports that of the total number of boys examined no less than 55 per cent. showed physical defects. The Minister hopes that increasing attention will be paid to the health of the school-going population on whom the future prosperity of the province so largely depends.

5. Registration of Births and Deaths.—The Director of Public Health has again drawn attention to the continued neglect by municipal authorities in administering the law in regard to birth and death registration. In many towns the machinery of registration is still very defective, and incredibly low figures continue to be reported. In 1922, 71 towns out of 117 returned birth-rates below 20 per mille, while in ten towns the rate was lower than 10 per mille. Dinajpur and Suri reported figures as low as 4·9 and 5·5 per mille, respectively.

In the opinion of the Director of Public Health even in the best of years the healthiest town in Bengal has a death-rate not much below 30 per mille. In 1922, however, 78 towns reported death-rates below 20 per mille, while in 12 towns the recorded death-rate was even lower than 10 per mille, Suri and Garulia returning the absurdly low figures of 4·5 and 4·7 per mille respectively.

The importance of the maintenance of an accurate record of vital statistics for the purposes of public health administration was emphasized in last year's resolution, and the Minister for Local Self-Government once more desires to draw the attention of municipal authorities to the urgent need for an improvement in this direction.

The continued neglect of birth registration in towns is an obstacle to infant and maternal welfare work and reveals the urgent necessity for the appointment of responsible officers as registrars of births and deaths in municipal areas.

6. Cholera.—The mortality from cholera was 51,712 in 1922 as compared with 80,547 in 1921, giving a death-rate of 1·1 against 1·7 per mille of the population. It is satisfactory to note that the prevalence of the disease is on the decline, and the Minister is glad to learn that the local bodies and

the general public are beginning to realize that cholera is essentially a preventible disease which can be properly controlled by the adoption of effective sanitary measures. The provision of an adequate and pure water-supply in rural and urban areas is obviously of primary importance in this connection. At the same time the Director of Public Health lays very great stress on the importance of taking preventive measures and of starting an anti-cholera campaign on organized lines in order to check the spread of the disease. As successful examples of measures of this kind he refers to the effective steps taken by the District Board of the 24-Parganas to prevent the occurrence of cholera at the last Ganga Saugor Mela, and the strenuous efforts made by the District Boards of Bogra, Rajshahi and Pabna, assisted by large bands of voluntary workers, for the prevention of cholera in areas which suffered from devastating floods in the latter part of the year. Enquiries made by the Director of Public Health have revealed that there are special centres of infection in various parts of Bengal, and that there are grounds for believing that cholera infection is often spread along lines of communication from other provinces. As he has pointed out, it is within the power of municipalities and district boards in Bengal to reduce cholera mortality to a minimum at a very small expenditure. The experience gained in anti-cholera work in several districts has shown that a reduction in cholera mortality is almost automatically brought about by the appointment of a trained sanitary staff, and the Director of Public Health is confident that not only would cholera mortality be almost entirely checked if a small trained staff were provided for every thana in the province, but that many other diseases of a like infectious nature would also eventually be brought under control as a result of the establishment of an organization of this kind in each district under the direct supervision of the District Health Officer. The Minister for Local Self-Government trusts that this suggestion will meet with careful consideration on the part of local bodies.

7. Small-pox.—In 1922 the mortality from small-pox remained comparatively low, being 7,864 as compared with 8,157 in 1921, 36,190 in 1920 and 37,010 in 1919. This periodic decline may be followed in the near future by a recrudescence of the disease, and the Director of Public Health draws the attention of the local bodies to the need for carrying out vaccination measures specially in areas where the infection appears to be localized.

The total number of vaccinations reported in 1922-23 was 2,006,140 as compared with 1,761,626 in 1921-22. Of the total operations, 1,526,385 were recorded as primary and 479,755 as re-vaccinations, against 1,266,551 primary and 495,075 re-vaccinations during the year 1921-22. There was thus during the year 1922-23 an increase of 20·5 per cent. in primary and a decrease of 3·02 per cent. in re-vaccination operations.

During 1922-23 out of 998,829 infants requiring vaccination 290,172 or 290·4 per mille were reported to have been successfully vaccinated in the rural areas, as compared with 271·735 or 269·11 per mille during the previous year. In nine districts, including Calcutta, the protection was said to have been over 500 per mille. In municipal areas 553·3 per mille of the surviving infants were protected in 1922-23 against 627·5 per mille during the previous year.

Free vaccination has now been introduced all over the Presidency, but for want of funds most of the local bodies were unable to appoint an adequate staff of paid vaccinators. In several districts, licensed vaccinators were also employed, while some district boards employed paid vaccinators only for short periods. In the district of Dacca, some of the union boards undertook to provide free vaccination and employed a few paid vaccinators. In 1922-23 Government made a total grant of Rs. 25,000 to district boards for free vaccination.

The Minister desires to call the attention of all local authorities to the likelihood pointed out by the Director of Public Health of a recrudescence of small-pox epidemic in the province in the course of the next 12 or 18 months and trusts that all early cases of small-pox will be carefully watched and that every effort will be made to check the spread of infection by the efficient vaccination of all contacts.

8. **Fever.**—In 1922 the mortality from fever was 885,268 as compared with 1,070,368 in 1921, the death-rate falling to 19·0 per mille, against 23·0 per mille in previous year and the quinquennial average of 24·4 per mille. As usual, deaths from fever represented about 76 per cent. of the total mortality. The reduced fever mortality of 1922 was largely influenced by the improved conditions existing in the post-monsoon period of 1921.

(a) **Malaria.**—Of the febrile diseases, malaria continues to be the most important, the recorded mortality from malarial fever in 1922 being 11·6 per mille against 15·8 per mille in the preceding year. The actual rate of death from malarious fever per mille of population has declined in every districts of the Presidency. But although the number of deaths has shown a decline, sickness has not diminished and a comparison of the mean fever indices for the period of 1920-22 with that in 1912 shows a very large increase in the prevalence of malarial fever in all parts of the Presidency. The classification of mortality returns under the different kinds of fever is still far from accurate, and the recorded malarial death-rate is vitiated in many instances by the inclusion of figures of mortality from pneumonia, tuberculosis, enteric fever, kala-azar and other febrile diseases. The Director of Public Health estimates that "ordinarily, malaria appears to be the direct or indirect cause of from 20 to 33 per cent of the reported fever deaths."

If to the death-rate caused by malaria be added the physical degeneration of the people among whom it is prevalent, the imperative necessity for a vigorous anti-malarial campaign and for utilising all the available resources of the community for fighting the disease becomes apparent.

The Minister therefore lays great stress on the local bodies initiating the policy of enlisting the services of all the social service organizations in this cause, and in particular of the Central Co-operative Anti-malaria Society, Limited, whose work has been rousing the dormant energies of the rural population and organizing them for taking effective measure not only against malaria but kala-azar and other diseases which present such a menace to the rural population. Government (Ministry of Local Self-Government) will give every possible support to the work of this important organization. The Minister also desires in this connection to impress upon district boards the urgent necessity of organizing the rural population of the province into union boards, so that they may be furnished with an effective machinery for fighting disease by taking preventive measures generally and in particular by providing adequate sources of drinking water supply and maintaining the existing water-supply against pollution.

The Director of Public Health lays great stress on a sufficient use of quinine against malaria for both preventive and curative purposes, and mentions the significant fact that the districts which appear to be least malarious consumed by far the largest proportion of quinine.

Investigations made by the Director of Public Health lead to the conclusion that interference with the natural flow of water across country from field to field, obstruction or silting up of water-courses and any condition which seriously diminishes the supply of water and promotes stagnation either on the surface of the land or in the beds of streams and drainage channels lead to a local increase of malaria. Increase of malaria in parts of Eastern Bengal, which until recently were comparatively free from malaria, is directly attributed to the haphazard construction of embankments which restrict the natural flow of water. On the other hand, experiments made by the Public Health Department in several areas of intense malaria infection, which aim at the restoration of the natural flow of water in stagnant channels and the flushing out of drains, ditches and insanitary tanks, have been attended with successful results, and have definitely led to a reduction in the prevalence of malaria. Reference was made last year to the good results obtained from experiments carried on in the colliery area (Singaran-Toposi) and at Meenglas in the Duars, and to the effect of the Banka Valley scheme in reducing the spleen index in adjacent villages and improving local agricultural conditions. A "flood and flush" scheme was carried out at Jangipur, and the results recorded so far show that there has been a general improvement in the health of the town. A portion of the bed of the Saraswati river has been re-excavated in recent years, and the restoration of the flow in the

channel has had the effect of improving the health of the adjacent villages. There has also been a great diminution of malaria at Kumarkhali where a small scheme has been carried out for flushing out the drains, ditches and hollows in and about the town with an abundant supply of water from the river. The Minister reiterates the policy laid down last year with regard to measures for the abatement of malaria and trusts that local bodies will show their readiness in undertaking projects which aim at the removal of restrictions on natural inundation, the flushing out of swampy areas which breed anopheles, and the general improvement of agriculture.

(b) **Kala-azar.**—The kala-azar survey has been carried out in 13 districts, and up to the present, 23 per cent. of the villages examined have been found infected with kala-azar. The enquiry has served to stimulate general interest in kala-azar, and about 300 medical officers practising in the rural areas have been trained in the diagnosis and treatment of the disease. As a result of this the number of cases of kala-azar admitted into hospitals and dispensaries in Bengal has risen from a total of 4,300 in 1919 to over 18,000 in 1922, which represents an increase of over 70 per cent. on the last year's figures. The Director of Public Health estimates that when investigations have been completed in all parts of Bengal the average incidence of the disease may be found to be as high as in Assam, viz., 2·8 per mille of the total population, which represents roughly 130,000 cases of kala-azar in Bengal. He also refers to pockets of intensive kala-azar infection. The Minister lays very great importance on stamping out this disease in as short a time as possible. As an effective remedial measure has been found, this can be easily effected if a sufficient number of medical men can be encouraged to take part in the work. The Minister is of opinion that the scheme for encouraging medical officers on the subsidy system adopted by the Central Co-operative Anti-malaria Society offers the most economical and efficient method for fighting this disease.

Government (Ministry of Local Self-Government) have in a recent resolution outlined the general line of an effective plan of campaign against kala-azar and have also made substantial grants to district boards towards anti-kala-azar work.

Sanitary Engineering.—A number of municipal water-supply, drainage and sewerage schemes were prepared by the Chief Engineer, Public Health Department. Seven water-works and two sewerage schemes were under construction during the year. Some sanitary works were also carried out on behalf of the Public Works Department at the Bengal Engineering College, Sibpur, and the Kurseong water-supply project was completed. The total capital expenditure on water-supply was Rs. 4,23,601, and the total expenditure on municipal drainage works amounted to Rs. 6,22,015 in 1922. There was no improvement in the general financial position of Government or of the local bodies, and the progress with the execution of sanitary engineering schemes was in consequence hampered.

In 1921 Government (Ministry of Local Self-Government) appointed a committee to enquire into the question of the water-supply of the riparian municipalities on the east bank of the river Hooghly. The committee submitted their report in 1922, and recommended the adoption of cheaper water-supply schemes, based on tube-wells, for the towns lying to the north of Calcutta. Several schemes have accordingly been prepared by the Chief Engineer, Public Health Department, and it is expected that, as soon as funds are available, some at any rate of these schemes will be undertaken by the municipalities concerned. A second committee was appointed during the year to enquire into the question of the water-supply of the municipalities on the west bank of the river, and their report is awaited. Enquiries are being made as to whether tube-wells will be found suitable as sources of water-supply in other municipal towns.

Tube-wells furnish a generally reliable and a comparatively inexpensive source of water-supply. The Minister accordingly hopes that chemical constituents of the water causing brackishness in isolated instances will not stand in the way of an extensive adoption of this method of water-supply, particularly by small municipalities which cannot afford a more expensive system of water-works.

Personal.—The Minister for Local Self-Government desires once more to record his appreciation of the very valuable work done by Dr. C. A. Bentley in his capacity as Director of Public Health, and of the efficient management of the engineering branch of the Public Health Department by the Chief Engineer, Mr. G. B. Williams, during the year under report. Dr. Bentley has presented the public health problems of the province with singular lucidity and has produced a report which will be of absorbing interest alike to sanitarians, medical men, and the general public. The interesting graphs which constitute a new feature in this year's report have considerably added to its value.

The Minister also desires to thank the other officers of the department whose services have been brought to the notice of Government. As the rousing of the sanitary conscience of the people is a most important factor in fighting disease, the Minister appreciates the services of Mr. K. P. Ray, publicity officer of the department of Public Health, and hopes that an improvement in the financial situation will make it possible to strengthen the publicity staff in the near future.

Thanks are also due to the Sanitary Board for advising on a number of sanitary schemes submitted by local bodies.

Among voluntary workers the names of Rai Bahadur Gopal Chandra Chatterjee, M.B., Secretary of the Central Co-operative Anti-malaria Society, Limited, and of Dr. D. N. Maitra, Secretary of the Bengal Social Service League, deserve prominent mention.

The Minister takes this opportunity of recording his thanks to both these gentlemen for their indefatigable services in the cause of public health in the province.

By order of the Government of Bengal,

Secretary to the Government of Bengal (offy.).
